Too Many Sisters

Nina Guilbeau

Too Many Sisters Nina Guilbeau

Callie Armstrong's life was already in turmoil. Now she has to share her successful company with three business partners.

One partner wants her husband.

One partner wants her money.

One partner wants her trust- even while keeping secrets.

Is this how it is with all sisters? Callie has decisions to make, secrets to uncover and lies to unravel in the mist of family chaos. The only thing she knows for sure is that when they're all together, it's just too many sisters.

"Too Many Sisters" is book one in the Sisters Trilogy.

From Reader Review Too Many Sisters for online ebook

Niesha Hudgins says

I really enjoyed the book. It kept me reading. The sisters definitely had a dysfunctional relationship. Paula was just off the hook, and Malisa was to much. Can't wait to read part two.

Lynda Kelly says

This started with tremendous promise and then degenerated into a farce !! Such a shame as it had sounded very promising.

It is all about Callie and her relationships with her three sisters.

I gave up around 10% in after there was mention of a drunk dog and a shoe thrown in somebody's face. It all got a bit silly and far-fetched and ruined what was going to be an interesting story.

There were a few missing or wrong words even in the small amount I rad and the repeated misspelling of dinning room drove me to distraction too.

Eileen says

The book was about a very dysfunctional group of sisters.. It was kinda of sad to watch the sisters betray each other and have some terrible secrets. I only rooted for the two Callie and Alise and they even had problems.

Gwendolyn Dabney says

This book had me hooked from the first paragraph. It was a fascinating story that held my attention and left me wanting more when it ended. There was a sample of the sequel to this book Too Many Secrets at the end which really had you wanting more.

Idrissa Uqdah says

How many is too many?

Maybe it's when your sister is shady...beyond trust and greedy. Callie's sisterhood was ripe with all three ungodly traits. Can just being blood relatives make is something that should bind these women? Read this incredibly good novel and find out for yourself. You won't be disappointed. Nina Guilbeau is an excellent writer. I am so glad that I "discovered" her books.

OOSA says

Three is Enough

“Too Many Sisters” by Nina Guilbeau is a dramatic family-oriented novel. It’s the story of Paula, Alise, Callie, and Marlissa, biological sisters by the same mother but with different fathers. Paula is the oldest and most devious one. She does whatever she can do to own anything that involves money. Alise is the wise and smart one. She attempts to hold things together at all times. Callie is the ambitious and successful one. She’s torn by infidelity with her marriage. Marlissa is the baby. She wants things that she cannot have without taking full responsibility for her actions. Together, these women are disastrous but must reunite as one when an issue arises between all that requires them to make a final decision that will affect their lives moving forward.

I related to “Too Many Sisters” immediately as I too have many sisters. I give Nina Guilbeau credit for a job well done! I liked the details given regarding all characters, which gave me enough information to determine an outcome for this novel. The author gives a small twist near the end which left me wanting more. I shall wait for more books to come from author Nina Guilbeau!

Sara says

the book was very entertaining. secrets, lies, promises,hurt, love between four sisters. Can't wait for the sequel

Danielle says

Great read!!!

I absolutely loved this book!!! Of course I love cake and hope that her and Michael are able to put their marriage back together. Alise is also a fav. Her attitude and determination to make sure her other sisters Paula and marlisa din my try to pull fast ones kinda reminds me of myself. I'm really hoping in the second part Paula is done away with for good. Whether it be death or she gets run out of town by one of the sisters it just needs to happen quick day and in a hurry. There were some small grammatical errors but they were easily over looked because of how the storyline pulled me in. Kudos to the author!!

Nina Guilbeau says

I had a lot of fun with these characters. So much fun that book #2 Too Many Secrets will be out soon, too!

Maria Limetz says

This book inspired me to create a goodreads account, because the reviews on Amazon seem to be so manufactured. Maybe the author gave out lots of copies to book clubs? Or she has a large family? I expected so much more based on the reviews, but it's just sloppy. I can get past the typos, but the half-developed ideas and farce just fell flat. By the end of the book, I was rooting against Callie. All I can say I got out of this read was a healthy cynicism for amazon book reviews.

Carla Hamlin says

Ok Read

This is a first from this author it was interesting to say the least . But I really enjoyed this book from this author. I look forward to reading more

Tammy Tracy says

Wasn't quite sure what to expect from the title of this book when i began reading but I found myself drawn into the story immediately. 4 sisters with a lot of issues, a past and a lot going on in the future. I was upset about Paula and Marlisa. And when I finished the book and found there was a second story I had to buy and read right away. Great Writing Nina!

Joyce (Chloe) says

Cute/Fun

Callie Armstrong's personal life was already in turmoil. However, now she's being forced to share her successful music production company with three business partners.

One partner wants her husband.

One partner wants her money.

One partner wants her trust- even while keeping secrets.

Is this how it is with all sisters?

Callie has decisions to make, secrets to uncover and lies to unravel in the mist of family chaos. The only thing she knows for sure is that when they're all together, it's just too many sisters.
