Secrets Lorhainne Eckhart

"Jed always told me he'd take care of everything. And I believed him, I trusted him, I loved him."

From the author of Finding Love ~ The Outsider Series and the #1 kindle bestseller in westerns and romance series, THE FORGOTTEN CHILD, comes the sequel to The Awakening...

For Diana, Jed was the first man she trusted. He was the first man to show her what true love was. He was the father of her child, the one man she could always count on. Until one spring day Jed falls from the roof of the barn and Diana's world as she knows it begins to unravel.

Diana is forced to face two things, her husband's secrets and what if... there was no Jed.

Gail says

I had forgotten how much I like this series!! And this book...Yes, I got tears at one spot!!

I am now going to start the next book!! Happy reading...

Rita C says

The male protagonists Jed and Andy become completely unlikable in this book. I don't know why the author persists in having them act so stupidly. Jed is keeping major secrets from his wife and insisting that she not work. Andy is ignoring his wife and panting after his cousin's wife. Just ugh. Since both of their original books ended happily, it feels like she's having them act this way to manufacture drama. Not a fan.

donnamauldin says

Must

This is a must read. I read this book in a afternoon. It was so good that I could not put it down.

Joy says

Secrets: The Sequel to The Awakening (Finding Love ~ THE OUTSIDER SERIES)

With this heading I'm confused but egged on by a review on amazon and I'm looking for the rest of the book(s) in this series with some confusion. If this book, Secrets (The Outsider book #2) is the sequel to The Awakening (The Friessen Legacy book #4) then what is Finding Love (The Outsiders #1) the prequel to? You think you're confused?

Crossover is way too messy, it would have been less confusing to simply #4.5 this novella rather than spin it off into its own series.

Anyway... the book.

When I first spotted Western in the Finding Love #1 title on amazon it immediately brought to mind a setting of guns, shoot outs, cowboys, horses and ranches. Of course the brief blurb and one review on amazon tells it like it is so you can expect a similar setting to those used by Diana Palmer in her Tall Texan series. Western with a contemporary flavour or Contemporary Western fits better.

This is a first time read with this author so I have none of the back story as to why Andy hurt and lost Diana to Jed, it must have been a doozy but clearly it was for the best even though Andy doesn't know it...yet. He's one mixed up fella and I was rooting for his wife to leave his pitying arse. Sorry this story is not Andy's

although you get tantalising teasers of the tri-love that must have been Jed, Diana and Andy that unfolded in Finding Love #1 or was it The Awakening #4?

This is Diana and Jed's story and Jed's my kinda hero, too proud, too pigheaded, a man fighting his own demons yet determined to make a go of his life on his own terms until an accident hauls him up and forces him to examine if his pride is really worth the anguish he's putting himself and his family through. Jed is Diana's life and she's understandably emotional, beside herself with worry and she knows Jed is holding something back.

Jed reminded me of my father.

Dragged a little in places nonetheless it was a pretty solid read.

Debbie says

In this book Jed and Diana are faced with extraordinary challenges. Jed has been keeping secrets from Diana believing he could work everything out. Then the unthinkable happens and Diana not only learns of his secrets but has to cope with the situation on her own. It is not long before she learns she is not alone.

I read this book in one sitting and loved it. I have loved the entire series and will start the next book this afternoon.

Linda Zelinsky says

What an emotional story. A story about a woman who so loved her husband who would do anything to help him inspite of his self. Ted is a brought man, but his wife shows him what is the most important thing in his life. A tear jerker of a story, but an great read.

Sherry Vitaniemi says

Must read

Wow. You would think this was a true story. You feel every emotion reading this story. I will be reading it again.

Stephen Ashley says

The Pain Of Serious Injury

Sadly, a too short a story of a family struggling through life. One of the brothers has been injured, and how will this wife cope? Good writing, but I'm sought more.

April says

Not a great book

This book did not grab my attention. I actually had a hard time finishing this title. It made me wonder if this was one of the first books the author had written. It was not very detailed and lacked events to make you want to know more.

darlene. wilson says

Family Love

The parents, brothers and cousins in this large family all cared for each other and helped each other. Jed had to learn the hard way that help from his family didn't mean he couldn't take care of his family. During a crisis they all learned how great a close-knit family could be. Good Read.

Robin Morgan says

I received a free mobi.file [KINDLE] copy of this book for having subscribed to this author's newsletter and the following is my honest opinion for it.

As a Book Reviewer, who doesn't accept any requests to do reviews the bad thing about having gotten a book like this is that it's not only the fourth book in this series, it's my inability to return to read this entire intriguing family saga.

Any woman who's got a man like Jed knows she's now completely reliant on him to take care of her every need, from financial support to satisfying her in bed. And if he's stubborn about not accepting assistance from the other male members in his family who are rich, her admiration towards him increases proportionally, especially if she's given up her career as a lawyer to become a stay-at-home mom.

All is fine until misfortune raises its evil head, causing Diana's and Jed's relationship to be severely tested as secret after secret keep popping up, almost like trying to plug holes in a dam without enough equipment, after he gets injured falling off the barn. How can their relationship survive the gauntlet it's being forced to endure?

This author has done a marvelous job in creating the full range of emotions she wants her readers to get, as well as getting them to be sucked into this page turning novella, so they wind up reading it in one sitting, which I basically what I wound up doing. For this reason I'm giving Ms. Eckhart 5 STARS.
