Good

Poor Mercedes has been through so much. Having to deal with the death of her mother , basically being a mother to her twin sisters and a crazy abusive Dad. When she was finally finding some peace and happiness. Here comes a wife that Simba fail to mention he had. She didn't have to throw them out like that. Great Read

Love it

I love this book and can't wait to Read the reset of the realest that she met: saved by a thug.

Imma Booker says

This was a pretty good read with a story that wasn't all that predictable and with believable characters. There were a lot of editing issues though, especially towards the end of the book, and there were some story inconsistencies.

Alexis Raquel says

Ugh Simba!!

Omggg Simba how could you!!? Like you really have a WHOLE wife!?! Mercedes is already broken and you tear her down even more! My heart broke for her and her sisters. They can't catch a break!

Tamia Brown says

Love it

Cedes went through so much. I am really hoping there is a valid explanation to what happened at the end. I think Lucas needs to be watched. I may be wrong but he moves funny. Overall great book. Jumping right in to book 2.

Messed up

This book was good and really touching. But for some reason I don't believe he would do her like that. I think Lucas has something to do with it. Can't wait to find out in part 3

Taz Will says

I thought this would be an okay read but overall it was boring and the little story line that was there was a waste of time. Mercedes was a hot mess and all the "I'm grown" talk was overdone and stupid. The situation with Simba and Tasha was far fetched and dumb as well, if the father was out the picture what was holding him there? Then the situation with Dacari that you didn't get any real explanation on what it was he did or why Simba would even think he was the problem to begin with was wack. The fathers coming in was basic seeing that the entire time De Nero was talking it was nothing that was asked like he was having a conversation by himself. Add on all the errors and missing words this was just a mess. I'm over it.

WHO IS THAT SKANK B#@\$H!!! HE HAS SOME EXPLAINING TO DO!! I FEEL SO BAD FOR HER

Leslie Walker says

Well damn!!

Could that be any more messed up??? I think Lucas is behind this.. Mercedes needs to hear him out. Simba got some explaining to do

O my god this book had me on edge. First off great story line and characters. I really enjoyed the chemistry between Si and Cedes. That ending had my jaws on the floor like wth?!

Pamela Johnston Ward says

Hmmm

Poor Mercedes. She went through so much at such her young age. All she wanted was a better life for herself and her twin sisters. I wanted to jump into my kindle and stab her dad to death for what he had been doing to her since her mom died. Simba is her saving grace or is he? I don't know who the chick is but I don't like the way things ended. I also have my doubts about Lucas. Things that make you go hmmm. I need part 2 asap.
