## **Blood Prophecy: Kallen's Tale** Bonnie Lamer

The Witches are going to try to kill his new girlfriend. And her grandmother is keeping a major secret that he can't tell or he'll die a horrendous death. Add that to the pressure of trying to get her parents to like him after he had been so rude the last time they met, and Kallen's life gets pretty stressful. As if things aren't crazy enough, he figures out he has fallen head over heels in love with Xandra. But, does she love him? Find out as you read Kallen's side of the story.

\*\*\*\*\* Reader Message \*\*\*\*\*

Blood Prophecy: Kallen's Tale is meant to be read after Blood Prophecy. This is a companion book that gives the reader a look into Kallen's mind as he and Xandra face the Witches who want her dead. In an effort to avoid as much redundancy as possible, I have condensed some scenes, focusing less on Xandra and more on Kallen. This could cause confusion if this book is read first.

I hope you enjoy this look into Kallen's world.

## **From Reader Review Blood Prophecy: Kallen's Tale for online ebook**

### **Princess says**

Gotta admit it. I love being able to read the story through Kallen's eyes immediately after finishing Xandra's story. It fills in all the time slots I missed out on, gives me more dialogue to roll my eyes at (lovingly), and gives insight into character motivation. Love the Witch Fairy series and Kallen's Tale series.

---

### **Liz Cowan says**

clever idea to show his side

---

### **Meghan says**

Very much enjoying reading Kallen's side of things; it's not often that an author thinks to do something like this and I'm thoroughly enjoying myself!

---

### **Liz Cowan says**

both main characters are fun.

---

### **Chris says**

I should have read this one right after I got done with Blood Prophecy because it was hard to back track but that being said I loved it because it was nice to see it from his point of view

---

### **kendell perdue says**

#### **Love**

This book so good it's nice to know what he was thinking when things happen I know it a lot of the same stuff happening but up get see what he thought and how he felt

---

### **Rhonda Bergamo says**

This is a great addin for Blood Prophecy: seeing Kallen's POV is very enlightening has he continues to learn

---

about Xandra and her world. Toast waffles are a plus :)

---

### **Tessa T. A. Dwarika says**

#### **Interesting angle**

Allen's angle is always so interesting. I love the way he loves Xandra. It seems as most of the time he is either annoyed or angry at her, yet all that can be forgotten with a kiss. If only real life was as easy. Will continue reading...

---

### **Michelle says**

#### **Kallen**

Xandar is a strong pull on Kallen. if he didn't figure out that he loved her he would for sure be in the dark. good luck fairy

---

### **Nereid says**

I really love this series and again it was nice to read Kallen's perspective on Xandra and her battle with the witches. Rarely do you find a book from the males perspective unless it is one featuring a different POV but this is the second book regarding his POV. I like Kallen, he is infuriatingly logical and pragmatic, (some may say sarcastic) but he is a perfect balance for Xandra who is willful, impulsive and reckless. They make a great couple and the twists and turns are engaging with things blowing up, stolen kisses and a great paranormal romance story. If you wanted to know more from a guy's perspective, then this book is for you.

### **Devz Milady says**

This review is for books till Book #8.  
Recommendation? Stop reading at Book#7.5

I've a different review posted for Book#8.  
But from 1-7, this series is just awesome.

Xandra is coming of age and learns a whole new world and about herself. She deals with many challenges and comes off as any teenager - a bit confused, a bit arrogant, chastened by elders and at times rebellious.

Kallen is the character that shines in this series. He is powerful but his power is easily overshadowed by the more powerful Xandra. Yet he never lets that affect his ego or his relationship with Xandra. He manages to come off as the more

mature, in-charge person.

The intimate scenes between the duo are at the same time passionate and tender.

There is a lot of "wow-gorgeous" falling-for-looks-mainly thing happening but the way the characters are depicted takes away the sting of it.

Overall - the series till Book 7.5, has a natural easy flow of stories without awkward pauses or WTF moments. Totally recommend!

---

### **Kathy Clem says**

Love them all

---

### **Andrew Palmer says**

See my series review in Book 1.

If you are just looking for what was going on in Kellan's mind during book 1, this fits the bill.

If you are looking for Witch Fairy's 'Midnight Sun' - a real feel of the 'alienness' of Kellan the Fairy, this falls short. The first person internal monologue doesn't really capture the different tone of the thoughts that I would expect from the character.

It is still well worth reading as it complements the series well,
