Bargain omnibus editions of one of the bestselling manga series of all time!

In an alchemical ritual gone wrong, Edward Elric lost his arm and his leg, and his brother Alphonse became nothing but a soul in a suit of armor. Equipped with mechanical "auto-mail" limbs, Edward becomes a state alchemist, seeking the one thing that can restore his and his brother's bodies...the legendary Philosopher's Stone.

Contains Volumes 16, 17 and 18! The Elric brothers head north to Fort Briggs in search of May Chang, whose Xing alchemy may contain the answers they seek. But as Ed and Al soon discover, the only thing less forgiving than Briggs's weather is the regiment of hardened soldiers assigned to defend it. Matters grow even more complicated when Ed and Al get thrown in lockdown and the sadistic Kimblee arrives from Central with Winry as his hostage. But even Kimblee's cruelty pales in comparison to the evil of the new homunculi watching from the shadows...

Reads R to L (Japanese Style) for teen audiences.

## From Reader Review Fullmetal Alchemist (3-in-1 Edition), Vol. 6 for online ebook

### Adam Spanos says

After coming out of the extended flashbacks of the previous edition, Fullmetal Alchemist moves forward with the adventure. Scar and co. and the brothers Elric head north separately, the first looking for notes on Alchemy and the latter trying to track the first group down. Along the way, they run into Olivier Armstrong, commander of the Northern Amestian fortress.

This volume has everything to love about this series: great action, fun characters, stunning twists, and heart-wrenching emotional beats. I have no idea how the series can get better from here.

### Jesus Flores says

Kimblee is released by envy to find and kill Scar. Scar and May are heading north. Scar fights Kimble on a train to make time for Marcoh and May to find his brothers alchemy notes.

Ed and Al also reach north to Fort Briggs where they met Olivier Mira Armstrong. Briggs motto is survival of the fittest. While there a new homunculi appears, Sloth, who is digging an underground tunnel.

May explains Xing alchemy to Marcoh

A set of scary eyes appear on the tunnel, is it father or another homunculi.

A general from central arrives, tries to recruit Olivier Armstrong so she lets Sloth back to dig. She agrees but then kills him.

Winry arrives to Briggs to be used by Kimblee as hostage.

Hawkeye learns Selim is an homunculus.

Kimblee recruits Ed to capture Scar, while looking for him in a nearby town they split and find Scar first, along with Marcoh and May they create a plan to escape Kimblee watch, Scar fakes kidnap Winry.

Unfortunately after that news comes Armstrong was sent to central and Fort Briggs is no longer safe. Al goes out to warn them and faints.

Interesting book, we get to see how Bradley keeps control of Mustang but they still manage to investigate and communicate.

The travel to Briggs at first seemed like a filler new site to send the Elric brothers, but turned out to add some new homunculi and story development, especially about military conspiracy.

And what a cliche, Al fainting, his soul abandoning the armor is scary.

### Carey Gibbons says

Major reveal in this volume. So messed up. I love it. I think I actually yelled at the book.

### Saphirablue says

Oh, I really like Major General Armstrong. And the messages sent via Miles and Winry.

The plot thickens. That's one huge circle. \*angst\*

I'm sooooo curious about Ed & Al's father. Who is he? Why did he leave? Why did he start a family? Why...? (also, little Ed is sooooooooooooooooooooooooooooooooooooo cute. And sleepy!little!Ed on top of it? \* \_\_\*)

I'm also scared for Lt. Hawkeye. \*meep\*

those just keep getting better I love it

**Shala** says

You all know how I feel about this. I don't need to give you details! ?

---

**Connie** says

5 stars

I love romance! And alchemy! And Armstrong's badass sister Olivier! I love the Elric boys and their struggle! I also love Greed no matter how brief his appearance and the fact that every volume gives answers!

---

**Kathryn** says

Ok I want a spin off with just Izumi and Olivia ruling the world. Those two are queens. And we're finally moving towards the climax!! I'm so excited! I have never gotten so far in the manga before so I am finally in new territory! It's allllllll coming together.

---

**Taylor Ramirez** says

Shit, so if they figure out a way to get Bradley out and bring true democracy than Hawkeye, Mustang, and others might we tried as criminals.

“Mustang: Even my queen has been taken from me.”—Page 47

Aw shit.

I've heard a little bit about Armstrong's relative, so this should be interesting.

Oh no Bradley's kid has found Al.

"Mrs. King Bradley: The first time we met, he was so rude I slapped him!"—Page 103

Holy...holy shit.

Okay, I like Alex better because he's awesome but Olivier is hot.

"Olivier: You Alchemists say one always equals one...but I don't care. Laws like that should be broken."

Bitch is crazy.

"Edward: When ethnicity is all you think about, there's bound to be confrontation...but if we deal with one another as individuals, then it's possible to treat each other as equals."—Page 158

Best line of the series.

It's Sloth?

"Olivier: Almost 20 years ago...there was an incident during midwinter...a mountain patrol squad was attacked. An unknown female stole food and equipment for a whole month. But then, all of a sudden the attacks stopped. She was believed to be one of Drachams's spies."—Pages 236-237

OH MY GOD IZUMI.

"Olivier: I don't give a rat's ass about [Mustang]."

RUUUUUUDE!

UMMMMM NOPE??? WHAT THE FUCK IS IN THE TUNNEL???

WINRY OH THIS IS BAD.

So the opening of volume eighteen shows that HOLY FUCK NOPE TUNNEL THING about to eat Hawkeye. To which I say FUCK OFF!!!

"Selim: So you've found me out? What a pain. My mother can be such a chatter box."—Page 416

UMMM UMMMM UMMMMM?? Are you fucking Pride? EITHER WAY NOOOOOPE.

THAT SHADOW THING IS THE KID? WHAT THE ACTUAL FUCK.

Now I understand why the tunnel full of nope is after Hawkeye.

I feel like Mustang and his crew just need to go full rouge. Like staying on this inside seems really dangerous.

Hawkeye, this is a perfect excuse to ask Mustang to spend the night.

WINRY BOUNDING SCAR'S ARM!! I'M GONNA CRY.

Ah shit "Scar has Winry". This'll be an interesting plan.

### **A Tisbear says**

Pride playing peek-a-boo, the Red Lotus & his philosophy of extreme Darwinism... Why are there creepy bad guys in the shadows threatening everyone I like?

I'm not sure this plan will work. There is still so much we don't know.

---

### **thomas says**

great just like the rest of the series so far

---

### **Ann Fernandez says**

I love the characters introduced in this volume, especially Olivier Armstrong, who is literally my queen. If you haven't read this series, or even watched the anime, I would highly recommend, it's so good, especially with the way the plot becomes more and more intricate with each and every volume.

---

### **Maja Helena says**

\*The story of Fullmetal Alchemist, following the Elric brothers, is the perfect story. It has everything: The balance between dramatic moments and moments of comic relief is amazing, the characters are well rounded and has great growth and, finally, it deals with difficult subjects in a nuanced and respectful manner.

Also, the art style is amazing – especially in those comic relief moments! It's just priceless! That in memoriam part at the end of each volume is just hilarious! \*

This volume may be my favourite so far! Because, Olivier Mira Armstrong is soooo awesome! I love everything about her character; she does what needs to be done without being sentimental about it and yet, she doesn't expect anything from her soldiers that she doesn't expect from herself. I'd be happy to read a prequel series about her before she came to Briggs.

Plot wise we are getting closer to the big showdown. Our heroes know who the major players are, all the homunculi have been introduced and our heroes try to move into a position where they can actually do something about this whole mess.

The next/last volumes are going to be packed with information and action!

---

### **Ines says**

This is where the endgame starts.

All the pieces are starting to fall together. All the homunculi were introduced. The protagonists are mostly aware of the shape of the antagonists' plan, if not the exact details yet.

And I will never get over Kimblee's blue and orange morality. Yes, he's a complete psychopath, but his reasoning is so very alien I can't for the life of me call him evil. Amoral from our point of view? Of course. Evil? No, not really.

---

## **Jeni says**

Major General Armstrong may be my new favorite though I still love those who came before her too, including her boisterous brother.
