Storm and Naseem

This was a good read. A love story full of action and drama. I laughed and cried. As with any couple , there are obstacles standing in the way of their happily ever after. Naseem was as real as it gets and Storm was a strong independent woman who didn't take no mess or play about hers. This is my first read by this author, but I will definitely be checking out her future reads. #UIP

Kim Turner says

Enjoyed it, a definite must read

This book was very different and I enjoyed it. Storm had the most perfect name for herself. She was a force to be reckon with but Naseem balanced her out completely. A true take charge kind of guy. I loved his relationship with his daughter. You must read, I don't like giving up too many details.

Ms. T. Nicole says

Amazing

Great read couldn't put it down. Storm was feisty and didn't play with those hands. I liked her and Naseem,they had a few hard times with the kid issue but they weathered the storm(play on words)

Alexicia Jones says

Wow

Storm wow her name fit her. She went through so much but she weather her storm. Chance was a punk. Naseem lawd he was a dream. His baby mama I could do without. I love the love between the two of them. I

love how heir relationship wasn't built on sex. I love how everything worked out in the end. They went through so much to get their happily ever after.

Rena Williams says

Pretty good

Love story Naseem is bae. Storm was so strong to endure all that she had and still came out on top. I did feel like some of the story didn't feel complete. Like why Storm didn't find out that Drena was her cousin and why she hated her so much. I also loved that it was a stand alone. Can't wait to see what's next

Leslie Walker says

Amazing!!!!

OK I low key want me a Naseem!!!! Like right now. Storm and Naseem were made for each other. They balance each other out. I would have loved for this book to have a part 2. What happens with Kimmi and Ax? What about Mee Maw and her man? I'm in suspense here!!!!

Carolyn J. says

Wow Urban Royalty

This was a nice urban love story. I don't usually get into novels with so much n word usage and colloquialism used in a story but for some reason I was drawn to Storm and Naseem.. A nice love story with lots of drama and crazy action taking place.

Shronda says

Loved it

Great book from the beginning to the end. Storm and Naseem made the perfect couple. I like how she accepted his daughter from the beginning. And he accepted the fact she was pregnant by someone else but still wanted to be in a relationship with her. I cried when her son died. Chance made me sick and Naseem baby mother. I'm so glad they got their happily ever after.

Awesome

This book was so good. It's totally different from a lot of the books I read so far. I love the fact that the book was more focus on storm and naseem more than anything there's not a bunch of extra things going on. I love the way naseem loved storm. I hate that it has to end. I want to know more about kimmie and ax. Overall great read

Gilly says

Okay read

How should I start this. I really wished they had 1/2 stars, cause I would add 1/2 star this this read. It was an okay read. The storyline was good and it was well written. No major mistakes. But on the other hand the story was a bit slow and was hard to keep my focus. I found myself skipping a few pages. But it was aight. I still believe thou that others may find this read great as it may have been best suited for them.

Cookie R Dunston says

Sadly, I must say this is my first read by this author, but not my last. I really enjoyed this read and I couldn't put it down. Grabbed my attention from the first page and held me to the b=very end and what a ending. Loved these characters, the storyline and plot and it moved at a steady pace. Really like Naseem and Storm's relationship they were too funny at times. So glad that got their happy ending.
