The Amulet of Caorunn Juliette Harper

Creavit wizard Irenaeus Chesterfield is back, with a bigger, badder plan to go after Jinx and company. In the weeks leading up to Christmas, Jinx starts having dream visions about the mysterious Amulet of Caorunn. Trying to get more details, she and Tori try a dicey double enchantment with shocking results.

Take this adventure with Jinx, Tori, and the gang as they work to recover the Amulet, stop Chesterfield, and enter the mysterious Middle Realm.

This installment touched my heart the most!

Anyone that adores fantasy would enjoy the heroic efforts of a newly trained witch! A beautiful tale of redemption, forgiveness, and risking all that makes your world go round, to save humanity, is enough to make the weakest heart brave!

Getting to see a bit of my Patron Goddess Brigid through the eyes of the author was heartwarming.

Thank you!

And the fun continues

Like the first six books, the author likes using references to modern movies and tv shows and sayings. It makes the stories even more fun. I thoroughly enjoyed this book and look forward to the next one in the series.

A perfect point to pause

This volume completes our introduction to Jinx and Tori. It marks their transformation from waitresses in a country coffee shop to powerful witches and women in their own right. Other characters around them including their own parents have grown and changed as well.

The storyline hasn't ended, there's far more to come, but it can pause to give breathing space to the author. I for one am eager to see how she will take it up from here.

Still can't put 'em down

I am really enjoying this cute little series. It's kind of like a recipe for a potion but instead of herbs and oils it's one part Harry Potter, one part Lord of the Rings, one part History class all mixed together to make a whole lotta Awesome.

More fun with Jinx and the gang

Bad guys turn good? Big bad guy deep freezing Jinx's state! The team has lots to work on in this book and they have lots of fun and adventure along the way!

I You have to read the whole series!

This is the finest series of witchcraft stories and I have read TONS of them. The characters are so real you start talking to them at certain parts of the series. The plot will not let you put down your Kindle tablet until you have read them all I completed the set in 4 days of continuous reading. This is JUST READ for all witch lovers. I can't wait for next,so I'm starting another one of her series "The Lockwood Legacy.

A journey to find a stolen amulet and the freedom of a season....

Jinx and gang have just enjoyed the holidays now the need to find the Amulet of Caorunn that is the amulet for Mother of Rowan. They will need to go to the Middle Realm to get the answers and perform a rescue.

More adventures of our heroine learning more about her powers and destiny.

Book 7 of the Jinx Hamilton series and I am still totally immersed in the world that is Briar Hollow and beyond. All I can tell you is to run, don't walk, to get your own copies of this series. On to book 8.....

First to fix my reviews

I did my reviews out of order and mistakingly left a review on Witch on Third that I mixed up with Witch To Haunt. If your reading this Series in the right order, you'll see that MY REVIEW does not make sense. Please read these books in order. I'm afraid if you read MY REVIEW then Spoiler Alert: I've already ruined what really is a good read in Witch to Haunt. Another piece of advice: please read the Christmas Novella (it tells the part about Christmas that is just touched on briefly in this story) before you read this book. I thought that was the end of the Series (and I was disgusted that I had been left on the "ledge" with out an ending. That was before I read this book which had escaped my reading order by pure mistake. This should be your next book after the Christmas Novellaz). I

So! This review: Many things were cleared up and explained and new things are now open to further development. Am I happy with the ending of this book? (Brenna Sinclair is back in the mix but in an entirely different role. Wait and see..you'll like the new story!) Yes. I am not happy that I am still waiting for Jinx, Tori, Chase, etc. (The Witch of the Oak Gang) to find and destroy the Wizard. I'm also still waiting on the love story portion to play out..Chase or Lucas? Who knows...shrug! When will the next edition to this story come out? Who knows but I'm still (in for a penny in for a pound) hanging in there waiting for things to be wrapped up! ENJOY!!

Surprise ending

Jinx, Tori , and the gang are on another adventure! This time to another area if the far world. When they get back to the lair with Mistress Summer and call Mistress Winter to appear, the end result of the confrontation, will surprise you! Can hardly wait for the next book in the series!

KDinSC says

Best one yet!

I love this urban fantasy series based in the NC mountains, and beyond. They are fun, fast-paced adventures, with mystery, family, friends, love, and good vs. evil. Oh, and don't forget the witty banter, epic one liners and pop culture references.

Dora says

The Amulet of Caorunn

Once again Jinx and Tori and their merry band of paranormal friends find themselves battling the evil wizard, Chesterfield. This time Chesterfield has involved the Queen of Winter, Cailleach, by giving her the Amulet of Caorunn. Cailleach has agreed to bring winter to North Carolina in a way that hasn't been seen there.

To save the Mother Oak tree and the people of North Carolina, Jinx must take the Jar of Prometheus to the Middle Realm to Gwydion and rescue Brighid, the Queen of Spring from the Dark Druid.

This is book seven of the series. I believe that it is necessary to read them in order to learn the characters as introduced and the world building that goes on and builds in each successive book.

Christine says

Seventh book itch?

I couldn't bring myself to give this five stars. There is just something a little off compared to the other books. Sometimes the explanations and descriptions were too much. Also I kept getting confused because I already read the Christmas in Shevington book so I knew things but the timeline was winky for me. I also thought the plot resolution was kinda weak (without any spoilers). Overall not a bad book just not my favorite.

Melissa Storm says

This is my favorite Jinx book since the very first. Loved the hero's journey in this one and the redemption of a certain character. Can't wait for more Jinx!

Kathy says

Such an enjoyable story

The characters are very well defined and the plot keeps you guessing. No noticeable editing errors and that is always a plus for me. It will be engaging to see where this goes!
