Her Russian Mafia Boss Bella Rose , Leona Lee

Alana Jameson never wanted a job in the club scene. But with a useless degree and overdue bills, desperation takes over. She accepts a waitress position at the hottest new club in town, owned by billionaire Vadim Volkov.

Little does she know that this job will change her life forever.

Vadim Volkov, her new boss, is an enigma. Older but dangerously sexy, he has his sights set on her, and she's unable to resist him. Although she knows better, she can't help but fall into his arms and into his bed. But he has a dark side that will soon put her life in danger..

Can she resist the temptation of her dangerous Russian boss? Can Vadim convince her that his love is true?

Note: This story contains multiple red-hot steamy scenes between a Russian mob boss and his young, feisty waitress.

Soshi_fan says

Disappointed

Love these types of books but this one was a let down. Perfect characters, big problems with simple solutions. And insta love.

Emily says

Vadim Volkov is a made man, he doesn't do relationships and keeps mainly to himself. As owner of one of the hottest night club around, he has seen it all and seeing the transparency in Alana Jameson has him fascinated by the beauty who is working for him.

Alana doesn't want to mix business with pleasure but she can't seem to stay away from Vadim. As they begin to explore what they are coming to mean to one another, it is not met without some secrets that Vadim is hiding.

Overall good story, had a bit of an abrupt ending. I liked that Alana had a bit of attitude, she speaks her mind and it catches Vadim off guard. Interesting characters in the book, look forward to reading more from this author.

Sheena Roberts says

Am an addict to these Russian books thanks BR

Sabrina says

Fresh out of college Alana Jameson realizes her degree is useless and she needs to find a job quick before the debt collectors come knocking at her door. Working in a club isn't exactly her ideal job, but with bills to be paid she's desperate so she takes the position of bar manager at Seven, the hottest club in town, and does what she has to to make ends meet. And that includes avoiding the too-sexy-for-his-own-good club owner, and not becoming the type of person to sleep with their boss. But when Vadim Volkov is lusting after you - you don't turn him down.

When I first read this blurb it instantly had me intrigued and I wanted to know more about Alana and Vadim. I'm just sorry that it still took me so long to finally read. I loved seeing the chemistry between the characters and even though the story moved fast, I didn't get the feeling that things were being missed.

The book was action packed, and full of secrets. The suspense of what was going to happen kept me

fascinated the whole time reading. My only complaint is about the ending and how sudden it was. I was honestly thinking that the next book would also be about Alana and Vadim because of how fast their story ended, so when I learned that it wasn't I was a little taken back.

Overall, a fast and suspenseful read that I think many will enjoy. Though Vadim is part of the Mafia, it isn't a huge part of this story so I wouldn't classify this as a type of dark book. Highly recommended for anyone that loves a tattooed hottie boss-man.

Jessie says

Ok firstly this book could have been made longer and with a lot more scenes... I didn't feel there was enough time .. Even tho it skipped a few weeks I didn't feel it.

And I would have liked to have known what happens next. Where they go, any complications etc.

Kimberly says

A superb start to series! A great hot Russian Romance. The book was enjoyable quick read about 120 pages. Featuring Alana as a main character and Vadim. Alana begrudgingly after needing money gets a job at the hottest club in city. Vadim a Russian mob boss owns this club and instantly sees her innocence so to speak and is attracted from day one. Alana plays slightly naïve in this book but had a backbone so it was a great combo. There is a great theme in the story dealing with kidnapping and a few other nice surprises but I wouldn't want to ruin this book by putting spoilers. I highly recommend this series to anyone loving Russian Romance ~ I would have liked a little more to ending but from what I'm gathering I will get more in book 2. This book can be read as standalone no cliffhanger that leaves you hanging. Great job!

No se porque este año leí muchos libros de mafiosos rusos... :P
La historia fue corta pero entretenida.

Cristina says

Entretenida. Una historia corta perfecta para intercalar con lecturas más densas o para desconectar. No iba con muchas expectativas, porque más o menos sabía lo que me iba a encontrar, pero me ha sorprendido para bien el hecho de que, aunque no tenga más de 150 páginas, el ritmo de la historia no se me hizo demasiado rápido. La protagonista femenina también me sorprendió, pensaba que iba a ser la típica chica ingenua sin mucho más que ofrecer, pero me pareció una chica con ideas claras y fuerte carácter que sabe lo que quiere y lucha por ello.

No profundiza demasiado en los protagonistas, pero cuenta lo suficiente para conocerlos y meternos en la

historia.

Me ha gustado y seguiré con las demás, intercalándola con lecturas densas o ratos libres.

Dawn Gee says

Very good start to series

Alana meets Vadim is a unique circumstance. I enjoyed the way their relationship built between them. There are some really steamy scenes. Vadim has a secret that could destroy them. I can't wait for book 2 to see what happens to them.

3.5 Stars

Mspraise50 says

I have had this book on my kindle for a while. I just started reading this series.

I enjoyed this story but I was disappointed that Alan could not see that Stephen did not mean her any good and yet she was happy to believe the worst of Vadim. A good read but not my favourite. I prefer the Bodyguard story much more. Never the less a good read, fast paced and direct, which I particularly enjoy. Quick short read. Definitely worth investigating if you love mafia love stories.

Bookcrazy says

Grandios... schlecht geschrieben, wobei der Anfang gar nicht mal so übel war, aber ich musste dann einfach nur noch lachen als er, der super üble Mafia Boss ihr dann weil sie krank war gleich mehrere Mahlzeiten vorkochen wollte - ja klar :D Und dann will er natürlich aussteigen - sowieso, weil eigentlich will er ja keine Leute killen oder bedrohen.

Besonders genial waren die abrupten übergangslosen Dialog, Szenen, Handlungswechsel, die auch noch gegensätzlich zum vorherigen Absatz oft waren.

Eteline Rangel says

Esta historia no fue mala, pero sí algo previsible y de la cual se le podía sacar más jugo, pero entiendo que

por ser corta pues había que ser breve. También puede ser de esas lecturas que te llevas contigo un fin de semana de relajación y descanso por ser corta.

La única pega que le encontré y no por la historia en sí, es que tengo que mencionar lo siguiente; Señoras autoras "holaaaaa" en Rusia hay muchos más nombres de familia, que Romanov o Volkov, creo esta es tal vez la tercera o cuarta novela o relato en donde el protagonista se apellida Volkov y no son de las misma autoras, eso me parece muyyyy poco original, pero en fin le doy 3.5 ESTRELLAS

DIANY says

Nada mal, pero estoy acostumbrada a historias más detalladas. Es ideal para pasar la tarde. Su velocidad es increíblemente rápida y su extensión algo ofensiva, y aunque al principio tenía una súper expectativa, la decepción no me afectó lo suficiente como para tacharla de mediocre. Es simplemente una novela muy corta y simplona que no recordarás.

1.5 porque es un romance fugaz y me gustan los hombres de la mafia.

Lindsay says

Very anticlimactic. I was especially disappointed in the sex scenes. There is a note in the description that said there would be some hot and steamy scenes, but I was underwhelmed. I thought the scenes were just okay.
