White Fire (Pendergast): by Douglas Preston & Lincoln Child -- Analysis BookBuddy

Fans of Douglas Preston and Lincoln Child will delight in the reappearance of Corrie Swanson and Aloysius Pendergast in White Fire. In this bestseller, Corrie is now a college student studying forensic criminology. While working on her thesis, she uncovers surprising evidence from an 1870s case regarding the deaths of 11 silver miners. FBI Special Agent Pendergast takes interest in her discovery, and readers try to solve the mystery alongside the main characters in White Fire.

With the superb misdirection and unexpected twists in White Fire, Preston and Child keep readers guessing in this mystery thriller. Fans of the genre experience the historic meeting of Arthur Conan Doyle and Oscar Wilde in the beginning of the novel while enjoying the Sherlock Holmes references. Discover the underlying themes of White Fire as you engage in discussion questions with expert responses in this literary analysis. The insightful details behind this bestselling novel will add to the thrill as you race against the characters to solve the mystery.

From Reader Review White Fire (Pendergast): by Douglas Preston & Lincoln Child -- Analysis for online ebook

Lynn says

Another good read from Preston and Child with the enigmatic Pendergast. How does the Bureau allow him so much time to pursue his own interests? Love the use of the local as a thinly disguised Aspen .Colorado. One can imagine nefarious doings among the elite. How do the ordinary town officials deal with the ultra rich?

Raimondo says

thrilling to read as all the pendercast books, but the last chapters lack of premises and need a real consequentiality in the plot (in particular the final homicide dynamic si not explained at all)

Linda Hunt says

Loved it....Could not put it down.

Susan Sorrell says

love this series.

Monita says

Good Pendergast/Corrie yarn.

Martha Schmitt says

Really started off great but the ending was a little unrealistic.

P.S. Winn says

I love the characters of Corrie Swanson and Aloysius Pendergast. Back together, Corrie is a college student. You can guess she would specialize in forensic criminology. Corrie uncovers evidence connected to an old case from the 1870's. Eleven miners were killed and the journey and adventure begin.

John Stevens says

A nice mix of characters. Intrigue. Stress! LOL
Another great addition to this terrific Preston Child series.
Read them all.

Andrea Franz says

I enjoyed this book as I loved all the Pendergast novels. I was happy that Corrie was back and assisting. I did not like the references to Arthur Conan Doyle. I usually enjoy any historic references in my novels but, for some reason, every historic reference in this novel seemed to throw me off course. I still wouldn't have skipped reading this since I read the whole series but I would recommend any other book in the series over this one.

Michael Stanton says

Environmental damage leads from 19th century cannibalism to arson, mayhem and murder in the 20th.
