It works!!! I gave 4 stars only because this spirit is known from other grimoires and are other shorter methods to work with him but still recommend this one, creating a spirit book was fun :)

I have the cash book following the instructions in this book. First, read the whole book, then follow instructions on making the cashbook.

I did the ritual for 11 days but not as conservatively as the book told me too because of my busy life. I asked for a specific amount not too big and not too small based on the type of money I had before. Recently I got a settlement check of the amount I exactly asked for.

Damon Brand's writing is very practical and easy to follow and understand. Damon Brand and other Gallery of Magick authors give down to earth information that is very easy to apply without redundant information. If you want to start practicing magick without any paraphernalia, read GOM books. You will be amazed at how practical and simple the magical rituals can be and takes less time.

#### **It really works! Thank you GOM!**

I've testing it for a while, just follow trough the instructions, have an strong desire and need in what you will use the money, visualize it, feel it. Do your thing in the world, something else you like and forget about it, it actually comes in unexpected ways.  
Thank you GOM.

Interesting book. Nitika is also mentioned in the 1970s classic by Geof Gray-Cobb called "Miracle of New Avatar Power"

### **Rex Ross says**

It's a very small little chapbook consisting of 48 pages. I got mine free through Amazon Prime. As noted by other reviewers, the methodology is very simple, quick, and effective. It's based off an entity named "Nikita" that was mentioned in "New Avatar Power" by Geoff-Gray Cobbs. The author does not mention how he

came to get Nikita's sigil so it could have been through some kind of contact between him and GGC before the latter passed away. Or it could be that he used some form of divination technique or scrying ability to bring this to him. Whatever the case maybe the book in theory looks legitimate enough. Looking forward to experimenting with this ritual and see what kind of results it brings me.

#### **Simple and Precise**

I really like the approach that is taught ever so clearly, simply as well as precise. Thank you. It really works.
