Mady says

The stories are rather short and light, so I could read it in just a few days, while travelling on holidays :)
Definitely, a book for teens.

Jessica says

I loved these short stories by Meg Cabot. Some I had read before and others I did not know even existed. I loved "Reunion" a lot! The method of telling a story through emails is so unique and I am happy that there was one more story to read that way.
Definitely download this free book and enjoy a few minutes of classic Meg Cabot fun.

Reunion (Girls Night Out/2006): Being part of the Boy Series (and longest story in here), this was unsurprisingly my favourite from the bunch. I really liked the email style and hilarious communication between Jo and Mary. 3.5 stars

Back to School (Seventeen Magazin): A bit too short but with a very important and good message. 3 stars

You Rock, Jen Greenley (teen Magazin YM): This short story inspired Teen Idol which I read couple of years ago. The story itself was okay, again on the shorter side but not really something special. 2 stars

Girl's Guide to New York Through the Movies (Metropolis Found): More an article than a story. My least favourite piece. 1 stars

My Character (Storyquest UK/2007): Again very short. Didn't like the main character. 1.5 stars

Every Girl's Dream (teen Magazin YM): Belongs to the Mediator universe. Haven't read these but I liked the short story nonetheless. 2.5 stars
