## **Snowbound with Mr. Wrong** Barbara White Daille

Worst. Day. Ever. After Lyssa Barnett's sister tricks her into reprising her role at Snowflake Valley's annual children's party, she doesn't think anything can be worse than squeezing into her too-small elf costume. Then tall, dark, and way too handsome Nick Tavlock shows up to play Santa...and an unexpected storm leaves them snowbound in the isolated lodge.

The last thing Nick wants is to spend a cozy Christmas Eve with a trio of kids and the woman who dumped him. But as much as Lyssa frustrates him, he can't stop thinking about her. And soon, he's fighting very un-Santa-like thoughts of kissing a certain sexy Miss Elf under the mistletoe. As Nick starts to fall for Lyssa all over again, he knows it will take nothing short of a miracle to have Lyssa in his arms on Christmas Day.

## From Reader Review Snowbound with Mr. Wrong for online ebook

### Suze Lavender says

Lyssa's sister asks her to help her out with a last-minute job. Lyssa has to dress up as an elf for a children's Christmas party. When she finds out who Santa is she's ready to bolt, but she doesn't want to let anyone down. She broke up with Nick and didn't expect to see him again, especially not while he's dressed in a Santa suit. Playing happy together for the sake of the children isn't easy. There are still so many unresolved feelings and Lyssa isn't sure how to handle them.

Nick is a successful businessman. The only area he isn't excelling in is his love life. Lyssa broke his heart and he doesn't understand why she left him. When a snowstorm messes up their plans he and Lyssa are forced to spend more time together. Will they be able to work things out between them? Can Lyssa make Nick understand what she wants from him and is there a chance he will be able give it to her?

Snowbound with Mr. Wrong is a heartwarming winter story. I immediately loved the main characters. Lyssa is sweet and it's easy to make her happy. She knows very well what makes her smile and she enjoys all the little things that matter in every day life without any effort. I liked that very much. I hoped she and Nick could work things out as they have a strong connection. Nick is a problem solver and he doesn't like it when things don't go according to plan. He's quick at changing tactics just to make them work. He's also a passionate and caring man. It's clear from the start there's a lot of love between the main characters and it was obvious to me that they belong together, which is something that made me smile.

Barbara White Daille has a great sense of humor. Snowbound with Mr. Wrong is both funny and romantic. It's a great combination for a perfect Christmas story. The beautiful setting, the large amount of snow, homemade decorations and gifts and abundance of love made this a fabulous festive story. I really enjoyed reading this joyful Christmas story, it's both cheerful and sweet.

### Irene says

3 stars

Snowbound with Mr. Wrong was an okay second chance read.

The storyline held my interest, I found myself turning the pages until the end, but something was missing. Makes me sad to say this, while I enjoyed the storyline, I failed to form a connection with the characters, especially Nick. Not sure what it was exactly but I just didn't feel him and he left me wondering how deep his love truly was for Lyssa. (pls don't let this deter you from reading this book, I'm just being honest on how I felt.)

Overall, Snowbound with Mr. Wrong was a sweet second chance romance that will make a nice read over the holiday season.

*Thank you to the publisher via Netgalley for the advance copy.\**

## Jacquie Biggar says

There's nothing quite as satisfying as a feel-good romance when you're cuddled up with a warm blanket, a roaring fire, and a hot cup of tea.

Ms. Daille gives us this with Snowbound with Mr. Wrong.

When Lyssa Barnett meets up with old flame, Nick Tavlock, and they end up stranded in an isolated lodge with three adorable children, sparks ensue!

Lyssa was hurt by Nick's obsession with the business world and gave up on their relationship rather than beating her head against Nick's admittedly sexy abs.

Can she convince him to change his ways this time, or will she leave him in a snowbank?

A very entertaining read, I give Snowbound with Mr. Wrong 4 lovely kisses

## Alexandra says

Lyssa has still not gotten over her ex . While playing a elf at a christmas party, she gets a shock when Santa walks in. Its none other than her Nick her ex. Nick is shocked to see Lyssa too. He wasn't expecting it when Lyssa ended the relationship. He thought the relationship was going well.

Lyssa and Nick are two very different people, with very different values. I did wonder if they were too different to make it work. After the party has ended, Lyssa starts to drive down the mountain with Nick and three kids. Hoping to make it before the snowstorm starts. When a tree falls in their path they have no choice but to trek back to the cabin. Lyssa has her hands full caring for three children and an incapacitated Nick. She has to keep the kids entertained and deal with her growing emotions about Nick. The only thing about Nick that annoyed me was his constant referring to his job as a trouble shooter. It got grating in the end. Whether it was being snowbound or the magic of Christmas, feelings started to bloom again , for both parties. Can they learn to compromise and meet each other halfway? An enjoyable Christmas read. If you love second chance romances then pick this up.

## N.N. Light says

'Tis the season for holiday romances and when I heard Barbara White Daille wrote a contemporary holiday romance, I jumped at the chance to read it. Thank you to Netgalley and Entangled Bliss for offering me an ARC in the hopes I'd review it.

Lyssa agreed to reprise her role as Elf on the promise that Nick didn't play Santa. So, when Santa makes his big arrival (and it turns out to be Nick, the only man who's ever broken her heart), Lyssa wants to flee. But Amber has a sick child and needs to leave the party so Lyssa is in charge and in far too close proximity to Nick.

One look at Lyssa dressed up as an Elf has Nick sweating and it's not because he's dressed up as Santa. Just being around Lyssa brings back all those feelings he buried long ago. His libido is in overdrive but get cooled quickly when he's stranded with Lyssa and a few kids in the cabin, thanks to a snowstorm. He knows she wants him, too, but can he prove to her he's worth her love and forgiveness or is Santa doomed to be cast as the villain in Lyssa's eyes?

I love this couple and the circumstances Daille thrusts them in. Talk about a conflicted romance. There's a lot of misunderstandings between Nick and Lyssa and they need to start talking to each other (and not at each other) before they can even start exploring these romantic feelings. This is a true holiday romantic comedy and I must admit, I chuckled during the crafting scenes.

With dashes of comedy, holiday fun and romance, Snowbound with Mr. Wrong is the right book to read this holiday season.

My Rating: 5 stars

## Ami says

### 2.5 stars

I was interested with the blurb for this one because I am a sucker for *the one who got away* theme. Plus it is a holiday book. Unfortunately, this book failed to make me believe in the couple or to root for them to get back together.

The story didn't immediately told readers about the reason why Lyssa and Nick didn't work. However, after a while, I could conclude that it was because they were too different. Apparently Lyssa loved her small-town, her family, her traditions, while Nick cared more about his job as a *troubleshooter* (huh, I almost never heard this job description in romance before). He often put his job ahead of her.

And as I further read it, I could feel that ... I mean, I didn't feel the chemistry, the emotional connection between them. It felt as cold as winter snow. This was one relationship in which I thought that the couple was probably better apart *because* of their differences.

The biggest problem for me was the hero, Nick. From the beginning, from his answers towards the kids as he was roped into being Santa, I thought he was rather rude. It was difficult for me to understand what Lyssa saw in him, that made them involved in a relationship in the first place. I mean, read Nick reaction to when Lyssa was trying to help him with his boot (he hurt his ankle)

*"What, having a madwoman trying to amputate my foot with a dull shoestring? Yeah, it hurts like hell."*

You should see my face! What the hell wrong with this guy! Usually, with rude/jerk characters in a romance, we will be presented with 'layers', so we could see what shaped the hero (or heroine) to act like so. But I didn't get this from the book.

The only thing that I loved in this book was the kids. Tommy, most especially, was so adorable. Mollie was sweet, and Brent was a good teenager. Lyssa was rather plain as a heroine, and she didn't have strong enough personality to get rid of the bad taste in my mouth for Nick's attitude.

*The ARC is provided by the publisher via Netgalley for an exchange of fair and honest review. No high rating is required for any ARC received.*

### **Kim Brewing says**

Who's in the mood for a second chance holiday romance?!?

Lyssa is already having a bad day, the elf suit seems much tighter than it was last year when...nope she's not thinking of then. Then it gets worse when she hears Santa's voice, it can't be! but you know it is...Nick the man she met and fell for last Christmas only to end the relationship 6 months ago. Neither was expecting to see the other, no matter how much they couldn't get each other out of their heads. But it's Christmas and stranded in the house with a 3 children of various ages they will have to confront the things that neither really talked about.

I loved the character of Lyssa. She truly was beautiful on the inside as well as the outside. The things she came up with to amuse the children were great. Her only flaw was that she only saw one side of things when it came to Nick - her side. Nick didn't have the same upbringing as Lyssa and therefore didn't understand the perspective she came at things from and vice versa. This was their biggest issue - neither being wrong, but neither being right either. Will Nick and Lyssa find a middle ground? Will the children make it home for Christmas?...grab a cup of hot chocolate, light the fire, sit back and relax and read this second chance romance and find out.

---

### **Richelle Robinson says**

I'm a sucker for anything Christmas and wanted to read this book to get more into the spirit. Nick and Alyssa dated in the past but split up when they realized they have different values. They are reunited a few months later at a Christmas function at a snow lodge. A storm hits and they get snowed in. With the way this was set up I was expecting a romantic Christmas story. What I got was way different. I didn't feel the connection with Nick and Alyssa. I also had a hard time connecting with the story. Yes, they had differences but nothing major to keep them apart and they could have resolved the issues a lot sooner with better communication. Once I got Nick's backstory I was like really?! Why didn't you just tell her from the beginning. Nick and Alyssa also get stranded with some kids she was supposed to drive home. This kind of threw me off and not

sure why they were needed in the story. This story had a lot of potential but sadly it just didn't work for me at all.

### **Isha Coleman says**

ARC Review: Snowbound with Mr. Wrong (Snowflake Valley) by Barbara White Daille

Snowbound with Mr. Wrong has all the right ingredients to heat things up. Take two clueless exes, add kids and an unexpected snowstorm for good measure and then wait for the sparks to begin. Things are about to get naughty this holiday season. Ms. Daille brings on the laughs with Nick and Lyssa. Lyssa is adorably frustrating, She has no clue how falling in love works. Nick is equally dense, but a temptation all the same. If the romance doesn't take away the chill, the laugh out loud antics sure will.

---

### **Bette Hansen says**

This was a cute fun story that left me with a huge smile on my face. Unwittingly exes Lyssa Barnett and Nick Tavlock are set up to meet again at the Snowflake Valley's Christmas party. The very place they met a year ago. After dating for 8 months Lyssa broke things off. It was clear they had very different viewpoints on what made life great. He's a workaholic and thinks money is the answer to a happy life. She's a small town girl who thinks family and community are what really matters in life. Will a weekend trapped together at the lodge with several precocious kids help them find their way back to each other??

This was very well done and a book I definitely recommend.

### **Bunnita (Worth Reading It?) says**

A story with the one that got away theme. I couldn't really into either character. I found that I wasn't at all rooting for the couple to get together, in fact I would've probably liked the story better if they had decided to just be friends. The kids in the story were unnecessary. Unfortunately, I'm going to have to bahhumbug this one :(

## Mommaleena says

### •Compromise

After reading SNOWBOUND WITH MR. WRONG, it reminds me of what too many people forget about all year, especially this time of year. Showing you care comes from the heart and any relationship whether it's a love relationship, family, friends, or even co-workers it's always a compromise. This was a GREAT heartfelt holiday story that makes you smile. It was my first Barbara White Daille story, but I want to see what her other stories entail.

Lyssa is coerced into being Miss Elf again this year, by her sister Amber for her annual Christmas gathering for the children of Snowflake Valley. The only reason she agreed was because Amber needed her help, and she promised he wouldn't be playing Santa this year. The minute she heard Santa say "HO HO HO" she was going to kill her sister, she'd recognize that voice anywhere. It was Nick, the same jolly ol' elf she'd met at this same party last year, had a whirlwind romance with and then split up with a few months ago. Yep her sister was gonna pay for this!

The minute he walked into the room and seen her, someone was gonna pay! His business associate Michael and so called friend, convinced him to play Santa again this year. Michael gave him his word that there'd be a new elf this year. No matter how he tried to convince himself, he wasn't over Lyssa, no one could take her place. As soon as he finished this gig he was out of here and away from her again, for good this time. However Mother Nature had other plans. With a blizzard on the way, everyone packed up and hit the road off the mountain. Lyssa, Nick and three children end up stuck at the lodge, with no phone service until they can be rescued. At least they have shelter, food, water, heat and a generator just in case. How will things turn out between Nick and Lyssa? I loved how Nick dealt with situations with each of the children that surprised Lyssa in the process. Did she really know him, or give him a chance before walking away? You'll have to read SNOWBOUND WITH MR. WRONG to find out what happens. While relaxing and reading this HEA love story, I dreamed of being stuck in a blizzard instead of the rain. I hope you do as well. I received an ARC via Entangled Publishing and IndieSagePR through NetGalley in exchange for an honest review.

### FAVORITE PASSAGES ~

- That just shows you what amazing things can happen when people compromise.
  - the best way to show you care is to give gifts that are both meaningful and come from the heart.
  - All for one and all for me.
- 

## Cynthia says

This is not a story that really grabbed me it was a cute sweet read. It starts out really good but is just missing something. Two people who have dated in the past end up being Santa and his elf neither wanted to see each other and are very surprised to see the other one. As they go to leave due to the snow that is coming Nick gets hurt which puts Lyssa trying to take care of him, the kids that need to go home to their parents, putting away all the party food, and get back off the mountain before it snows. They work their way down the mountain through the snow fall only to get stopped by a tree. Having no way to get home they must go back up the mountain, trying to stay out of each other's way, keep the children entertained and hope that someone will come get them before Christmas.

The characters are very likeable from the two main to the children. I thought this was cute and at time funny. Nick and Lyssa are forced to work together taking care of the children and facing their issues that her sister hopes they will work out. This is a very clean read that is enjoyable. The author goes throw in a little passion which is delightful. It was fun to see how they kept the children entertained I really enjoyed that. I did feel Nick's foot healed much faster than I would have thought along with him running around out in the snow faster than I would have thought possible.

It would have been nice to have seen the Epilogue to have been about later on and not the same day or maybe it was the next day. To me it was more of a next chapter not an Epilogue. I thought the ending was rushed but likeable. I thought this was a cute fun read that I did enjoy.

---

### **Samantha says**

Received an advance reader copy in exchange for a fair review.

I love Christmas books and movies, so when I saw a Christmas book that was also a second chance romance, I couldn't wait to read it. Lyssa finds herself talked into playing Elf at the annual Christmas party where she soon finds herself face to face with her ex, Nick. Lyssa isn't quite over Nick but keeps reminding herself as to all the reasons it wouldn't work out. Nick thought he wouldn't have to see Lyssa again after she blindsided him, and broke up with him. Soon he finds himself missing out on closing a business deal, and snowed in at the lodge with Lyssa and three children. Will Lyssa and Nick figure out how to meet in the middle and resume their relationship? Or will Nick keep proving to Lyssa, all the reasons why they shouldn't be together.

Lyssa and the three kids were probably my favorite characters in the books. I loved Lyssa's love of her hometown of Snow Valley, her family values, and the way she was with the three kids. In regards to Nick, I couldn't connect to him and spent my time trying to figure out why Lyssa was even wanting to be with him. It wasn't until the last few pages that he seemed to get over himself and figure out what Lyssa has been telling him all along. He did have some redeeming qualities that were seen in instances with the children, but other than that, he just wasn't relatable to me. Though I didn't relate to Nick's character, I did overall really enjoy the plot of the book.
