Amante de Sonho

Sherrilyn Kenyon , Eduardo Fernandes (Translator)

Amante de Sonho Sherrilyn Kenyon , Eduardo Fernandes (Translator)

Livro parte do universo Dark-Hunter/Predador da Noite, mas não conta com nenhum dos guerreiros, por isso numerado como 0.

Grace Alexander, uma bonita terapeuta sexual de Nova Orleães, julgava estar destinada a uma vida sem paixão. Até ao dia em que a amiga Selen a convence de que, por artes mágicas, poderá convocar um escravo de amor durante um mês. Certa de que a magia da amiga irá falhar, Grace deixa-se levar pela brincadeira. Mas...

Penny says

Fantasy Lover is the first romance book I ever read. So I guess I should blame this book for my addiction to romance. I have never stopped reading the genre once I started and I doubt I ever will, I am too in love with love after all.

Back then, I was used to other kinds of literature and writing styles, so even though I liked it I did find it poor and weak. Also, since I didn't know better, I remember that I thought it idealistic, everything in the end was too ideal and perfect; I felt like I read a kid's story with smut content, a fairytale for adults. Now, I obviously do know better, that's just the way most of this genre's books are like, we get HEA. Looking back at my notes about this book I can't help but smile at my younger self.

This book was my first so I will always look at it in a good light; it opened me to a whole new world, I can't help but like it.

Ana says

I've been in fantasy mode lately. Hence this book. If I could give more than 2 stars, I would. Sadly, I cannot.

Danielle The Book Huntress (Back to the Books) says

What a great book. Definitely an A+. Sherrilyn just has a gift for making characters that you shed tears for and fall in love with. Julian really touched my heart and I felt for him in his pain. SK also has a great way with telling ancient history so that you're riveted. I admit I'm a history buff anyway, but she just brings it to light in a vivid and interesting way. And she seems fairly accurate in a way that Xena and Hercules aren't always. Her books make me want to go out and buy a book on ancient history and dive in headfirst. At first I was wondering if I shot myself in the foot reading the other Dark Hunter books first, but I'm glad I hadn't read this one. It gave me something to tide me over until Night Play comes out in August. This book has so many layers. I enjoyed the romance but also there was a family drama played out through Julian's relationship or lack thereof, with his godly relatives: Aphrodite, his mother; Eros, his brother; and Priapus, his other brother, who is also his mortal (or immortal enemy). I cried with Julian for his feelings of rejection by his mother, and the loss of his children. I also felt for Grace and her family issues. Her parents died in a car accident, leaving her alone in the world, with only their possessions and her memories to keep her warm at night. Since I lost my father last year, I could identify with her feelings of grief. Fantasy Lover is also very sensual. There are lots of scenes that involve exploring the woman's pleasure, and SK did this very cleverly with her premise. Julian is a sex-slave (and he cannot have an orgasm). IE he makes love for the woman's pleasure and is very good at his job. Grace had a bad first sexual experience that causes her withdraw from the dating world. She feels lonely, unwanted and unfulfilled, and her friend Selena gets the idea to conjure Julian out of his cage (which is a lovely ancient book.) Julian comes ready to serve, but Grace isn't interested in another empty sexual experience. So Julian must seduce her, while Grace tries to get his mind off sex and onto the modern world. This storyline makes for quite a few fun and poignant moments, as Julian gets to experience being more than just a sexual object for two millennia. Julian exudes one of a kind sex appeal that

is irresistible, even and most of all to Grace. But he also makes her fall deeply in love with him. I liked how SK worked to build their relationship and also gave reader just enough sexual tension to add spice. This tension definitely builds since there's a reason why Julian and Grace cannot consummate. Instead Julian takes those opportunities to unselfishly bring Grace pleasure, not because he's supposed to, but because he loves her and wants her happiness. I don't want to tell too much, but I felt a need to rave about this lovely book. It definitely cemented my love of SK and her universe. Fantasy Lover ranks in as my number two favorite Dark Hunter book (although technically Julian's not one, he exists in their universe and so he gets counted.). Run, don't walk to get your copy of Fantasy Lover.

Beatriz says

Un libro romántico hasta la médula, con una muy buena dosis de erotismo. Es una novela livianita, pero muy, muy entretenida. Debo reconocer que me la devoré.

Al principio, la utilización de la mitología griega para sustentar la parte fantástica se hace un poco absurda (probablemente es así hasta el final), pero la historia se va poniendo tan entretenida, que hasta eso se perdona.

Alex is The Romance Fox says

Fantasy Lover is the 1st book in The Entire Dark-Hunterverse Series and whilst it was not one of my favorites, I did enjoy reading it.

One of the things I liked about it was the main character, Julian –son of a legendary Spartan general becoming commander of the Macedonian army.

Betrayed and angering the Greek gods, he was cursed for all eternity, trapped inside a book and released once a month to be used as a sex slave by whoever opened the said book.

Now, that doesn't sound too bad!!!! To be used as a sex toy and you don't even get to choose if you want to or not!!!! Hell, that does not sound good to me!!!! The poor guy is about to give up when...something or someone good comes along into his life!!!!

That someone is sex therapist, Grace Alexander,

who has gone off men forever!!!!

After giving men a miss for a while, she is given the most outlandish present ever by her best friends... who has been worrying about Grace's "manless" situation!!!! A Greek sex slave...who is known to be good at what he does...wink wink!!!! How could any sane woman refuse such a present!!!!

So, is Grace the one who will break Julian's curse?

Will she accept the world he lives?

I enjoyed the flashbacks to Julian's history in ancient Greece and Rome.

This being the first book, there's very little world building – some interesting secondary characters that will have their own books in the future.

There were some funny moments ...

**“Um, Dr. Alexander, there's a couple out here who say they're related to you. They...um...they're biker people. (Nurse)
Hey, Julian. Tell Attila the Hun here that we're okay so we can come and ooh and aah over the babies. (Eros)”
“You have the optimism of a child. (Julian)
Peter Pan all the way. (Grace)”**

**“Cupid, you worthless bastard, I summon you to human form! (Julian)
Gee, I can't imagine why he wouldn't respond to that. (Grace)”**

I'm happy that I read this book....how the Dark Hunters world begins!!!!

Mel says

I couldn't wait to finish this book... but for all the wrong reasons. Even a 2 star rating seems generous.

Back in 2002, when this book first came out, it was probably fresh and exciting. But from then on a lot has evolved in UF/PNR-land and I think I've been 'spoiled' with good quality writing.

The writing was extremely simplistic, repetitive and annoying. The POV changing wasn't done well at all. The story was (I know: even for a PNR about a 2000 year old Spartan demi God) totally unrealistic. The characters as well as their actions were unbelievable.

Take for instance our heroine: Grace. Despite the fact that she was a successful sex therapist, she seemed to have little to no sexual knowledge (she kept talking about feelings she never knew that existed, both mentally and physically). She also kept bringing up personal and vulnerable topics with the hero while in the presence of others. Privacy anyone? Oh and the cherry on the cake was that this supposed sex therapist had her own untreated sexual trauma, a fact that makes you project your own problems on your patients and therefore makes you a bad therapist. The big trauma was that she was deflowered (at 24?) by some guy who didn't care for her. And 5 years later she was still all shaken up about it. Booo fucking hoo!

Argh, this book had me rolling my eyes constantly. The dialogues and inner monologues at times seemed to be competing for the prize of 'cheesiest lines ever'. If it wasn't for my compulsion to finish stuff I started *and* the fact that I wanted to know what the Kenyon-fuss was about, I would have thrown the book out. No, maybe ritually burnt it.

I'm told that the Dark Hunter series is good so I'm actually willing to spend money on the second book. I hope I won't be sorry...

Exina says

"So, what's your style preference?"

"For what I have in mind, nudity works best."

Fantasy Lover is an amazing prequel to the *Dark-Hunter* series, based on Greek Mythology, the love story of Julian and Grace.

Julian, who was the most feared Macedonian general of his time, was betrayed and cursed to be a love slave for all time. Grace is the only one who is able to break this curse.

Grace is always rational, maybe too rational: she tries to find sense even in lust.

She couldn't very well let him join her in bed like that.

Sure you could.

No I can't.

Please?

Hush, self, let me think.

But eventually her steadiness saves Julian. She is honest, perceptive, and always gives regards to Julian's feelings. She has a strong empathy for him, she understands him, sees him as himself, not only his perfect appearance.

She was the first woman to see him. Not his looks, not his body, not his warrior's prowess. She saw inside his soul.

I love Julian, I feel so sorry for his sufferings both in his human life and in the immortal one. Despite his incredibly cruel childhood, and past, Julian managed to remain a gentle, caring man.

Sherrilyn Kenyon has a special talent to write heart-wrenching lines. She doesn't simply give a description of emotions, but she is also able to make you feel them. Though there is no *Dark-Hunter* in this novel, Julian will appear in the following books, which is more than welcomed. *Fantasy Lover* is a really great start to the *Dark-Hunter* series.

Originally posted on my blog on October 25, 2012.

Blacky *Romance Addict* says

Well, this is the first book from the *Dark Hunter* series, and I have to say there wasn't any dark-hunting in this one XD As is with all the first books, we get to see the introduction in this whole new world the author created (Greek gods! I mean - YUMMY!) I was always fascinated with mythology, and this one is right up my alley :)

Julian is a half-god, cursed in a book to be a love-slave through eternity. He is immortal, and has been cursed for two thousand years (!!!). One night, Grace and her friend get drunk and they summon him. Although he is here for only one reason - to give her pleasure, Grace doesn't want to have meaningless sex with a stranger, but still, they create some good fireworks together XD

I felt really bad for Julian, the way he grew up was horrible, and he was used as a sex slave for centuries. He doesn't believe he deserves love, to a point he actually thinks no one can ever love him. But he meets Grace and they form a friendship. She is the first female who is not guided just by his penis XD She actually wants to know him better, and when she does, she begins to fall in love with him. But the bi*ch of it all is the curse, it can only be broken if they **don't** have sex during the month he gets to be free. Yup. But there are lots of sexy scenes, don't worry XD

I liked this a lot, even though it wouldn't have killed the author to insert some more story/action in this one. It basically revolved around the fact that they want to have sex but can't XD But I guess it's ok considering it's the first of the series, we got to see some of the Olympian gods, and it was left open for another character (Julian's only friend from the past heheh can't wait to read about him).

Re-read Eklemesi

Son bir ayd?r, ne zaman ç?b?k makarna (*spagetti de?il, ç?b?k makarna*) yesem akl?ma tak?lan bir ?ey vard?. Bugün ay?pt?r söylemesi, gene hunharca makarnaya dalm??ken akl?ma dü?tü: Hangi a??k olunas? kitap karakteri kendinden beklenmedik kibar!?kla yiyordu bu meredi?

??sizli?in böylesi! ?

Bugün sonunda hat?rlad?m; Julian, Julian, Julian!

O an ya?ad???m mutlulu?un tarifi yok inan?n. Bunun ?erefine hemen bir re-read yapt?m.

Çünkü. Neden. Olmas?n?

-
-

Bu kitab? bin kere de okusam tepkim resimdeki gibi olacak san?r?m.

Kitap, beni PNR romanlar?na â??k eden iki kitaptan biri olmas? bir yana (di?eri de Sisli Da?lar?n Ötesinde) gerçekten, bamba?ka bir adam?n, Makedonyal? Julian?n, tüm o çekicili?ini kelimelere yans?t?l?p iliklerinize kadar hissetmenizi sa?layan bir kitapt?. **Çünkü adam duygusal ve yaral?! ?ki bin y?l boyunca bir kitaba hapsedilmi? olmakla kalmam?? ya?am? boyunca sevgi nedir bilmemi? bir adamdan bahsediyoruz.**

Ah Julian, Julia, Julian...

Bir kitaba hapsedilmi? a?k kölesi. Ça?r?ld??? kad?nlar taraf?ndan iki dolunay aras?nda istedikleri her ?eyi yapan, kad?n m?knat?s? adam. Asil, gurulu Spartal? komutan...

??lemedi?i suçlar?n bedelini ödeyerek geçen hayat?, yapt??? bir hatayla iyice mahvolan Julian, tanr? olan karde?i taraf?ndan bir kitaba hapsediliyor. Dolunay zaman?nda ça??r?lan ve iki dolunay aras?nda Dünya'da kalabilen bir seks kölesine dönü?üyor. Kad?nlar?n kar?? koyma dürtüsünü kökten bozan bu yak???kl?, iri

sava?ç?n?n tek istedi?i sevmek iken buldu?u her daim ihanet ve yaln?zl?k oluyor. ?ki bin y?!?n? ise kad?nlar taraf?ndan kullan?larak geçiriyor tabii Grace onu ça??rana kadar.

Yirmi birinci yüzy?lda tekrar Dünya'ya dönen Makedonyal? Julian görevlerini yapmak, kad?na hizmet etmek isterken hayat? boyunca kar??la?mad??? bir ?ey oluyor: Grace. Onu. Reddediyor.

Grace'in kar?? koyma çabalar?, Julian'?n hamleleri derken seksi, soluksuz bir kitap okuyoruz.

Julian'?n tüm yaralar?n? tek tek sarmak, daha fazla sar?lmak sghhdfg istedi?inizde oluyor okurken elbette ama adam bunun için yarat?lm?? gibi.

Böyle kitaplar? bir biz bulam?yoruz zaten!

Grecia Robles says

4 STARS

Julian de Macedônia, Julian de Macedonia, Julian de Macedonia

NADA, no aparece mi esclavo sexual.

Ya poniéndome seria, me gustó mucho este libro y es que todo lo que tenga que ver con mitología griega me encanta sacan mi friki interior.

Es una historia muy romántica, en muchas partes me conmovió sobre todo Julian por todas las cosas que tuvo que pasar y también tiene partes divertidas y otras sexys. Julian y Grace eran muy monos ~~hace tiempo que quería usar esa palabra~~ hahaha me encantaban la ternura que transmitían.

Para ser el primer libro o ya no sé si es el primero, estuvo muy bien aunque tuvo sus fallos como la personalidad de Grace que no coincidía con su profesión se supone que ella es una sexóloga/terapeuta y más que nadie ella necesitaba uno y nunca recibió ayuda. Pero dejando de eso a lado debo reconocer que es adictivo y luego luego me enganchó ya quiero conocer a los dark hunters porque en este libro no me enteré de nada.

Beth F. says

With a title like "Fantasy Lover" I was not expecting this book to be so riotously funny! Gorgeous man, yes. Sexual tension, for sure. Hot sex, hell yeah. But comedy? Who knew?!? HAHA! I'm on the verge of busting out into one of those snorting, wheezing laughs that makes your cheeks hurt just remembering the hilarious heinosity (I realize that isn't a real word) that filled the pages of this book.

Him

Julian of Macedon is an ancient warrior of the Macedonian variety (hence the name “Julian of Macedon”). His mother was Aphrodite, Greek goddess of love. So obviously he’s smoking hot. Blonde. Has killer blue eyes. And big muscles. And he’s also amazing in the sack. To use one of the heroines phrases, “I wouldn’t toss him out of bed for eating crackers.” Well said, Grace, well said.

When Julian was 32, he seduced a virgin he had no business seducing and was cursed to spend eternity as a love slave. And what, pray tell, is a love slave? Well. A love slave exists solely to pleasure whatever woman summons him to her secret chambers. From one full moon to the next, Julian fulfills his masters every sexual fantasy. For an entire month, he is compelled to want her. To crave her pleasure. Every man’s dream, right? Right. Except the gods seem to have taken away his ability to have an orgasm. Poor thing.

2,000 years later...

Her

Grace Alexander, 29, has only had sex a couple times and wasn’t overly fond of it. Despite these odds, she is a sex therapist. At the start of the book, she admits that she has been celibate for *four years*. The therapist in her needs to help people and realizes that there is more to life than sex. So when she summons Julian the love slave to her side (as a joke, Grace is far too practical to believe in something so silly as a Macedonian love slave) and he actually shows up (gasp!), Grace makes it her mission to help Julian break the curse and give him back his humanity. Saved by Grace indeed.

Cheese

I desperately wish I’d written down all the references to cheese in this novel. Who knew one would find so many references to cheese, eating cheese and playing with cheese in a smut novel? To be perfectly honest, cheese is one of my favorite things. Ever. Cheese will single-handedly be the reason I am destined to walk around for the rest of my life with a little extra padding on my curves and I’m perfectly comfortable with that knowledge. So the cheese references really spoke to me and sold me on Sherrilyn Kenyon’s bizarre sense of humor.

mild spoilers after this point

Breaking the Curse

1 Love Slave + 1 Born Again Virgin Sex Therapist = the following conditional statement: if they want to break the curse, they can’t have sex for a whole month.

Sex

Uh, yeah. There’s a lot of it. Sherrilyn Kenyon is a total perv and I love her for it. To break the curse, Julian and Grace can’t have at it for an entire month, but they’re both highly creative people who find all kinds of ways to have sex without actually doing it. The voyeur in me was highly satisfied with this arrangement. And once they finally had at it, I was so happy I cried. Okay, that’s a lie. But I was very happy for them and was laughing so hard over the last few pages that I was near tears and am pretty sure the other people in the cafeteria were wondering what I was on because I was laughing. Quietly. But *definitely* out loud.

Laughed so Hard I Cried and Almost Peed

Cupid (Julian’s brother) makes his appearance in this novel as a biker dude and Psyche is his blonde, biker bimbo. Both Athena and Aphrodite also show up and both make comments about “kicking ass” or say “kick his ass” which is the absolute last thing on Earth I would have expected to hear from Greek goddesses. I laughed so hard I almost peed my pants.

I’ve queued up another Kenyon novel to my account with booksfree.com and can’t wait!

Manju says

somewhere between 2.5 to 3.

Jen says

The only way this book is even remotely tolerable is to read it aloud with a friend so that you can truly appreciate the ridiculousness of it. It is repetitive, stupid, and horribly written. I can't believe this woman is being published, and is a best-selling author on the NYTimes list. It's kind of scary. This books also takes the prize for being the worst book I've ever read in my life, and that includes that ones I read during my 8th grade romance novel phase.

Viri says

Mi primera relectura de la saga. Y fue tal como esperaba. Sigo y seguiré amando estos libros hasta mi muerte. Fin.

Pd: ya intenté lo de repetir el nombre tres veces.

NO FUNCIONÓ.

Mala suerte la mía.

Jilly says

The best part of this book? Grace's dinner: Four pieces of pizza, two Hostess cupcakes, and four glasses of wine. Now, that's something I can relate to. Conjuring a Greek-god sex slave that finds the normal, slightly chubby Grace irresistible? Not so much.

Considering how much this guy has been around....

Anything Greek mythology related and I usually love it. There was a little bit of mythology, along with some Roman and Greek history. *But*, there was mostly a romance that included a lot of "heat swirling stomachs", "deep moans", and "hot looks". And, the main point of the story was for them to avoid having sex so that they could break his curse. So much longing...

Aaannd, he's been with thousands of women and is angsty while she is pretty much a virgin.

soooo original!

But, I thought this was a prequel to the Dark Hunter series, so that's why I read it. Apparently, I was wrong. I know!?! Me, wrong? I guess it could happen. So, on to the first Dark Hunter book. There is someone who has been trying to get me to read this series for years. Happy now, Jen?

Jessica's Totally Over The Top Book Obsession says

WOW I love love love it!!!! Great book I would give it more than 5 stars I cant wait to read the rest of the series

Pam says

3.75 *wishful stars*

Blessed by Aphrodite's divine touch, he grew into such a man that no woman could deny him her body. For when it came to the Art of Love, he knew no equal— his stamina far beyond that of any mere mortal man. His desires hot and wild, he could never be tamed. Or denied.

Fantasy Lover is the first book in the Dark Hunter series, a delicious paranormal take on the genie in the lamp, except instead of rubbing the lamp you make a birthday wish, substitute a Greek love-slave for the genie, a book instead of a lamp and a month long pleasure vs. three wishes. Sounds like a good time right !?!

His only goal will be to please you, to serve you. To savor you. In his arms, you will learn true paradise.

But in this case you have Julian, who is trapped in a curse for more than two thousand years, so he is pretty jaded and on the other hand you have Grace, who is too kind who felt for him and couldn't imagine using someone for their own pleasure...no matter how tempting they may be. Now she has a month to come up with a way to break his curse and set him free.

“What if we could find a way to get you free?”

“I assure you, there isn't one.”

“Fatalistic, aren't you?”

He cast a droll look at her. “Being trapped for two thousand years does that to a person.”

Grace takes Julian under her wing and teaches him how to live in the present, wanting to get to know him and shows her the things she enjoys outside the bedroom. Julian forgot what it was like to be respected, live with some kind of dignity and have a woman who sees you for you and not just what you can do for them. Grace isn't keen on the idea of having sex with out the emotion, she needs to feel for the person and more importantly they need to feel for her. How much longer can she keep on saying no, when he wakes everything up inside her willing her to say, yes!

“Do you know, I can feel your presence all over my body? With every sense I possess?”

Fantasy Lover was an definitely an entertaining read, it had wit, sarcasm, humor, heat and heart. While we get caught up in the who's, the why's and the what next, it wasn't that hard to follow and connect the dots. It is a sweet touching read, I personally expected it to be all sex, so it was a nice surprise... did I wish there was a tad bit more, of course, but that is just me for you. The book was written in 2002, and in some weird way it was noticeable, I usually don't pick up on those kind of things but while I read it felt a bit outdated. Regardless, it was an enjoyable read, not really sure how this coincides with the Dark Hunters, since there really wasn't any hunting going on, but I guess I'll find out as soon as I move onto the next book.

Julianna says

Fantasy Lover is the first full-length novel by Sherrilyn Kenyon that I have read, and I absolutely loved it. It was packed with thoroughly romantic moments and beautiful sensuality that was sheer perfection for me, and that was even without the hero and heroine actually having sex until the very end of the book. I consider myself to be a very girly girl, and I find that Ms. Kenyon's writing style has a very feminine quality that is very appealing to me. I like the balance that she finds between the serious side of life and finding humor even in dark circumstances. I thought that the use of Greek gods and goddesses as secondary characters was a very unique element that made me want to go brush up on my knowledge of Greek mythology. Some people seemed to think that the ending was too rushed, and while I could in some ways see where they're coming from, I really didn't mind. For me it was full of unexpected twists and turns that engaged my attention so much that I completely lost track of time.

I loved both Grace and Julian. They were just as perfect for me as the story was as a whole. Julian is the classic tortured hero, completely gorgeous on the outside but feeling unworthy of true love because of his past. Grace was just as sweet as could be and very relatable for me. While some readers thought her to be weak because of her tender-heartedness, I thought that she had a quiet inner strength and determination that was endearing. What I liked most about Grace and Julian's relationship is how they gave so freely and unselfishly to each other. When Julian sold his most precious possession to replace Grace's most precious possessions that were destroyed, my heart just did flip-flops. Also, being the book lover that I am, I thoroughly enjoyed the scenes where Julian derives so much pleasure from Grace reading to him. Sometimes it's just the little things that make a character or a story special for me. I know I probably sound like a gushing fan-girl, but I really did love this book, and can't wait to read more of the *Dark-Hunter* series. I borrowed this book from the library, but I will definitely be getting my own copy to place on my keeper shelf. It is very rare for me to place an author among my favorites when I have read so few of their works (I've only read one other novella by her), but I relate to Sherrilyn Kenyon's writing style so much, I couldn't imagine that I wouldn't enjoy almost anything she's written.

Maya says

This is not my first book by this author and I actually started off with this series by reading the sequel of this story. I know, strange, but it worked for me. I liked the sequel enough to read this story. And I love, love, loved it!!! The story is a mix of greek ancient time, where gods still rulled the world and the present time where the gods sadly still rule but more so in the background. But it's not just gods and myths, there are also some other supernatural beeings that make the plot really interesting. The hero, Julian, is to die for, he's a tortured old soul but with so much love to give. He's been a love slave, trapped in the book, for almost two thousand years and surprisingly enough he's still sane. I adore him. The same goes for Grace, she's got such a big heart and loved the way those two found their way to each other. So sweet!!! They have to sacrifice to gain but the wait is so worth it. What a wonderful read.

Sarah says

This was an okay paranormal romance, but it dragged a bit.

Grace was a woman who didn't have much experience with men, but knew that she didn't need one, no matter what her best friend told her. I liked that she didn't immediately drag Julian to bed when he showed up, even though she was attracted to him.

The storyline in this centred on Julian trying to break his curse, and Julian and Grace slowly falling in love. That being said, although they spent time together, it still seemed like one moment Grace was still resisting, and the next she claimed to be in love with him! Bit of a sudden about-turn.

The ending to this was okay, but it was pretty obvious how this was going to end from the start (a Ouija board once told her she'd marry a Greek god and have 6 children). This was an okay read, but it wasn't anything special for me.

6 out of 10.
