Wow!! I didn't know what to think when I heard we were getting more Ceci and Bentley. I didn't want to see them go through anything bad after their HEA, but I'm so freaking happy we got this book.

We get to see dreamy Bentley and Ceci's relationship progress as they plan their wedding and start the rest of their lives together.

There are definitely some bumps along the way, but I absolutely loved this book and the finish of their story. I wanted to yell a few times at Brooke for making these two go through more heartache and crap but when all was said and done I believe this was the perfect ending for Ceci and Bentley.

If you haven't read this series yet, get on it. There is no reason not to since the series is now complete and it's simply amazing!

???? 4.5 "Bentley+Ceci" Stars ????

First and foremost, a big thank you to Brooke Cumberland for bringing back one of my favorite characters!! Sigh...I freaking love Bentley and can't get enough of him. Our beloved Bentley and Ceci are back and we get to catch up with them in After the Internship. Newly engaged, Ceci and Bentley navigates the ups and downs of their journey of becoming Mr. and Mrs. Leighton. Fame, fortune, scandal and exes comes rocking this couple's world upside down but through it all these two prove to the world that nothing and no one can stand in the way of true love. There is not much to say but After the Internship was the perfect conclusion to the Intern series. This novella had hot banging sex in true Ceci and Bentley fashion and of course a few surprises along the way. And of course we can't forget the sweet and hot HEA ending.

Overall, what can I say but swoon! Bentley and Ceci are back and hotter than ever. Ms. Cumberland did a great job in concluding their story and I must say that epilogue/announcement was adorably sweet.

just finished the last installment of the Intern Series called After The Internship by Brooke Cumberland .This

Series has been an amazing journey. This last book was just as amazing watching Bentley and Ceci love come full circle, The love they share for one another is truly felt in this book. This series is full of love, betrayal, sexual tension, and the hot hot steamy sex..Brooke is an amazing talented author who brings her characters to life in a way you feel like you are right there in the story feeling all the emotions and feelings the characters are feeling right along with them.. and the cliffhangers let's just say she has mastered cliffhangers..I will really miss Bentley, Ceci, Cora and Simon..this is an amazing end to an amazing series..if you do not read this series you will have no idea what you been missing..congratulations Brooke...you rock!

Oh Brooke Brooke Brooke I just freaking love u. And I love CeCe and Bently!!! I'm so glad there was more to this story. In this book we get to see what happens after all the bs and drama are done!!! Bently and CeCe have moved on and are trying to make sure that they are perfect for each other. I loved that we get to see more, work, play, and maybe a family. It was awesome I read it in about 3 and half maybe four hours lol

I was honored to receive an ARC in exchange for an honest review. After the Internship is an unforgettable second chance romance that tells a story of love and pain, fate and circumstances, forgiveness and hope. It is a story of how true love can survive obstacles and make you stronger.

Brooke Cumberland takes her readers on the journey of her characters right along with them. You get romance, humor, steamy sex, drama, lies, deceit, and then it all wraps up with a great HEA.

After the Internship ties up The Intern series perfectly. The only problem I had with this book was that I stayed up all night reading it.

"I knew I'd marry him. I knew he was my forever. I knew it was only ever Bentley."

I might've dropped what I was currently reading when I my copy of After The Internship on my Kindle. I tend to do that when one of my "most anticipated" books appears on my shelf. And once I started reading Bentley and Ceci, they sucked me in and I forgot what sleep is.

It is so wonderful to be with this couple again! If you haven't read all three installments in The Intern serial, now is the time to do it and wrap it all up with After The Internship.

Bentley and Ceci are back. We've read the deception that started it all, the attraction that grew into something more, the unraveling of the secrets and the heartbreak that followed, and then them finding their way back to each other. **Brooke Cumberland wrapped this serial in a shiny, glittery, sparkly package which I can say**

110% that I enjoyed reading from start to end! There's still the sexy, dirty talker Bentley and the smart, beautiful and "flexible" Ceci and their sweet but hot relationship.

At the end of The Intern 3, the couple finally moved on from their lives and has been happily in love together. Now in After The Internship, we see them as in love as ever and facing a slight bump in their way to their happily ever after. This time it's not from their lies and secrets but a blast from Bentley's past. Reading how Ceci reacted and handled things, it was obvious how mature and confident she's grown of their relationship. I believe both of them matured in handling all these "couple-y" stuff; future monster-in-law, past scandals and relationships, wedding preparations, and the stress from a somewhat long-distance relationship since Bentley is traveling all the time for work.

"Aw, husband points."

"I don't need points, sweetheart. I already won the prize."

But all these challenges that they faced, they faced together, solved together, talked through together and in the end... their love deepened and their relationship flourished. This novella is such a sweet, perfect ending to the love story of now Mr and Mrs Bentley Leighton. Brooke showed us how true love can sometimes not start out perfect or even ideal but when you accept how it is, understand the circumstances and take time to heal, second chances can be sweet and the happily ever after that we dream of is possible.

Stars: 5 stars!

Recommended to: The Intern serial fans. Fans of novella serials. If you love a good romance with 100% enjoy factor, this is it!

POV: First person. Dual POV.

Series: Yes. Final installment.

EXTRA COMMENT: I'm sad to see this couple's story end but I absolutely enjoyed and loved the journey I took with them until the end. The epilogue was perfect!

*****10 Shamwow Panty Rating***** Whoa baby!!! Bentley and Cici have any amazing journey in this book I love everything about it from the craziness, to the drama, special surprises, the romance to the HOT sex. This book is a winner. And the end could not have been more perfect. Now if only Bentley would hold classes we could send our husband's too, so they could learn to re woo their women lol Another amazing book. Thanks Brooke.

Le sigh...

That's all folks! SOOOOOOOO damn good! This was technically novella but it was jam packed with SO many expected twists and turns involving this STRONG AS HELL couple I've grown to know and love other the last few days!

This series is To. Die. For! There's absolutely nothing you wouldn't not love about it. It has everything from swoon to sexy and emotional to fulfilling!

Rebecca says

In the Intern, Volume 3, Bentley and Ceci find their way back to each other and get the happily ever after that they deserve; Ceci also gets the answers she's always needed to move on after her father's death. All of the heartbreak and pain is worth it in the end, for these two, because they end up where they should have been all along – in each other's arms. All romance readers love happy endings; for most, the HEAs are what keep us reading through all of the heartache the couple experiences throughout the story, and while I am one of those card carrying happily ever afterers, I also know that reality doesn't quite happen that way, and even if a couple does reunite after a shitstorm of pain, there's still more to be endured...more to struggle with to get to their epilogue. In After the Internship, Brooke Cumberland gives readers Bentley and Ceci's new beginning – the one that occurs after the proposal...the one that's not rooted completely in hearts and flowers...the one that gives perspective into the work that still needed to be done in order for Bentley and Ceci to get their storybook ending.

When the novella begins, a few years have passed, and Bentley and Ceci have settled into their committed relationship quite well. Bentley's modeling career is in full force, and Ceci's been traveling around the world with him, experiencing all the highs and lows that come with the famous model's lifestyle. Ceci's finished her degree, but she hasn't had a chance to do anything with it, putting her focus solely on supporting Bentley and planning the wedding of their dreams. But a meddling mother-in-law, a ghost from the past, and a few tabloid headlines threaten to destroy everything Bentley and Ceci have overcome and fought to hang onto, which leads both of them to think about how they live with the outside pressures and still maintain a healthy relationship without getting frazzled and losing themselves to guilt and anger.

After the Internship is a great addition to Bentley and Ceci's story. It gives readers one more glimpse into how good they are together, both in and outside of the bedroom. I'm sad to see their story end, but I'm glad Brooke gave them the send off they deserved!

I'll be totally honest and say that I was really worried when I saw Brooke was releasing this novella. I was happy with the way The Intern serial ended and I thought a novella after the series could only mean unnecessary drama. I'm so glad I was wrong. Yes, this novella did have a little drama, but only enough that it kept it interesting. It was awesome to get more Ceci and Bentley. I loved this so much! I love the connection and chemistry between these characters. Also, this was HOT! Very, very, very HOT!!! If you loved The Intern, you are going to LOVE this novella!

Thank God i didn't pay money for this! I read it for free, thanks to my Kindle Unlimited subscription.

Let me tell you why it deserves 1.5 or 2 ★.

But let's start from the beginning. The author says that it's a **three-part romantic suspense serial.**

We have:

The Intern, Volume 1 - 100 pages: you can read my review here

The Intern, Volume 2 - 158 pages: my review

The Intern, Volume 3 - 211 pages: review here

The first two "volumes" end with major cliffhangers. In my humble opinion, when you have such short novellas, it's really **not cool** to use cliffhangers. *Reason #1 for saying "thank God" i didn't actually buy the books.*

The hero & heroine. OMG! I don't remember reading another book where i hated them both in the same time. Ok, maybe not hate, but i definitely didn't like them. Why you ask? Well, where should i start? If you haven't read my review of volume 1, let me tell you that *she* lies and manipulates. It appeared to be quite proud of herself to be able to do that.

And she's 18!!!!!!!!!!!!!!

Ceci gets a job as an intern where she seduces Bentley in the first 2 days she's there. Of course he's not able to resist her and after he fucks her, he finds out that she's hiding something. So what does he do? He believes her lies so he keeps fucking her through out the second volume. Then he finds out the truth and they separate almost all volume 3, where everything happens on fast forward. One day she's 18, the next is 1 year after and so on. So here I am, trying to get some closure after this major shit, reading and reviewing the 4th (?) volume of this **three-part romantic suspense serial.**

First of all, there's no romance. It's just sex, lies, anger, separation and stupid hero&heroine. Ok, I admit, this last part has some romance (and more sex) and it saves the whole thing from being marked as a "DFR" with 1 ★.

I forgot to mention why he's stupid. Here:

Tears begin falling down her pink-tinted cheeks. She's upset she's been caught, but perhaps more upset about losing me. Losing us? It didn't matter anymore - this is unforgivable."

He felt something was wrong all the time, but he ignored it. He find out the truth and he still thinks there was a "them" somewhere, but he's not willing to let her explain and when he does, he still doesn't forgive her. What kind of romance is this???

The funny thing is that she asks herself at some point:

WHEN THE HELL did he fall in love with me?"

Well honey, **MY POINT EXACTLY!** How did it all happen?

Anyways, another problem. During their hot sex there were a lot of "God", "Jesus" and "Christ" + Bentley/Ceci. Can we get more creative than that? I'm so far from being religious, but calling God and His family 10 times in one page, seems a little bit too much.

This 4th volume is their HEA. Which could have been nice enough, if there wasn't for that forced and unnecessary drama. The whole thing was a major drama, why add more? Why add more that doesn't make sense?

I don't know if I painted a complete picture for you, but I feel was a lost day from my life with this stupid thing. At least the sex has hot, even with God & Jesus Christ always there. :)

The first three books of were good. I was excited to read this one. To know how life was treating Ceci and Bentley. Unfortunately i wasn't too happy with this novella. There were lots of unnecessary situations. Other parts were too rushed. Some parts felt like they didn't have an end.

It's not my favorite book, but i must say I like the ending and wedding.

Shayna says

Wow! What a way to conclude a fantastic series! I thought I was satisfied after reading the final volume, but after reading After The Internship, I realized what I would have missed out on. Just when you think there is a Happily Ever After for Bentley and Ceci, some BITCH, or should I say BITCHES, comes and ruin the whole thing!

Ceci is not used to the lavish lifestyle that Bentley leads, but she is certainly holding her own. Dealing with the paparazzi and a soon-to-be MONSTER-in-LAW has become a full-time job. Not only that, but what usually happens when everything finally settles down? YEP! The past comes and rears its ugly ass head! Characters that you thought were gone, come back with full force disrupting their lives in a major way.

COLD FEET are not the problem in this love story.

But if you know Bentley and Ceci, then you know that their love for each other is EPIC! Nothing and no one will ever change that. Every obstacle that comes their way, they overcome it, and it only strengthens their relationship.

Once again, Ms. Cumberland blows me away with this beautiful conclusion to one of my favorite serial series. Bentley and Ceci have quickly found a place in my heart and have become one of my all time favorite book couples. Perfection is definitely a word I would use to describe After the Internship, and just the whole series in general. Not only did she give us Bentley and Ceci's much deserved HEA, but the secondary characters that we have grown to love, get a HEA of their own! What a way to come full circle and wrap it up with a big shiny bow! Congratulations Brooke Cumberland for an ALL AROUND FANTASTIC Series!

Review for After the Internship by Brooke Cumberland

First off, THANK YOU BROOKE! This serial series was supposed to end with The Intern: Volume 3, but she listened to us crazy fans and gave us more Bentley! I would love to say I'm personally responsible, but I don't think I annoyed her THAT much with my begging for more Bentley. Either way... I got more so that makes me one happy book whore.

IF you haven't read The Intern Volumes One through Three I would suggest you stop reading this review as it will have some spoilers.

This book picks up with Bentley and Cecilia planning their wedding. Eek! After the ups and downs of their relationship it's so nice to actually SEE the happily ever after play out. To watch how the characters grow into their relationship and deal with the hiccups and bumps along the way.

The development of the characters and the flow of the story, not only Bentley and Cecilia's story, but that of their friends and families make this a unique ending to the series. I live for the Epilogue's in books ... I always NEED to see my favorite characters inside their HEA, to get the feeling that everything works out in the end. Well After the Internship is like an Epilogue on steroids for me. I don't want to give anything away, but there are several twists and turns that had me freaking out a bit, I won't lie — I got worried.

I am so thrilled that I got to spend more time drooling over Bentley and his sexy smuttiness. Don't miss out on life after the internship... find out what happens with not only Bentley and Ceci, but the secondary characters in the series too. This is a must read! LOVE it! I will definitely be reading this series again and again. FIVE STAR storyline with FIVE soaked panties for Bentley Smut.
