## Philip's Rules Golden Angel

Married once to a Baron who needed a young bride to bear him an heir, Cordelia Astley found herself in an untenable situation after his death until Philip Stanley, the Marquess of Dunbury, asked her to be his bride. She knows he didn't marry her for love, but he was her white knight and, once they're married, she finds herself falling in love with him. It would be a fairy tale ending if it wasn't for her stepdaughter Gabrielle.

Having observed his cousins Hugh and Eleanor find happiness in their respective marriages, Philip doesn't see why his marriage should be any different. Especially since he managed to find a giving, submissive, delightful woman that drew him like no woman had ever done before. Everything would be perfect, except that she allows her stepdaughter to denigrate her and manipulate her. His method of correction for both Cordelia and Gabrielle isn't what either lady expected, but Cordelia finds confidence in his support and care of her... if only she would put him first instead of Gabrielle, Philip's life would be everything he'd hoped.

A sexy spanking tale of desire, passion and love, Philip's Rules is the first of a new series spin-off of the Domestic Discipline Quartet (you do not need to read the quartet to enjoy this book).

Philip's Rules is an 80,000 word standalone novel set in Victorian times with a HEA and contains domestic discipline, spanking, birching, paddling, anal play and sex, the exciting danger of illicit situations, and some seriously delicious alpha men.

## From Reader Review Philip's Rules for online ebook

### Cécile Smits says

Golden Angel, I love your stories! In this time and the ones written in Victorian time. I love them all! As for Cordelia, she's such a sweet girl and in need of love after her marriage to the coldhearted baron. Leaving her and her step-daughter Gabrielle behind in a dire situation with his death. Thank heavens for Philip, the Marquess of Dunbury, who sees something in her....something he likes, very much! If only she didn't care so very much about her step-daughter....one that doesn't seem to return the sentiment. Will Philip manage to make Gabrielle see sense? And will he be able to give Cordelia what she so desires, a marriage filled with love and caring discipline?

4 Star Review Philip's Rules (Bridal Discipline # 1) by Golden Angel  
Audio Review:

Although historical novels are not normally a genre I read/listen to, I went in with an open mind. Both the author Golden Angel and narrator Brian Briar were new to me.

Cordelia is a sweet, submissive woman, lost and alone after the death of her husband. When Phillip asks her to marry him, she truly has no idea what she is getting into and the life that she would lead. I liked Phillip and could certainly see him swooping in to save Cordelia. Although Cordelia frustrated me at times and I was annoyed by the behaviour of Gabrielle, a spoiled brat who really needed to be taken in hand.

This was a fairly spicy book to listen to and there were certainly some extremely hot scenes. There are some elements of BDSM and Phillip was definitively an alpha male.

The secondary character of Felix was great and I am more than intrigued by him.

All in all, a well narrated book that was certainly steamy.

I've always liked reading books set in a different time, this book being set in an older time I was curious to see what the author would add about the time period. I liked how the author incorporated the culture of an older time to set this book in motion. At first read. This book was not exactly what I thought it would be but after getting into it I was delighted for it to be an interesting book. The characters were well written and the conversation between them was funny and relatable. A new/old twist on a classic love story. Enjoyed it.

### Lynn Edgar says

This was a great book. I liked the story and look forward to reading the second book in the series.

## Jennifer Crutchfield says

First book in series. Can be read as stand-alone. Full length told in dual POV with HEA. Has secondary characters from Domestic Discipline series. I have not read that series but definitely will because I enjoyed this one so much. This is longer than the books I normally like to read but I did not lose interest or get bored because I enjoyed the story and the pacing of it. What an awesome man Philip is. He was so patient with not only his new wife Cordelia, but also with his new ward Gabrielle. He really loved Cordelia and with his love and discipline allowed her to gain self confidence. I am looking forward to reading more of this series!!!

Me ha parecido una novela entretenida que engancha y que esta bien escrita... pero de novela romántica tiene bien poco. El amor no lo he visto por ningún lado. Es una novela erótica con escena muy bien descritas, nada vulgares, que no me ha saturado, últimamente la parte erótica me satura un poco, porque acaba siendo una serie de escenas sexuales que son iguales entre ellas, con posturas imposibles. En Las reglas del marqués no me han aburrido ni me han cansado.

Algunas veces me ha parecido que el libro podía estar escrito por un hombre por la forma que es tratada la mujer. He notado un tono condescendiente, teniendo en cuenta que es una historia de sumisión, con azotes (como juego erótico), las mujeres también eran castigadas con ellos cuando, sus esposos decidían que sus esposas se habían portado mal. En esos momentos mi parte feminista echaba humo por las orejas, aunque claro podemos justificarlo que es histórico y seguramente eso era normal en aquella época. Al terminar el libro he pensado que el libro podría llevar el subtítulo de "La comunidad de las mujeres azotadas", todas los personajes femeninos (amigas de la pareja) lo eran por sus maridos.

Me he reído con la parte de los bailes, la protagonista tiene una hijastra que debuta en la temporada y que es una chica rebelde, egoísta, lo que montan para tener la chiquilla vigilada no es normal... llega a convertirse en un vodevil ? con todos los amigos de la pareja vigilando a la muchacha y aún así consigue escaparse dos veces. Intuyo que el próximo libro será la protagonista, y que pienso leer.

Lo recomiendo a las fans de 50 Sombras, las escenas eróticas son más excitantes, esta mejor escrito....

Abtenerse a los que todo lo de sumisión, azotes no les van, y sobre todo si esperas encontrar una historia de amor.

### **Fun engaging read**

Angel's writing flows so well and made complete sense within the context of the story. Cordelia has had her trials. She is left after her husband dies with nothing but her unfailing optimism and a brat of a stepdaughter. Philip wants what his friends have a love match! This is something that is almost unheard of in Victorian England. Philip and Cordelia begin their life together with some sexy hot discipline! This story and the characters are so engaging. I could hardly believe that the story was over! I loved it! Now I can't wait to read book two!

What can I say oh my god this is beautiful.

The story is amazing and I can totally relate to Cornelia and her struggles with her relationship with Gabrielle. To then be immersed in the world of balls and the rituals of courting your just transported to another world.

While the main story is amazing I think the beauty of this book is the how much it has you anticipating the next one, Felix is a complex character and the last line in the book leads you gasping and shell shocked and now I just have to know how their relationship works out.

Angel I think your work is getting better and better each time you put your finger to the keyboard, it's beautiful and sets up so many more books that this world is going to keep growing, and I for one can't wait

Philip's Rules is no starcrossed fairytale. It's an uphill battle. What begins as a marriage of convenience becomes a lesson in patience, passion and pleasure. Angel puts all her cards on the table in a way that only she can.

[ the fact that Gabrielle was a \*bad word\* and Cordelia was obsessed with making her happy, and then Philip reiterating that if either of them are bad they're going to get a spanking, literally every few paragraphs it referenced being spanked - I mean, we get it
