I am loving this series. I so hope that Blake and Alyson find their way to one another. This volume was erotic and heartbreaking. Blake is determined not to feel, but with Alyson he is having a hard time fighting the attraction that he has to her. Will he finally let her in or lose her forever? I can't wait until Volume 3 to find out.

Kim Black's "Just One Night :Volume 2", picks right up where volume one left off. And like Alyson, I am completely sated, when I find how their one night finally ended. But once is not enough... Tee hee hee... I. Want. More..... I cannot wait got volume three... 5 STARS ON THIS CLIFF HANGER ENDING!!!! Also, you need to read volume one. Neither books are standalones, but both read quickly, and are written quite well.

Awesome follow up to Just One Night! I love Kim Black's writing style! She has sexiness, humor, and drama all in one without going overboard with it! The Just One Night series is a fun sexy read for any night!

Carrie White says

“You seem to have broken yet another rule.

Just. One. Night.”

“What should I do to you?”

Fanning myself, Holy crackers on a stick!

Yet neither could follow that one rule.

All was fair in one night of Dom and Sub play. Until someone gets hurt.

Both consumed with hot, passionate memories. Needing to put out the desirable flames burning from the inside out..... see, this is where that one pesky little rule gets tossed aside.

Only it's turning into more than just physical. Unwanted emotions appear out of thin air.

Alyson has come to realization that she doesn't belong in Blake's world just when he's coming to terms with his feelings towards her. It all blows up!

Omg I need part 3 like now!!

I was graciously gifted a copy in exchange for an honest review.

Talk about hot and steamy!! Whew! I think I need a cigarette after reading this. Absolutely loved it! I was so excited to get more of Blake and Alyson and Kim definitely didn't disappoint with this one!! In this installment we get to find out what happened after Alyson was dropped off at home that night. We also get more insight into who Blake is and why he likes things the way he does. I can't wait to read the next one and if you haven't already go read Just One Night Vol:1 and then you must pick this one up!!

Okay when I woke up this morning @ 330a, I may have squealed when I saw what had landed on my kindle.....I was so excited to start. My work day couldn't fast enough!!!!!!

So we pick up where we left Blake & Alyson...Alyson walking out on Blake after one AMAZING night. Alyson comes to realize that she wants more than just one night but leaves before Blake leaves her. But Blake being the gentleman he is takes her home. "I better get you home," I responded keeping my voice even and seemingly unaffected though I was anything but. Alyson-"See you around Blake." Turning away from him, I walked into my building and released the breath I had been holding when I heard him peel off.

We find out about twins, pregnancy, hospital & a funeral. I am a spoiler free reviewer so enough from me. Just GO.GET.THIS.STORY!!!!!!

Kim packs a great story into a short installment & is so worth the wait. Can't wait for the 3rd installment!!! I need to know how this ends!!!!

I thought #1 was HAWT but Volume 2 was uber HAWT
I am so in love with both Blake & Alyson, they are so good together and I love Blake's brother in this one

5 Stars!

Hot! Hot! Hot!
This book picks up where book one left us.
It was only supposed to be one night.

But both Blake and Alyson want more than one night.
Blake is trying to purge her from his body but no other woman will do.
So when an opportunity forces these two together and a scheme is formed....
will they take a chance again or push each other away?
I loved Blake in this book... sexy, sweet and super alpha.
I felt he was trying to purge his demons but also heal himself.
And Alyson, I definitely felt for her at times but she did confuse me
We also get some more background knowledge on them.
It helps understand why the way they are.
I can't wait for the final installment!
I highly recommend this book.

Losing control over a single night of passion...
Both Blake and Alyson are so awestricken by their one night together that they are haunted by their sexy as hell encounter. Blake tries to avoid monogamous relationships due to a hurtful past but is unable to resist Alyson. She makes him violate his structured and orderly life style,pushes him out of his boundaries...but can he fall into former patterns without getting hurt again? Volume II was even better than I had expected...leaving me yearning for Volume III. Kim,you've done an awesome job once again girl...Keep it up!!!

Changing panties! Ok that's better! Whew! A roller coaster of twists and turns. This continuing story heats up even further with Blake and Alyson by throwing Blake's brother into the mix! I'm glad that Ms. Black gives the reader more insight into Blake's past. I hope that with the 3rd installment we get a more indepth story of Alyson. I can't wait!

I loved the second installment of Blake & Alyson's tale. We pick up immediately where volume 1 left us, they've had their one night, but Blake wants more. Will he return? Does Alyson need Blake just as bad? We do get more history w/ Blake & we get an idea but it never is fully explained. Hopefully volume 3 clarifies that. But we get some key words: proposal. Pregnancy. Hospital. Funeral!! I loved the scenes w/ Blake's twin Derrick & Alyson, you'll have to be read to find out but it's definitely a funny moment.
Kim can write one hell of a hot scene, Blake is one sexy Dom. Can't wait for volume 3 & the conclusion!!

I receive an ARC for an honest review of this amazing book!! HOLY HOTNESS!!! I love this story!! This picks up right where vol. 1 left off with Alyson and Blake! This is a quick read but packed full of sexiness!! This series is a must read and I look forward to the next story!! There is a cliffhanger but, I have a feeling, it's gonna be worth it!!! Great book Kim Black!!

Amazeballs Book Addicts says

Just One Night, Vol 2 can not be read as a standalone. You must read Vol 1 first. Vol 2 picks up where Vol 1 left off. It's told in Blake and Alyson POVs. I love dual POVs because we can get into both the character's heads.

I loved how Blake and Alyson meet in the first volume. In volume two the night is not over and we get more steamy Blake and Alyson scenes. Both Blake and Alyson seem to have feels for each other.

We get a little more information on Blake's past but still not enough. There are still a bunch of unanswered questions about Blake's past. Alyson meets Blake's brother Derrick, which provides for some funny conversation.

This is not the end of the series. So of course there is a cliffhanger. I can't wait to read Vol 3.

A copy was received for a review.

Sassy Southern Book Affair says

I loved the first book. This one, not so much. To me, it felt a little rushed.

We are let into more of Blake's past but not enough to get the full effect. There are still pieces missing which I am hoping will be resolved with the series. Apparently not only is Alyson one he can't get off his mind, she also remind him of his past, one that has made him who he is. Alyson on the other hand cannot forget Blake for other reasons. She is becoming more outgoing and doing things she normally wouldn't.

When these two get together, the scenes are steaming but it is the in between that is lacking for me.

3.5 Stars

Wow, I love Blake and Alyson, they have a great connection and can't deny what they feel for each other. Even though it was just one night they had an instant attraction and amazing chemistry. Holy cliffhanger, I can't wait to find out what happens between these two.
