Angela (Angel's Guilty Pleasures) says

Quick 10 page *FREE* read on Dana Marie Bell's website.

A cute chapter into Adrian and Sheri one of our favorite Halle Puma couple. I enjoyed how the guys were worried about the girls reactions to what they were doing and the girls initial reactions when they show up at their home where great; Sheri "*What the fuck?*" I liked how they all worked things out and we also get a little *HOT* sex scene.

This one is a bit shorter than the previous two but is still a sweet and cute free read from the authors website that gives us a quick little snippet of Christmas time and a very special present for Sheri. I think Sheri gets the award for most over decorated lawn.

Short vignette linked with 2 other vignettes to show a Christmas scene with our favorite Halle Puma couples.

Description:

Our Puma men are up to no good when they decide to decorate for Christmas without telling the lades. 8 Page Vignette

My Thoughts:

Loved this like peek into the world of Adrian and Sheri sharing a moment at Christmas time to express love...not much to say about this other than it is worth the few minutes it takes to read it.

*note: I do not give short stories a 5 star read as I believe you can't write indepth about plot, character and world within the page restrictions.

3.5 Christmas Stars for the wonderful seasonal story.

Very sweet holiday short continuing Adrian and Sheri's relationship after "Cat of a Different Color."

Darcy says

Sheri's reaction to the decorations was funny, as was the other women. It is a good thing that the guy's plan ended in a good way.

Carrie says

OK, so this being the third of three stories that all had pretty much the same surprise, I was glad we got a little more spice and a little less sweetness. This was another story from Sheri's perspective this time, complete with even more gaudy decorations and surprises.

Reading all The Ornament stories in a row dilutes the fun.

Amber says

just not as cute as the others

Carolyn F. says

Short story. 11 pages.

I wish I'd read more of this series because I have no idea why Sheri's eyes are red and why that turns Adrian on. This was a quick Christmas story about a quicky in front of the fire.

Tamara says

cute short Christmas story, free e-read
