The Secret to Dating Your Best Friend's Sister

Meghan Quinn

The Secret to Dating Your Best Friend's Sister Meghan Quinn

How do you date your best friend's sister? Easy.

Step one: Pretend you want her to set you up with someone else. That will bring the two of you closer.

Step two: Go on date with lots of random women, proceed to get stupid drunk and talk about your best friend's sister, thus gaining the courage to finally make a move.

Step three: Randomly show up at her apartment and confess your love. Women love that, right?

It all seemed so simple. A fool-proof three step process that will guarantee the love of you life to fall madly in love with you.

At least--that's what I thought was going to happen. But my attempts to win over Julia Westin backfired in more ways than I can count. The thing about Julia? She's smart--really smart--and her wicked gaze cuts through all the charm I've tried slinging her way. She's not interested in games, my gifts, or my stories. She might want me too; but she's not giving in that easy...

This book is now live!!! You can read for free with kindle unlimited!!! :D

This book is a true gem among the stones. I loved it to pieces

Meghan Quinn has a way of adding sparkle to every single book she writes. This is exactly why she is my go to author. Whether I am looking for a book that will make me laugh or one that will pull at my heartstrings I always know I can find it within her novels. In her latest book she brought me feelings of joy and excitement. I loved reading about Bram's journey to finding love with his best friends sister and the way he goes about the process. I say process because the woman he has been pining over since college is also a PHD holder and a dating expert. How cool is that? If you're looking for a swoony, lighthearted, and humor filled novel this is a must read for your 2019 TBR. I think many readers are going to fall head over heels for Jules and Bram while also secretly hoping that a few secondary characters get their own story too.

I am going to leave my review short and sweet because I don't want to ruin the plot for those who plan on reading it. In fact, the book can be easily loved by going in blind. It's always fun to go into a book knowing nothing about it but falling in love anyway. I will say though that it is a fantastic novel of somewhat forbidden love (best friend's sister) that has it's sexy moments! So make sure to grab a copy. You can PREORDER A COPY TODAY and get it when it goes live at midnight on January 3rd!

I've discovered four things: you need to transition your girl from being *only* your best friend's sister to being the woman you can't live without- your **life mate** ; you must ensure said life mate feels valued and treasured by respecting who she is and what she's about; odd as it may seem, appreciate tube socks- no matter how they're worn- and know they always need their own drawer; and finally, don't be a prideful dickhead. Know that love is worth fighting for, because when your heart beats to the same rhythm, that's where true wealth is found.

From USA Today bestselling author Meghan Quinn comes a deliciously delightful romantic comedy about falling in love with your best friend's sister and finally finding the perfect moment to make a move.

Bram Scott has been in love with Julia Westin for ten years but has been waiting for the perfect moment to make her his. With a bullet-proof plan up his sleeve, he believes he's going to capture her heart in three easy steps. Little does he know, her heart is a hell of a lot harder to capture than he expected.

Meghan Quinn is one of my most favorite authors, her new book, The Secret to Dating Your Best Friends Sister, is a fun, sweet read you will not want to miss.

I fell in love with Bram and Julia. I wanted so badly for them to find their HEA, I read this one slowly, It was over the holidays, so my reading was here and there but by the end, I was left with a big ole smile on my face.

Keeping this one short, but sharing one of my favorite banters between these two ?

Bram: So . . . do I get a good morning? How's your dick? Did it fall off from blue balls?

Julia: You're impossible.

Bram: I'm waiting . . .

Julia: [eye-roll emoji] Good morning, Bram. Did your dick fall off last night?

Bram: Almost, but I patted the old guy and told him you're worth the wait.

4 stars

This was a fun and cute read, I enjoyed it a lot. Both characters were so lovable that I couldn't get enough of them.

I adored Bram and Julia and I loved their relationship. Bram and Julia have known each other from college. Julia's brother is Bram's best friend. Bram always has a thing for Julia. There is a lot of humour and sweet moments between these two.

It was a fast paced, sweet and fun story. If you are looking for a light and heartwarming romance this is

perfect.

Auntee says

Ohhh, this book! I loved it!

This was a no-brainer for me because I've *loved* everything that I've read by Meghan Quinn. She's my go-to "feel-good" author. She always delivers the laughs and the sexy times! Whenever I finish one of her books I have a smile on my face.

This one is about real estate mogul Bram, and matchmaker Julia. Bram is a few years older than Julia--they met at Yale where Bram is best friends with Julia's brother Rath. Bram's always liked the nerdy, introverted, tube sock wearing(!) quirky but beautiful Julia, and looked out for her like a brother. But after years of dating hundreds (!) of women, he has an epiphany of sorts and realizes that Julia is the one for him. But how does he go about convincing her? They've always had a teasing/antagonistic relationship with moments of sweet friendship, but Julia's never been on the receiving end of Bram's romantic interest. How does he approach her? Would she be ready for a relationship with him now, after she has established herself in the business world--is she ready for the next step in life? Can he convince her that he's serious?

Ohhhh, the sexual tension that just *pours* off the pages in this one! How Bram goes about insinuating himself into Julia's life is clever--he convinces her that he wants to take her matchmaker 'program'--what color are you?--so she can find him the perfect mate. This is all just a ruse so he can spend some time with Julia. It seems like kind of a round-about way to get her attention, but it works!

I don't want to say any more--there are a few twists (Bram is a 'red'--oh no!) and turns and misunderstandings (that fortunately, don't go on too long). But what surprised me was how long it took for Bram and Julia to actually 'get physical'. I swear I was 75% into the book and they hadn't done it yet--but who cares? Their chemistry was off the charts and half the fun was seeing them build and build and build towards it and then **BOOM!!** The heat was turned up 100 degrees!

I can't remember having read a book with such an explosive/satisfying payoff! Wooo....

Loved it loved it loved it!

I hope there is a second and third book planned for Bram's friends Rath and Roark (gotta love these names) because they each are just begging for stories of their own!

One huge satisfied smile here--5 big stars!

*****4.5 STARS*****

{ARC Generously Provided by Author}

And just like that, I feel my heart leap out of my chest and right into Julia's hands. She holds it; she has it all to herself. But I don't think she realizes that mine beats because of her—that she has the potential to crush it more than anyone else in my life—and I hope she doesn't throw it back at me. Ever.

THE SECRET TO DATING YOUR BEST FRIEND'S SISTER has got to be one of the longest titles for a book! I just love me a good romcom by one of my favorite authors, Meghan Quinn. Her humor has me rolling on the floor with a stomach ache from laughing so hard. This story had plenty of laughs, heartbreaking angst, and crazy good love!

Bram Scott is a book boyfriend who will make many a reader swoon. I found it impossible not to fall in love with his character. The lengths he goes to in order to win Julia's heart are what make him one of the most loveable book boyfriends.

Julia, however, was an extremely frustrating character. It took me a very long time to warm up to her character. I get that her insecurity was a huge factor in why she was so closed off emotionally, but this woman is supposed to be highly intelligent and I didn't get how she could be so blind to what was right in front of her the whole time. Her stubbornness had me wanting to throw my iPad against the wall a few times.

But Bram is a pretty amazing Hero and when things started to take off between them, my frustration started to diminish, however, if you are a true romance fan, then you know that the happy floating on a cloud times are usually temporary and something ultimately will come along to put the couple's love for each other to the test. I was right back to disliking Julia again and I knew if she did not make some sort of grand gesture to prove her love for Bram, this was going to be the first time I didn't love a Meghan Quinn book. Thankfully, Meghan knew what she had to do to make me happy!!

Here are my overall ratings:

Hero: 5+++++++

Heroine: 3

Plot: 4

Angst: 4.5

Steam: 5

Chemistry Between Hero & Heroine: 5

THE SECRET TO DATING YOUR BEST FRIEND'S SISTER releases on January 3rd! I predict we are in for another superb series by the amazing Meghan Quinn!!

Zoe says

Sultry, entertaining, and sweet!

The Secret to Dating Your Best Friend's Sister is a passionate, charming tale that mixes the caring, hardworking Julia who's determined to use all her knowledge and expertise to find the perfect match for her brother's best friend, and the delectable, successful Bram who has finally decided to take the risk and act on his feelings for his best friend's little sister.

The writing is titillating and crisp. The characters, including all the supporting characters, are fun-loving and engaging. And the plot sweeps you away into a sassy, push-pull storyline filled with witty banter, shameless flirting, sizzling chemistry, friendship, family, romance, and light drama.

Overall, The Secret to Dating Your Best Friend's Sister is a fabulous read to kick off the new year. I enjoyed the characters, I enjoyed the storyline, and I loved the swoon-worthy happy-ever-after ending!

Thank you to InkSlingerPR and Meghan Quinn for providing me with a copy in exchange for an honest review.

Natalie The Biblioholic says

I always know that when I pick up a book by Meghan Quinn that I'm guaranteed some rib busting laughs and tons of swoon-worthy moments. This story did not disappoint! It was sweet and charming and the characters were so endearing and relatable that it was impossible to avoid loving it.

In all honesty, there was really only one character I couldn't stand - Julia. She was entirely too hard to stomach and I had to grit my teeth just to get through her chapters. She reminded me of an ostrich with its head in the sand. How can you go through life, in this day and age, and not have a clue to reality? Your entire love life hinges on a color? I get that it was her life's work, but c'mon! If I had a dude giving me his ALL the way this one did, I would not be throwing up road blocks and creating obstacles.

That being said, all four stars go to Bram. He was absolutely incredible. The epitome of what a hero should

be. Intelligent, successful, attractive, hilarious, down to Earth, humble, kind, sensitive, loyal, honorable, sweet, considerate, patient, understanding, etc. When a man like this tells you that YOU are everything he could ever want, that YOU are his one, that YOU own his heart, YOU have won the freaking lottery. Know this.

So yeah, MQ created a story that was very easy to get behind and a hero that I wish was real. I'm not a man stealer, but if he really existed and he happened to be with someone, I'd stoop to some levels that I didn't know I was capable of ???

Tina says

~~Does anybody know if this one is safe?~~

why do I bother? of course it's not. He was in half love with her since he was 21 years old, now he is 33, he likes to fuck according to him, of course he is a manwhore, and now he wants to settle and be with her because she was the only one he wanted to date.

Oh oh here is an advice, m-m-maybe be a man enough and have the balls to tell someone you love them instead of fucking others and claiming to love one woman. B-b-because here is the deal idiot - if you are doing all that with ow, that is not love.

Fucking sick of this manwhore trope where in their 30s they decide to settle with someone they had in mind forever (the perfect shy girl of course) and in 20s you need to fuck of couse, because you are man and everybody knows that only men have needs and they can onlyyy satisfy them with multiple ow.

I don't care if he is celibate since the book starts or not because I am sick of this trope, sick. Coward hero
puke
