### **In The Arms of a Savage 2** K.L. Hall

“This isn’t how I pictured my life, but falling in love with Law may have been the deadliest decision I ever made ...”

Everybody knows that once a good girl goes bad, she's gone forever. Raquel has always been one to play by the rules, but after her first taste of hood love, she drops her old life without a second thought, including her friends and the ashes of her last failed relationship. When her ex-fiancé, Derrick, comes to Miami in search of answers, she'll be forced to answer the who, what, when, and why of her new life. What will she do when he asks for a second chance now that she's already given her heart away to Law? She knows the savage in Law cannot be tamed, and it will only be a matter of time before he's out for blood. Can she play her new role and hold him down, or will she leave Miami and go back to her old life?

The most valuable lesson Law ever learned wasn't from his parents; it was from the streets: whatever comes your way face it on your feet, come hell or high water. Now he finds himself enraged and in jail with his back against the wall. Law knows his set up was not random, but by design. All roads lead to Shiya. Although he's managed to stay clear of the judicial system thus far, he just may have to clean up the mess his brother created, even if that means doing a bid for a trigger he didn't pull. As he prepares to beat his case, Law will become a menace on the streets of Miami, and show his enemies exactly why they call him “Law.” He soon becomes the most sought-after man by friends and foes, alike.

It's no secret that the only thing that has Blaze's heart is the streets. He's content with living his life on the edge, making sure his family's empire continues to thrive, and the Calloway name remains respected. Blaze will always be his brother's keeper, so when he learns of Law's imprisonment, he sets out on his own path of revenge. Under his reckless exterior, he finds himself yearning for the love his brother shares with Raquel. When a one-night stand results in a positive pregnancy test, he is forced to put his priorities in order. Is he mature enough to wean himself off his fixation with exotic women and money?

Just when Shiya thought she was going to become Mrs. Calloway, she experienced the most embarrassing moment of her life when he stood her up at the altar. Now all she's left with is a million-dollar ring and a scorned heart. With rage as the underlying factor, she plans to settle her debt with the man who broke her heart and the woman she knows he left her for. When she opens Pandora's Box, her devious plot could put more than just the Calloway family at risk.

This love story is dripping with lies, bloodshed, and secrets, some stretching back over twenty years. When lines are blurred, it becomes harder for everyone to see who their true enemies are. After all, love is a strong emotion, but then again, so is hate. In the end, you'll see if Miami's new favorite couple can weather the storm.

**Shonese Scott Brown says**

**Lies, Secrets, and more Lies.....**

Never seen that secret coming from Law's mama. Raquel should have told Law everything before the wedding. He is going feel betrayed again! I hope Blaze found the one. Now I want to know how this secret is going to unfold! Ready for book 3!

### **Awesome read**

I can't wait until the 3rd installment comes out!! I was hooked after reading the first book and quickly ordered and read the second one. I will be keeping my eyes peeled for book 3! Loved all the plot twists and turns! It kept me going, excited to turn each page! I can't wait to hear what happens when the family secret involving the Calloways and Price's come to head!

### **Waiting on book 3**

This book was action and drama filled! I dont think Law fully trust Raquel with certain things. I'm glad Blaze is trying to grow up and I hope Heaven aint playin him. I think Camille is going to cause some type of rift between Blaze and Heaven. Mama Calloway has to come clean

### **In the Arms of a Savage 2**

Lawd K.L. I hope part 3 isn't too far away because I swear I need it in my life asap. It's a good thing Law was as smart as he was otherwise things would've been much different. Shiya didn't know when to just take a loss and focus on bettering herself. I didn't feel an ounce of sadness for how things turned out for her. Blaze really needs to get a grip on things and begin thinking things through. I'm hoping Nevaeh isn't on anything slick and trying to come up. Law's moms secret though! I swear Raquel doesn't let anything get pass her. Derrick was getting on my nerves and Shiya set him up for much more. I really liked how things worked out between Raquel and Law. Though things moved rather quickly the love couldn't be denied between the couple. All of Shiya's scheming hurt her the most in the end and it was long overdue. The ending was brilliant but I can't wait to see what more will come.

### **Jevonne Jevonne says**

#### **Shocker**

So many secrets going around. I don't blame Law for the way he moving because I would do the same, not knowing who to trust. I knew there was a connection with the families when the mama asked that questioned. Raquel better be careful because she will lose it all with Law and it would be her own fault

### **Tiffany says**

#### **I'm good.**

This had a lot of potential, but it seemed like the author had to many good ideas and squeezed them all into the story making it feel rushed. I won't be reading the last book.

---

### **Jeanida Luckie-Weatherall says**

This series gets better and better picked up right where the last installment left off. This book had so many secrets to you know it's so much more to come, and then throw in the lies, jealousy, drama and suspense is leading up to an explosive ending. So love these characters and the relationship between Law & Raquel and the other main characters, then add Shiya with her scandalous and devious way make for a great read. Can't wait to see how Law's plan unfolds. Great job K.L. Hall.

### **Latoya says**

### **Omg**

K.L.Hall did it again I loved this book I'm glad shiya got what her scheming self deserved. I can't believe blaze is gonna be a father. Law is that nigga he plays no games and always a step ahead of everyone. I can't wait til the news about Damian beIN law and blaze brother comes out great job I loved every minute of this book.
