### **Main Bitch Dreams, Side Bitch Status** Leondra LeRae

What is meant to be will be. That's how the saying goes but will that saying hold true for Quan and Bianca? He's everything she's ever wanted in a man. He has the looks, the drive, ambition, street credibility, and to top it off he treats her like the queen she is. There is only one problem; like most men he has a wandering eye.

She is his all. She possesses everything a man could want in a woman. Beauty, brains, a banging body and street sense. But is all of that enough to keep Quan's attention?

They say love conquers all but after a night out with the fellas, Quan's attention is captured by another. Mistakes are made and what Quan does in the dark comes to the light for Bianca. Will one wrong move cost Quan his future? Will one weak moment result in a lifetime of heartache for the couple who appear to have it all? Step into the lives of these two lovers and see if love will overcome all.

I like the book, couldn't put it down. Yet, it was small stories that nothing was done with them( Marzita, the masked girl, Crystal, Desmond, Quinton, Deshawn). All we heard about was Quan and Bianca. Again I liked it and it held me, but so much was pushed off. This is another continuation, but I definitely recommended it.

I only read one series from Leondra, but this one is to good. I can't wait for part two. I'm mad she left us hanging like that, but I know she will make up for it in part 2. I loved the story of Quan and Bianca. Bianca. He took her through hell and high water, but she tried to remain calm through it all. Quan's mother was a trip in this book. She didn't take nothing off her son. I'm mad you left us with a cliffhanger, but I hope the next book drop soon.

I really enjoyed this book ! I can't wait to read part 2 to see what happens ! There's no way Crystal should be pregnant & B is one strong chick ! Quan, on the other hand needs to think with his head above his shoulders & not the one between his legs ...but so do most men ! LeRae, I loved it ...good job !

**Great Job!!!**

I can't wait for part 2 because the shit is about to hit the fan. Hopefully Q will get his shit together in part 2. This was a great read from beginning to end. I would recommend this great read to anybody who love urban fiction.

#### **Good read**

This is my first read from her and I enjoyed it even though I don't like Quan I need to see what happens in book 2.

I couldn't do it. I made it through 81% of the book and just gave up. I had high hopes for the book because the beginning of the book was really good. It started with the present day. After the first chapter or two, it got into the backstory of Quan and Bianca's relationship. It was really boring. I tried my hardest to push through and didn't want to give up because I made it so far, but I just couldn't do it anymore.

I liked this even though it was a short story. I must say, I loved Bianca! She was willing to be independent even though Quan chose to take care of her. Showing she wasn't going to allow Quan to run over her and do whatever while she remained faithful, only made me like her more. That's right, don't put up with his ish when you can have anyone but chose his simple ass! Quan needs to get his ish together if he truly loves Bianca as he claims. Quan better start listening to his momma and homeboys before he's lonely as hell. As for Crystal, man that chick need to get a life. She saw an opportunity and snagged Quan as she said. I just wished this was actually a full book to get more insight on Crystal. She's confusing as hell and I'm trying to understand what really happened and if Quan dealt with her another time after getting caught. Better yet why is he still jeopardizing his relationship by having her work at the club? Hopefully some of my questions will be answered in book 2.

## **Dang!!**

This book had to be good for me to finish it in a day!! But I'm pissed to have to wait for the 2ND book. I wanna know how Quan managed to hide that secret for 2 yrs (reflecting on the beginning of the book)...Please hurry Leondra LeRae!!

### **Yes yes**

This book started with drama.Quan and Bianca relationship is so cool,but quan let a one time fling ruined it.Bianca held her ground and did not go back to quan so easily.Crystal confession at the end tho ready for this drama to play out.A great storyline can't wait for more.

My first read by this author.

Pretty well written. I preferred how the book started over how it ended. The beginning started with present day. Then the book went into how everything brought us up to present day. That being said, the end of the book does not bring me to the beginning of the book. So I will have to go to part 2. Soooo... the saga continues.
