Wicked Wedding Sawyer Bennett

It all started with a wedding...

Well, three weddings, to be exact. The one that happened, the one that went up in flames, and the one nobody saw coming.

Andrew Collings has seen a lot of things living in Vegas. Hell, he's done a lot of things. But one thing he's never witnessed is a beautiful brunette, hitchhiking her way into the city, wearing a wedding dress. Until now, that is.

Brynne Adams is running away from a broken heart. She expected a lot of things from her wedding day but finding photos of her fiancé and maid of honor and best man in a compromising position wasn't one of them. She most certainly never imagined that she'd end up marrying the handsome stranger that rescued her from the side of the road that day.

Andrew and Brynne's quick nuptials may have been the result of a drunken joke, but they soon realize that love can be found in the most unlikely of places if you just stop and take a chance.

* *Wicked Wedding* is the fourth book in the **LEFT AT THE ALTAR** series in a collaboration of six *New York Times* Bestselling Authors: **J. S. Scott, Ruth Cardello, Raine Miller, Sawyer Bennett, Minx Malone,** and **Melody Anne.**

Michelle says

Hot Hot Hot

I was so happy when I heard that I was going to more of Andrew Collings. I first got to see him in *Wicked Envy* which I loved so much. When his book came out I knew I wanted to read it. The story was really good I was addicted from the start. Andrew and Brynne are great characters. My heart went out to her but she did good in finding the very sexy Andrew. He is such a great guy and he is just what Brynne needs. After what happened her she needed someone caring and that would make her life exciting. They were attracted to each other from the very start and the sexual tension was crazy between them.

I would highly recommend this book. The story flowed really well. It was also really sexy but this author really knows how to write a sexy scene. I've enjoyed the whole *Wicked Horse* series so it was really good to get more from it. I can't wait to read more from this author.

Karen says

I liked the premise. I liked characters. It seemed a realistic point of view about kink not for everyone to accept but it happened before marriage and wasn't to be considered again Sawyer made it seem fair. However the book read like an instruction manual on anal. So romantic!?

Rose says

Great addition to the series! Loved catching up with Andrew, Dane, and Avril!

1-Click Addict Support Group says

Hot, emotional and guaranteed to break you out of any book slump...

I've been struggling with a book slump lately and Wicked Wedding has broken the spell! Andrew and Brynne's first meeting was perfection as an unexpected rescue turned into a Vegas wedding. Crazy and spontaneous for sure but there was nothing flighty about the relationship that built from there. They went into it with temporary the only thing in mind but as they spent time together, they realized they liked each other in bed and out of it!

Best friends are a big part of this read, and they bring undying support and love on one side and unexpected betrayal on the other. How it all mixes together to help and hinder Andrew and Brynne's romance made for a roller coaster ride of up and down emotion. And it all was oh so sweet...

A fabulous read that has me reaching to reread the Wicked series (both of them!) and catch up on this series!
~Diane, 5 stars

Shabby -BookBistroBlog says

This being my first book by Sawyer Bennett, I would assume that the Wicked series is in some way connected to the club -Wicked Horse. With that in mind I was expecting hot sex, some angst and real interesting plot.

I was highly satisfied on all three counts. Sawyer sure knows how to cook all the sexy and spicy dish with just the right amount of angst clamouring it. The story starts with a stunner and progresses to an unexpected twist, in the hands of a lesser author this would make it unbelievable but I was so into it, I jumped up and said YES!!!. Her writing style is very smooth and fast paced, story is flawless and engrossing.

The characters of Andrew Collings and Brynne Adams meet in a bizarre spot in a bizarre situation and she's running from a betrayed wedding and he's coming from a blessed wedding. Both happen to be on the same stretch of road at the same time, it's serendipitous !!

“ There goes years of planning this dress to be worn to the wedding of my dreams. Flushed down the toilet

by an asshole and a whore.”

They end up together that night..and the next...and the next.

What starts as a closure turns into new beginning.

I loved sawyer's style, her outlook at taboo and her untangling of the jumble all 6 of the people involved.

I loved Brynne, any girl who likes pineapple on pizza is my auto-fave!!

"pineapple belongs on a pizza.”

“Sweet and salty,” I exclaim. “It’s the best of all taste combinations. It’s like chocolate-covered bacon.”

You tell them girl!!

I love the alpha take-charge guy that Drew is, he is very sure about his feelings and uncompromising stance on his past. His friendships bonds are strong and unbreakable. In that sense I loved Avril and Dane, I'd like to go back to their book actually!!

Here's to more of her books . "3 cheers" Sawyer!

4.5 stars for various types of Menages

Dali says

As soon as I saw the title and the author I knew I wanted to get my hands on this incredibly sexy and sweet story about the wealthy scientist who stopped believing in soul mates and the runaway bride who helped him restore his faith in everlasting love.

“This is going to be epic, Brynne.”

“What’s that?” I ask breathlessly.

“Our love.”

Living in Las Vegas and being a member of the exclusive sex club, the Wicked Horse, has allowed Andrew Collings to see and do a great many things. What he never imagined he’d ever do was pick up a beautiful hitchhiking bride right after his two best friends got married and in the same night getting married himself.

When Brynne Adams found a compromising pic of her fiancé, her maid of honor and the best man right before she walked down the aisle, she didn’t hesitate to put on her running shoes and get the heck out of dodge. Hitching a ride with a Chris Hemsworth gorgeous stranger and then getting married to him as a joke helped with her misfortune. Getting to know Andrew and falling in love with him... that’s a horse of a different color! But can she live with his past experiences given hers?

I met Andrew in Wicked Envy and loved his part in his best friends, Dane and Avril’s sizzling romance. It was kinky, emotional and sweet. When I finished reading that book I longed to know more about Andrew and here it is and it’s epic. Andrew was absolutely perfect, he’s not just handsome, smart and charming, he’s also super sexy, caring and thoughtful. It was impossible not to fall for him.

“You should get married... Tonight... We’ll go have a beautiful ceremony and take lots of pictures—we’ll even frame one to send to the asshole and the whore. And then your dream will at least be realized instead of a regret you’ll later have.”

Even though their relationship moved fairly quickly, the chemistry between Andrew and Brynne was off the chart and you could see how well they fit together right from the start and feel their relationship grew exponentially. Of course they were practically strangers who lived in different states and didn’t know a lot about their pasts. There were bound to be hurdles to overcome, right?

Sawyer Bennett is a fixture in my reading list because she always draws me into her stories with great pacing, wonderful characters and an interesting plot.

Wicked Wedding is book #4 of the Left at the Altar series by Sawyer Bennett in collaboration with five other NY Times bestselling authors. It’s a standalone wickedly sexy and sweet contemporary romance. Written from both points of view with a happy ending.

4 "She's The One" Stars!
(ARC provided by author)

Andrew Collings is a gorgeous, single, extremely wealthy guy living in Vegas. He works as the chief scientist at a biotech firm called Caterva with his two best friends from college. He’s experimented in his personal life, and enjoyed the taboo in his past. Now he’s in a place where he thinks maybe true love isn’t for him. Then he picks up a runaway bride on the side of the road and everything changes.

Brynne Adams was set to marry the man of her dreams when her life is suddenly turned upside down. She’s rescued by a beautiful man who makes her forget all her problems. They spend time together and just click. Their chemistry is amazing and they impulsively decide to marry for the fun of it. They are spontaneous, and the attraction between them is on fire. They share a passionate night together, and they realize they both want more.

-I've known this woman less than two minutes, yet she may be the most fascinating creature I've ever met.

-She's the most beautiful thing I've ever seen.

-She's something incredibly good that has come into my life.

-My belly flutters with a sensation I've never felt before. Like I just became "his" in a way that I've never belonged to anyone.

Andrew and Brynne's impromptu Vegas wedding to a stranger turns into a deep meaningful connection, but their lives and careers are in different places. Andrew is falling hard and fast for Brynne, but will secrets threaten to destroy their love?

I really enjoyed this short, sexy story about a runaway bride who finds unexpected love. I loved Andrew from Wicked Envy and was happy to get his HEA. This was a great story about following your heart, and being open to love.

This review was originally posted on (un)Conventional Bookworms

Wicked Wedding is a hot, fast read - with a whirlwind romance, a very bad ex, and a big secret.

Story:

Wicked Wedding was so hot! And it was also filled with quite a bit of humor. And if you've read any of the Wicked Horse Vegas books, you know some of the side characters that show up in this story. I loved both Drew and Brynne, but especially Drew! He was hit by lightning when he met Brynne. And she thought she was having the second worst day of her life - until it became one of the better days instead. All thanks to Drew and his very unconventional proposal

Meeting by chance, both on their way from a wedding - Drew had just seen his two best friends get married, and Brynne fled her own wedding after finding out her fiancé had cheated with the bridesmaid AND the best man the night before - they figured another wedding might even things out a bit. Wicked Wedding started out as a fake wedding. However, it didn't take long to see that Brynne and Drew had more than a little potential.

Rather fast paced, Wicked Wedding spans over just a few weeks at first, then two months of reflection. And I thought my heart would shatter. All because Drew - against his better judgement - kept a huge secret from Brynne. And the secret didn't even have anything to do with her, their present, or their possible future. That's not to say I wouldn't have felt a bit bad if I was Brynne. But Drew totally deserved at least a little of Brynne's time to listen to his explanation.

Bennett's stories always touch me in some way, and Wicked Wedding brought me laughter, hotness, anger, hope, and romance.

About Sawyer:

Since the release of her debut contemporary romance novel, *Off Sides*, in January 2013, Sawyer Bennett has released multiple books, many of which have appeared on the New York Times, USA Today and Wall Street Journal bestseller lists.

A reformed trial lawyer from North Carolina, Sawyer uses real life experience to create relatable, sexy stories that appeal to a wide array of readers. From new adult to erotic contemporary romance, Sawyer writes something for just about everyone.

Sawyer likes her Bloody Marys strong, her martinis dirty, and her heroes a combination of the two. When not bringing fictional romance to life, Sawyer is a chauffeur, stylist, chef, maid, and personal assistant to a very active daughter, as well as full-time servant to her adorably naughty dogs. She believes in the good of others, and that a bad day can be cured with a great work-out, cake, or even better, both.

Sawyer also writes general and women's fiction under the pen name S. Bennett and sweet romance under the name Juliette Poe.

ARC provided by author in exchange for an honest review

A wicked sexy romance written by none other than Sawyer Bennett! This book was a fast filled sexy romance where a couple gets married so fast and then realizes that they are more than compatible for each

other. A wicked match as one would say. So if you are looking for a heated sexual erotic romance that was filled with lots of heat, passion and steam then this is the book for you. An unconventional meeting of two strangers who discovers that unexpected romance is the best wicked kind.

☆ Bianca ☆ BJ's Book Blog ☆ says

We remember Andrew from the 3rd Wicked Horse Vegas Book. He was the third in the relationship of Dane and Avril. They had some erotic fun as a threesome for a while - after being best friends since college - but now Dane and Avril got married. And Andrew is completely okay with that. He was never in love with Avril.

On his way home from the party
Andrew comes across a Runaway Bride on the side of the road... ?

WHAT WILL HAPPEN TO BRYNNE & ANDREW????
WILL THERE BE A HAPPILY EVER AFTER?
READ THE BOOK TO FIND OUT! ???

????????????????????

Well, this was cute.

You immediately adore Andrew and Brynne. And then they get insta-married and want to keep seeing each other after that one night. Really adorable! And it seems to work. But of course there's a BUT! ? They'll get their HEA in the end of course, it might just take them a tiny little bit longer once the 'truth' comes out. But the reader definitely has a great time reading about this sexy and fun falling-in-love-after-you've-got-married romance!

WICKED WEDDING was a fun and sexy insta-wedding romance! Very adorable!!!!

? ?
? ?

Rebecca says

Picture this: a 'runaway bride' gets picked up on the side of the road by a complete stranger who just so happens to be dressed in a tuxedo and these two decide that what happens in Vegas, stays in Vegas and they end up getting married to each other, even though the now wife just hours ago was supposed to marry the man she thought was the love of her life and the now husband had just accepted the fact that love wasn't in the cards for him after his two best friends, the two people he was in a menage a trois relationship with for several weeks, fall in love and marry each other, leaving him floundering even though he's more than happy for his friends.

How wicked and wild does that sound? Well, let me tell you, what Andrew and Brynne experience after their impromptu Vegas wedding, is confusing, erotic, dramatic, and super fast-paced, which means that as much as these two connect on a physical level, they don't know a lot about each other and there's one particular piece of Andrew's past that is bound to be a point of contention for Brynne, making something real between these two a crap shoot, regardless of how quickly Andrew and Brynne connect and develop feelings for each other.

I'm always intrigued to see how someone who participates in the kinkier side of sex can go without/live without that aspect once s/he commits to someone else, and I really appreciate the fact that Sawyer Bennett provides readers with Andrew's perspective when it comes to his sexual escapades with Dane and Avril. His point of view is very enlightening, and it helps to understand his mindset and what he got out of the threesome, which was about more than just kinky fun.

I do have to say, though, given Brynne's past relationships and the broken trust that occurred, I can't blame her for her reaction to the secret Andrew was keeping. Did she take things too far, probably, but it stems from hurt and heartbreak and it's easy to lash out when something hits home a little too much.

Andrew and Brynne's Wicked Wedding is a fast-paced wild and kinky ride - from the quickie 'pretend' wedding to the fact that these two can't seem to want to be unmarried from each other, and while their union may have been impulsive and the logistics of their lives contrary, despite what these two are up against, Andrew and Brynne may just be willing to make their marriage real as long as they can see passed their respective pasts and what they still need to fess up to in order to be completely open and honest.

4 Poison Apples (The Fairest of All Book Reviews)

Rosa Sharon (iScream Books Blog) says

"I'm going to listen to my gut instinct here and not my brain."

Confession, I read *Wicked Wedding* as a standalone. Why? Because it was written by Sawyer Bennet, and I've loved everything I've ever read by her so I knew it would be good. And I was right, it's amazing.

Andrew is driving down the road in Vegas and sees a fully decked out bride-to-be in her beautiful wedding dress holding out her thumb, hitchhiking. Being a Las Vegas resident, not much surprises him, but this was a

first for him. When he pulled over to offer her a ride he found himself enjoying her quick wit and sass. Rather than just dropping her off at her hotel he made another suggestion. Imagine his surprise when she agreed. Imagine her surprise when she ended up married on her wedding day, *to a different groom*.

I thought this would be just a short, sweet, and funny rom-com, but it went deeper than that. I found myself totally invested in this couple and the issues they faced the day after their impulsive decision. Of course, I was doing my usual mental matchmaking. Hoping that they would decide to stay together. But, she was just in Vegas to get married, that's not where she lived. They lived in different states, how could a marriage work under those circumstances? My fairytale imaginings weren't very likely, but isn't that what makes reading romance novels so wonderful? That eternal hope for a happily-ever-after? Don't tell me that *#RoadsideRomance* isn't a thing, I beg to differ. This talented author can imagine anything and make it work. I'm ready for whatever adventure she takes me on next. The line forms here...
