Crossing the Line

Lucy Score

Crossing the Line Lucy Score

From #1 Amazon bestselling writer of *Pretend You're Mine*, Lucy Score delivers once again with the two-book *Sinner & Saint* story.

Xavier Saint's by-the-book rules are thrown out the window when he finds himself crossing lines to keep his beautiful client in line. His business is protecting clients—often from themselves—and as co-founder of one of the top private security firms in the country, he's seen it all. But when he's contracted to protect Waverly Sinner, the stunning and rebellious actress, he finds that some rules are made to be broken.

Waverly Sinner is a second-generation Hollywood goddess living in the gilded cage of expectations. She's reluctantly playing her role while counting down the days to her escape from the life she never chose. But meeting sexy, rule-bound Xavier Saint slams the door shut on her own private prison. She doesn't trust him and will do anything to shake him loose.

Sparks fly and ignite when Waverly and Xavier's agendas clash. But when a dangerous stalker threatens her life, can Waverly trust Xavier to stand between her and a potential killer? Or will their growing feelings for each other endanger them both?

Author's Note: This is the first novel in a two-book series. The stories take place five years apart so my astute readers can guess that this one doesn't have the happily ever after we all love. But I promise, I more than make up for it with the conclusion of Xavier and Waverly's story in *Breaking the Rules*.

Gina says

WARNING!! This book is dangerous.... First of all, it is nearly impossible to put down. I read all 342 pages in two evenings. It would have been one, but my husband insisted that I had to go to work the next day... Secondly, this book will give you all the feels. I laughed, I cried, I cheered and maybe yelled a little... Thirdly, it ends on a cliff-hanger. Fortunately, the second half of this book comes out on December 28th, so I won't have to live in suspense for too much longer.

The characters are complex but likable, the danger is real and well-paced, the humor and heart are perfectly placed so the suspense and drama won't bog you down, the romance is hot and sweet (holy moly, the dirty talk!!) and the "bad" characters (hopefully) have a chance for redemption in book two.

You NEED to read this book now, but be ready for an emotional ride!

Sarah says

Where to I begin?! Lucy's ability to tell a story, to describe a place or a feeling, never ceases to amaze me. She has the ability to make you feel a part of the story. To feel her characters joy or anguish. I absolutely adored her Blue Moon series and was excited for an opportunity to read her newest book, Crossing the Line, as an ARC. It does not disappoint! Truly one of the best bodyguard/client stories I have read. It does leave you with a bit of a cliffhanger, but you will not be disappointed with this book. I am very much looking forward to the conclusion, Breaking the Rules.

Leah Doumousiaris says

So I remember reading Lucy's new book would be a cliffhanger, but I completely forgot when I started reading Cross the Line. I am so use to Lucy's small town stories that Crossing the Line was like I was reading a completely different author which I still LOVED.

Lucy did it again, Sinner & Saint, Crossing The Line was a GREAT book. I was very upset and almost wanted to cry when I got to the end and realized it was a cliff hanger. I will be anxiously awaiting the sequel Breaking The Rules. Thank god its only a month away!!!

Waverly & Xavier were great together. You got to laugh, sometimes got angry and sometimes wanted to cry. This book had me all over the place with feelings. At first I thought this book was going drag you along while they figured out what was happening between them, but that was not the case. There was so much happening between Wavely and Xavier or with Wavely and her stocker that you never got bored. Between Waverly and her best friend Kate's scheming or Xavier and Micah's bickering, Lucy kept your entertained. I don't want to write to much, I don't want to give anything away. But this book is a must read. I HIGHLY RECOMMEND ? But I must warn you this is a cliffhanger so be prepared. Luckily the next book is due out next month according to Lucy's blog on Goodreads

Brittany says

3.5 stars.

I love Lucy Score and enjoyed this book but I felt like the story was a bit drawn out before the conclusion which ended on a cliffhanger. It took me 3 days to read this when I normally blow through her books in a day and a half at most. I'm still looking forward to book 2 though LOL.

Denise says

Oh. The. Anticipation!

I love the play of words on the characters names...LOL! These characters....I could just jump into this book and shake the stupid out of them!! I like the way the characters are needy in their own way. And the leading male is warring with himself to do the right thing. The amount of time and tension seems about right for the characters to give in, but then the give up cliffhanger..... ok, y'all just read this book.... don't be hatin' on the cliffhanger...just move on into the next book. Lucy Score has a way with spinning a story and keeping you smiling, almost crying, and ready to slap the stupid out of somebody... I can't wait to get into the second book ...Breaking the Rules...they broke plenty in this book ;-)

Laura says

Sinner and Saint ?

“Sinner and Saint” With names like that you know there’s going to be sparks.

Waverly Sinner has been in the limelight since she was young. Born to famous parents, Hollywood royalty, plus she’s a star in her own right, but the one thing she truly has never really felt was loved.

Xavier Saint runs a Security firm for the Elite and when his firm is hired to protect Waverly he’s expecting a diva, but what he finds is the total opposite, she wants out of the limelight and just wants to live like a twenty year old girl, but when she starts getting stalked by a mad man all bets are off.

When Waverly and Xavier are together it’s intense and doing his job to protect her becomes more difficult. In the end Waverly gets hurt and almost dies, Xavier blames himself and chooses to walk away from her even though his heart belongs to her and vice versa.

I was like oh no how could you end this book this way, well never fear there’s a second book, five years into the future and I for one can’t wait to see if Waverly and Xavier find their way back to each other.

Tracey Miles says

Score!

Lucy Score has blown me away with this one, now mind you I Am Not Fan Of CLIFFHANGERS, but this one is so good that I am counting down the days till the next one! Xavier, Mr sexy and Waverly are swoon worthy themselves but the story is excellent, not just the love but the plot. Get it, read it!!

Andrea Carlson says

Fantastic story!

I just love Lucy Score novels! Each story is better than the last and Waverly and Xavier are one of my new favorite couples. Lots of heat, angst and deep feels. I can't wait to read Breaking the Rules to see how their story ends. Keep it coming Lucy!

Leisa Cook says

I have loved Lucy Score's Blue Moon series but I think this series is my new favorite. I love Waverly and Xavier. Lucy is a phenomenal story teller and although I am not a fan of cliff hangers I totally understood the need for a second book to finish their story. Waverly needed time to find herself and I appreciate Lucy not rushing the character in order to get everything in 1 book. I am glad book 2 was downloaded on my kindle and ready to go as soon as I finished book 1.

Nancy Mederos says

Well dang!!

I don't even know where to start! Holy cow this book!! I already love Lucy I think she's a wonderful author, this book took her to another level. Let me just say I don't like cliffhangers, I usually stay away but this book is so worth it.

The characters are to die for, Waverly and Xavier are perfect together. From the very begging I knew they were going to challenge each other, fight and fall in love. They just work and the chemistry is off the charts!

This book is suspenseful, funny, sad, and emotional. It has it all! I would 100% recommend it!!

The second book can't be out soon enough!! I can't wait to see where she takes us. Waverly and Xavier definetly deserve their HEA.

Shavonda says

3.5 stars. This was okay for me. Storyline got me hooked from the beginning, and the chemistry between Xavier and Waverly was initially very strong. But then the storyline seemed to drag out a bit too much and I felt like the strong connection and chemistry between Xavier and Waverly got lost in the script, which made the story drag for me. It picked up more, but I found myself skimming a lot of (what I felt) useless information. I really started to question if it was worth reading the next book because I really didn't feel

much going for their relationship and what more can be done in another long book, but I felt what Xavier said about what Waverly needed, and I'm interested to see how these five years apart will change her and him as well.

Amber Houslet says

Loved, loved, loved this book. I have been tired of those romance books that just deliver the romantic side of the story. This is not that book. This has suspense that had you guessing on what was going to happen next. Meet Waverly, a second generation actress who is thinking of leaving the business. Enter her parent's who hire Xavier to make sure that she doesn't. Throw in a psychopath stalker and you have a recipe for a FANTASTIC story. Waverly's antics in dodging her security and proving herself to be stronger than a simpering female had me waiting to see what she would come up with next.

While lengthy and having a cliff hanger, it is worth picking up! I can't wait to read the rest of Waverly and Xavier's story.

Andi says

Wow I'm not sure where to start. My heart is breaking for Waverly & Xavier. This was such a heartfelt story & it's not even close to being over. I don't want to give anything away, but be ready to feel their pain. I'm anxiously waiting for their story to continue.

Bea says

Ever since I read Pretend You're Mine I knew Lucy was an author to watch. She did not disappoint with this book. Sinner and Saint, Waverly and Xavier respectively, have an instant attraction. Waverly is Hollywood royalty but desires a regular life. Xavier is there to protect her and does just that while simultaneously falling in love with her. Waverly's relationship with her parents (both have their own issues) is strained at best. Xavier begins to really pay attention to the dynamics and gives Waverly what she desires, the ability to break free and be her within his safe arms. Their relationship builds but is strained. After a major accident their issues come to the forefront and the relationship is left hanging (major cliffhanger). I loved this book and anxiously await the next one. If you enjoy a little romance, with some hot loving and a lot of suspense then this book is for you.

I received this ARC in exchange for an honest review.

Jennifer says

Wow! This is an excellent story. What I loved most is the amazing chemistry between Waverly and X right from the beginning. This was certainly no insta-love, far from it but the chemistry was there all along. And I loved watching them slowly lower their walls as they realized the assumptions they had made about each other were all wrong. This is a sexy heartbreaking tale with a good amount of laugh out loud moments

thrown in (seriously, some of the things they say to each other were hilarious!). Thank goodness we don't have to wait long to read the conclusion of the story. Highly recommended!
