Seeker

Jolene Perry

Seeker Jolene Perry

Eighteen-year-old Kara is the best at what she does: Finding people with talents.

This time her target is a group of powerful people sailing toward The Bahamas, and her timing isn't just important, it's life or death.

But Kara's given a new partner, a guy named Ocean. He doesn't follow the rules on a video game, much less her black and white ideas of how people with talents should behave.

As the chase begins and she starts to warm up to him, everything changes. Information about the Shadows come to light, and the more she learns about her mark, the less she knows who to trust.

Timing is still critical, but the misinformation fed to both Kara and the people on the sailboat could be devastating for everyone.

Told from the perspective of the "bad guys" Seeker is the last book in the Shadows trilogy.

Seeker Details

Date : Published April 1st 2013 by Next Door Books (first published March 15th 2013)

ISBN :

Author : Jolene Perry

Format : 360 pages

Genre : Fantasy, Paranormal, Young Adult

Wendy Higgins says

I really, REALLY loved this trilogy. Loved how Jolene writes seemingly effortlessly from one viewpoint to another from book to book, how all of the characters and their powers and stories piece together. A very original concept. SO glad I got to be a beta reader for these!!! :-)

Jolene Perry says

I just finished my rough draft of this, and it ended up being WAAAY more intense than I thought it would. Also...

It was fun to be in the head of the "bad guys" for a huge portion of the book...

"Yeah. The real thing. Two months ago Voodoo was a joke and part of Addison's love of Scooby-Doo. Now Voodoo changes lives, gives people gifts, and locks shadows into a world that shouldn't exist."

Christy LoveOfBooks says

3.5

I was sucked into the Shadows trilogy earlier this year when I read Insight. Then I immediately read the second book Manipulation. I thought Seeker wasn't going to be released until much later in the year, so I was extremely happy when I just happen to see it up on Amazon a few weeks ago. Seeker turned out to be a great ending to the trilogy.

Micah, Landon, Addison, and Dean are all on the run from the Middle Men and on their way to the Bahamas. The shadow people have lead them there, but they aren't sure whether they are leading them to something good or to their demise. Kara and Ocean (yes, that's his name) are assigned to stop the group from freeing the shadows, which could have dire consequences.

The first two books all led up to this point. Everyone discovering where their talents came from, what the shadow people really want, and why do the Middle Men want to stop them so bad. It was cool to get a look at the 'bad guys' from within. Up until this book, they were always chasing after Landon, Micah, Addie, and Dean, but we didn't really know their objective. Only that they wanted to capture the four of them. So it was nice getting some insight to the good and the bad of the Middle Men.

Seeker is primarily told from Kara and Ocean's POVs, but we do get at least one chapter from the POV of the other four. Kara grew up in the Middle Men organization believing the shadow people are bad, and she has the scars to prove it. I liked that Kara is stubborn and determined, not to mention she can throw a punch. She is such the opposite of Ocean. He is so laid back and calm, with an easygoing personality. They balance each other out so well, and I love that.

I love the power of insight that Micah has, and the power of manipulation that Addie and Dean have, but I wasn't exactly excited about Kara and Ocean's power to seek. It seemed kind of boring to just be able to find

other people with talents. However, the author actually made it interesting, especially the power that was between Kara and Ocean.

I wouldn't say that Seeker is perfect. I don't usually mind a couple of editing mistakes and don't usually comment on them, but there were random words missing and other similar issues that could be cleaned up. Also, I really do like how the book ended and thought it was a nice conclusion. However, the part leading up to it felt a little ... empty and glossed over. I would have liked a bit more depth with the outcome of Kara and her parents, and the fallout of everything else. But I guess the story was meant to be more focused on Kara's relationship with Ocean and the rest of the group.

Overall though, I really enjoyed the entire trilogy. All three books are quick reads and flow together seamlessly.
