## **Touching the Waves** Ben M. Baglio

Jody McGrath's dolphin dreams are coming true! Her whole family is sailing around the world researching dolphins - and Jody is recording all their exciting adventures in her dolphin diaries

The McGraths are in Key West, Florida, visiting a very special dolphin center - with "dolphin teachers." Jody loves watching the dolphins at work.

But when one dolphin gets tangled in netting, will Jody be able to free it?

## From Reader Review Touching the Waves for online ebook

### Gabby says

Hi I am Gabby Mancini and I love Dolphin Diaries #2 so far it's interesting, fun and exciting! I Can't wait to read the rest of it! Also are Apollo and Rosie like best friends? Keep writing these dolphin Diary books!

---

### Katie says

wierd at the beginning

---

### Kimberly says

I loved dolphins as a child, so back when I was in fifth grade I began this series. It's great for middle schoolers.

---

### Sammy says

Another really good series of books by Lucy Daniels, I was completely in love with these books when I was younger. This series I particularly likes as it was Dolphin based and they used to be my favourite animal when I was younger.

If you like animals you cannot help but love these books when you are a child.

---

### Sella Malin says

I liked this series when I read it in 3rd of 4th grade; I don't really remember it, but I know I've read better books.

---

### Victoria says

This book started off average but I really enjoyed the 2nd half. I learnt a lot about how dolphins can help people who have autism, which isn't what I expected to learn from a kids story book. You can tell how researched and well thought out these books are. Props to the author

---

### Serena says

I loved this. I thought this was the most suspense filled and emotional book in the series personally. In other

---

words, I really liked it.

---

### **Angela says**

it is very touching story bout humans and dolphins

---

### **Twyla says**

My favorite part was when Rosie was freed and healthy again. the worst part was when Rosie was caught in the net that people left laying around a key where no one lives. My favorite character was Jody. She helped the dolphin. The worst character was the person that polluted the key. Auryn 11 years old , 2014

---

### **Taylor says**

the Mcgraths are in key, west Florida visiting a very unique and special dolphin center-with "dolphin teachers". rhis is jody's first time going here so she is pumped! Jody loves watching the dolphins at work and play. But when a very special dolphin gets stuck in the net will Jody be able to save her? you will have to read the book to find out! This book was really super amzing, if you like dolphins like me!

---

### **Kayla says**

Touching the Waves is the 2nd book in the Dolphin Diaries Series. in this book Jody goes to Florida to visit a dolphin research center and saves a dolphin from a net and worries that shell never see the dolphin again. even though this book is fiction you could use this book in a science class when you talk about mammals and the ocean.

---

### **Arielle Walker says**

Came across my 2003 school reading log, so figured I should enter these books in too. In the words of my ten-year-old self, this book was: "Really good"
