A Diamond from Tiffany's Melissa Hill

It's been two years since Ethan Greene and Gary Knowles collided one fateful evening outside Tiffany & Co on Fifth Avenue. A mix-up with their shopping bags sent each man's life on an unexpected trajectory, and while Gary and his fiancée Rachel are heading for the altar, Ethan's love life is not so settled.

Rachel dreams are within her grasp; her restaurant is going from strength to strength and she and Gary are set to be married amongst family and friends at an idyllic New York location. But when they arrive in the city only days before the ceremony, Gary seems distracted and restless. Could he be having second thoughts?

Ethan is anxious to see Terri again at the wedding; he truly felt they had something special, and plans to use the time in New York to prove to her that their relationship deserves another chance.

Will the romance of New York and Tiffany's work its magic on the couples once more?

A number of stories set in New York, my favourite city, during Christmas time, my favourite time of the year. What more can I ask for?

Nessa says

This was an ok read, was nice to hear of Rachel and Gary's happy wedding. Wasn't expecting it to be a short story though followed by lots of other short stories. Overall it was a nice read.

I'm usually a huge fan of Melissa Hill's work, yet here, something was missing. The first story was very nice, as I have read "Something from Tiffany's" it was really nice to have a sequel. But I didn't feel the magic other books, as "The charm bracelet" had on me. It was the same with the short stories and then the final story in Venice : it was all very nice, but I didn't clicked as I usually do, I didn't cry at the end. This book is still as well written as the other works of Melissa Hill, but I was a little disappointed, because all the Christmas things, New York, Venice, the common theme was magic, yet I didn't feel any of it. Perhaps it's just me not getting on with the "short novel" format.

I loved this book and bring familiar with New York made it more believable. The final Ventian story brought tears to my eyes but hey I love happy endings. The characters were lovely & easy to believe in. Great book !!

Karen says

Like others said, I expected one story. Suddenly ended at about 56% of book ?. Followed by lots of very short stories, of which I only read a couple. It was great to catch up with Rachael & Gary's plans for Rachael's dream New York wedding and also Terri & Ethan meeting up again.
