2 Hot 2 Handle

Kelly Jamieson

2 Hot 2 Handle Kelly Jamieson

Two men. Too hot

Abby Finlay sticks to one simple rule: no commitment. Ever. She's not a one-man woman or even a one-woman woman. She likes sex, and she's not afraid to experiment. The secret to her success is never sticking around long enough to let anyone get past her tough, cynical exterior.

And that's what's making her nervous right now. The Look. In other words, the expression on two-months-steady Eric's face when he looks at her. It's got next level written all over it and Abby's on alert to head for the door.

When Abby confesses to the sexual arousal she feels with his roommate, Jett, Eric can hardly believe his luck. He and Jett have been looking for that one perfect woman with whom to share their lives, and Abby is the missing piece who fits perfectly into the empty space.

Confronted with not just one man, but two who offer her the C word, Abby's buried fears come roaring to the surface. There's only one thing left to do. Run, before she hurts the two men who mean more to her than they should."

Angel Padillo says

[Even though no commitment was made between Eric and Abby, the scene where she left and Eric and Jett got it on instead, felt like cheating. (hide spoiler)]

Skylar Kade says

This was amazing! 2 Hot 2 Handle was exactly that--too hot! Kelly Jamieson is a very talented author and the emotion and sensuality in this book were off the charts.

Dianne says

I wasn't entirely sure what I was expecting from this book but I was a little disappointed with this one. I just felt like this book was one big ping pong game. Abby going back and forth with deciding with what she wants. First she doesn't want a commitment and then she feels upset that she's just a third, then when Eric and Jett tell her they don't want her just to be a third, she flees. To be honest I agree with one of the reviewers that in threesomes I prefer the men to focus on the woman and not each other but that's just my fantasy. I don't know how I entirely feel about this book but I'm just not wowed. This is an ok read.

Alex is The Romance Fox says

I am a fan of Kelly Jamieson since I read Rule of Three & Rhythm of Three, so I was eager to read more of her books.

So grabbed 2 Hot to Handle.....and I have to admit I was somewhat disappointed. I just couldn't get into the story or connect with the characters.

I enjoy ménage stories but I have to feel the emotional connection between the three characters and here I just never felt that.

Abby, the female character just "pissed" me off!!! Someone who has done everything possible sex wise, doesn't want any commitment with anyone – she's afraid to turn out like her slutty mother....

but ooooh...shame....she wants to be wanted and needed!!!!!! She's not a slut!!!

Because all this time, she's just been the "hanger-on". And what she wants is to be loved for herself!!!!

And what happens when she has these two men who want to commit to her??? Not only is the one a hot and sexy photographer and the other a gorgeous and ...yes...intelligent model who is also a doctor....no kidding

you.....yes, the two guys are in a relationship but they want to include Abby – never got the reason why – maybe she’s some kind of awesomeness.....but wait, I’m getting away from the plot.....
So, okay, these two gorgeousnesses love her, love her body and want her to join them in their lives.....wow....finally...Abby can be loved!!!!

And yes, she gets out of bed, after the most hot and mind-blowing night of sex with these two men, and she’s out of there.....bolts and goes crying to her best friend....who she’s had a threesome with before...asking for advice!!!!

I just wanted to tell the two guys to do it with each other and forget “painful” Abby!!!!!!!!!! For the life of me I could not get it....what did they want to include Abby in their lives??????

But then, I could not say exactly that I connected with Jett & Eric either. Was it because this was a short story? I don’t know....but whatever.....I could not care what happened to any of them. Who cares!!!!!!

So, if you want a plot and great characters...this is not for you. But if you want some smutty and sex filled scenes....then go for it!!!! It’s a quick read anyway!!!

And the only reason for 3 stars???? I do enjoy the author’s writing style!!!!!!

Juls says

who wouldnt want 2 men? Abby has the opportunity of a lifetime but her insecurities get in the way of finding true love.

Abbys talk to a former lover and good friend shows her that she doesnt want what she used to have but wants and needs more. Eric and Jett are willing to offer that to her and more.

this is very short but sexy read. i really enjoyed it.

Angie says

maybe 2.5 stars. Rule of Three was much better. This book was too short and didn't really build up at all.

Beate says

An OK read. It was hot in parts, at least it was until words like 'vulva' and 'labia' were thrown into the mix. That wasn't sexy. That felt clinical, like she should actually go see a doc or something.

The book is short, and it has an abrupt ending. The smut is well written (except the words I mentioned earlier), and best of all - it's a M/M/F story where pretty much anything goes. Yes, I prefer M/M/F to M/F/M where the M/M's never even touch each other.

Read it if you want good smut - don't read it for the plot.

Heather in FL says

This was shorter than I expected it to be. Not so much of the character development normally in a Kelly Jamieson story, but it was definitely steamy! Abbie has been dating Eric for a while, who lives with Jett. Abbie doesn't get into serious relationships because she's afraid she's too much like her mom, who continuously cheated on her father. Her father stayed with her mom because he loved her. She didn't want to worry about hurting anyone like that, so she figured if she never let anyone get too close, she'd be fine. Problem is that she does kinda feel stuff for Eric. And when Jett makes a play for her and she's tempted, she feels like the only thing she can do is break up with Eric. Only when she tries, Eric and Jett come clean that they are in a relationship and want a threesome. Which seems like a good, non-commitment way for everyone to get what they want, until they offer Abbie the commitment and she freaks. All's well that ends well, and it doesn't really take them much to get to their happy ending. Like I said, short and steamy, just lacking on depth.

Karsyn says

Meh. Boring.

tyrianpurple says

2 MMF stars.

it is unusual for menage story where the plot stronger than the smut, like this one. i actually like the nonsmut part, so sweet, the character well built, and the chemistry blatantly on display.

Jen says

Too Short :)
Very hot book

Eric and Abby are dating. But Abby knows it's time to move on soon. She doesn't do commitment. And when she see's Eric getting too close, she starts to panic.

Abby had just decided she was having feelings for Eric, maybe he was the one, maybe it was time to give a try... Then that one morning when Eric went to work, and Abby came out for coffee to see Eric's roommate Jett.

Jett had assumed that Eric had talked to Abby about what they wanted from her. From moving from casual with Eric to something more - so when he saw Abby, he needed to be close.

But Eric hadn't talked to Abby yet, and Abby started getting freaked out by her feelings towards Jett. If she cared for Eric as much as she thought she did, why was she feeling this way about Jett??

A short but fun threesome with 2 hot guys and a confused but willing girl :)

Lisa ~ Books Are My Drugs ~ says

This just was too short to really deliver more than smut. Abby doesn't do commitment so she's ready to bail when her boyfriend Eric starts talking about taking their relationship to the next level. He just doesn't get into what that level is. Then his roommate Jett makes a move on her & she's turned on so she's really ready to run then, thinking there's no way she can be faithful to just one man. Turns out that what Eric was wanting. He & Jett have been lovers for quite awhile & they've been looking for a woman to "complete" them. And lucky Abby wins.

Ashley Nelson says

Not much here outside of the smut, which was only OK. Very little character development. Didn't care much for the heroine, found her too immature. Only finished it because it was short. This is an earlier work by the author. I enjoyed her more recently published book much more.

April says

3.5

Sarah says

The only real complaint is the length didn't allow for development of the characters too well. They were great, and I really enjoyed the story, but I just think that if it was good with this length, it could have been great as a full novel.
