Maria »viajante estática« Sales says

THERE IS MORE! THERE IS MORE!

I may be having a heart attack...

Amber says

I want this book. Where is iiiit :(

Alisa says

I love these covers! And these books.

Maria says

THERE IS ANOTHER BOOK!!

Okay, wow, shit, sweet lord, holy mary mother of god! THERE IS ANOTHER BOOK AND I AM ONLY FINDING OUT ABOUT IT NOW

Are my prayers being answered??

And don't even get me started on the cover, that perfection cannot be expressed eloquently through the use of the words in the english language.

I just spent the last ten minutes jumping up and down in joy and doing a happy dance and I am sure this book will not disappoint, all I need is a release date and I can shove myself into a hole waiting for that day.

I know I said that I had died at the end of the previous book but goddamn call a priest for my resurrection and satan cos I'm gonna need to get the name of the person who sold their soul for this book and thank them.

As you can see, I am pretty excited for the release of this book...

UPDATE: 1st OCTOBER 2014

It has been five months since I originally found out about my probable cause of death, but since then **NOTHING!** I MEAN ABSOLUTELY NOTHING **no release date no teasers NOTHING**

It is what it is... says

Will this book still be published?

Mashal says

When is this book coming out!? Have been waiting for so long!

Jana (The Booksnob) says

It has a cover now!

LOVELY!

Beatrix says

I want this. Yes.

Jaimie Edmond says

WHEN is this coming out? I'm dying here :(

★ **Belle The Bibliophile** ★ says
