Beware Of The Stranger

Janet Dailey

Beware Of The Stranger Janet Dailey

Samantha's experience with men as the daughter of tycoon Reuben Gentry had been disillusioning.

But she'd gone willingly to Chris Andrews's home miles from anywhere on an island in the St. Lawrence, expecting her father to join her there. Suddenly she realized she was subtly, but surely, being held prisoner there. Were Chris's calls to her father about ransom? Was he really Chris Andrews?

Samantha knew she had to escape. But the thought of never seeing Chris--or whoever he was--again, filled her with desolation...

★Kayla★ says

This is one of my two FAVORITE of the State books of Janet Dailey!!

Wendy, Lady Evelyn Quince says

This was a real meh book. The best part of it was the 1970's kitsch; the hero is introduced wearing a forest green blazer and plaid pants. The heroine's wardrobe is full of plaid blouses and light-blue bell bottoms. Plenty of smoking, tossing those cigarettes down and then engaging passionate make-out sessions.

As for the plot...well our plaid wearing hero shows up at the heroine's job, claiming to work for her wealthy father who needs to see her immediately. He takes her hundreds of miles away to a secluded island, never lets her off the island and never lets her use the phone. The heroine (whose name I don't remember even though I finished the book last night) is wily journalist with sharply-honed instincts, so it only takes her 100 pages to realize that she's been kidnapped. The hero's name changes every 42 pages or so...first he's Owen, then he says he's Chris, then he reveals he's Jonas, then...it was like a Scooby-Doo mystery that never ended.

I've read quite a few Janet Dailey books, and I recall that JD said she finished her manuscripts in only 4-6 weeks. It shows.

2 1/2 stars./D+ Not rounding up.

Brenda says

Ah, her horoscope in the newspaper came true ... Beware of the Stranger. Pretty girl is kidnapped by hunky guy. They fall in love ... but nothing can ever come out of it ... or could it? Good, fast read.

sbf20112011 says

Fairly ludicrous plot, but still an engaging, if dated, romance. Completely unbelievable that they wouldn't tell her what was going on once she started trying to escape.

Annarose says

Samantha wanted to have her own life apart from her rich loving father for a while so worked under a different name in a newspaper. One day, a man called Owen Bradley, whom she knew worked as her father's secretary, but whom she has never seen, approached her and told her her father wanted her to have a week's holiday with him in an island. Since it was always her father's way of arranging things, she didn't much question the matter and went along with it. It wasn't until she reached their destination that she discovered she was kidnapped by this man calling himself Owen!

Beautifully written and good pass-time read.

Jen says

Familiar formula of quasi-Stockholm syndrome... But Dailey made me pretty emotionally invested (maybe I'm just feeling angsty).

Kristi says

Great read... a touch of suspense, but pure romance.

Prescilla says

An abduction, hostage falling in love with her captor. A nice plot. Janet Dailey has never disappointed me.
