The Vatican's Last Secret

Francis Joseph Smith

The Vatican's Last Secret Francis Joseph Smith

During the closing days of WWII, senior Nazi party and Vatican officials committed the most brazen robbery of all time.

In this fast-paced Thriller, Hans Dieter is a well-known philanthropist with a dark past. From his deathbed, he has one last story to relay to his son, Jim Dieter (retired Navy SEAL) and his best friend, Dan Flaherty, about the role he played in a robbery involving top Nazi and Vatican officials.

A robbery that for over 70 years, The Vatican has killed to keep its secret buried.

Now a deadly game of cat and mouse quickly ensues across the globe involving The Vatican, MI-6 and Interpol, all hot on the trail of Jim, Dan, and Jim's fiancé, Nora Robinson, as they search to discover--The Vatican's Last Secret.

Terrance says

WW 2 History Thriller

Great job of showing the reader how the end of war created the basis of this wonderful tale. My own reading showed me how close to fact this fiction truly was. Wonderful reading!

James W. Stewart says

Interesting and Suspenseful

This story is both very suspenseful and intriguing. There is alot of history intertwined in this suspenseful story with many of the bad characters of World war II Germany

Holly says

I love this genre, anything that involves Nazis, gold,

Jim says

God's bankers

Great imagination and fun for old man who lived in Salzburg after the war. I have read many books and walked the mountains south of Salzburg thinking about this topic. NO doubt about Vatican conspiring with Nazi's after war.

Robert Lubanski says

Judgement Day

I thought this novel was a little too long. It seemed to be two novels, one European and another of the Middle East. be that as it may, it was very enjoyable. I have been to Auschwitz and was very moved. this novel did the same for me.I hope something has changed in the Vatican.

richard w calvert says

Outstanding adventure!

This treasure hunt mostly enjoyable from its characterizations of its main characters Jim, Dan and Nora. Our authors theme throughout this epic romp around the world, was that evil shall not prevail as long as it is opposed by good people fighting greed and injustice to insure a better world. Lest we not forget the past, Francis Joseph Smith has brought to life or we are doomed to repeat it!

Joson Jacob says

Thoroughly enjoyed this book as takes you back to WW II and the atrocities committed during that time.

Liked the pace of the story from WW II to present time.
Will look for more stories from the author

Elaine Poppler says

WOW What a thrilling book!!!

At the end of the 2nd world war, the naty leaders escaped with .julio s of dollars in good diamonds, art and other prieless items. This book portrays what became of the perpetrators and the bounty.. This is a fast moving read

Jeanette Farrell says

Absolutely one of the best books I've read !

I thought this book was going to be disappointing - boy was I wrong ! It was excellent! Characters and plot expertly and intricately crafted . This is the first book I've read by this author and can't wait to inhale his others! The past year I have been reading books by many authors new to me, and Francis Joseph Smith is going to the top of my favorite writers! Wow!

Chaplain Stanleigh Chapin says

A keeper!

An extremely well-written story, good characterization, intrigue even suspecting the outcome, and of course intensity. As a Catholic, I believe that some of it is partially correct.

Keith Comfort says

Good Read

A really interesting story with lots of twists and turns. Sometimes was a little tedious, but the story was engaging and the characters were well developed. Hard to put down.

Mary Ann Stankovsky says

Is it really the last?

Smith is an artful weaver of tales. I like that he wrote a long enough book to deal with the charactets

Sarane C. Siewerth says

It's too bad this story, which itself is very good, was ruined by the hundreds of misspelled words, indiscriminate verb tense changes, and punctuation errors, all of which interrupted the flow of the story and made the reader focus on the errors instead of the flow of the story. It is obvious that the story was dictated onto a computer, and all the proofreading was left up to spell check, which is clearly unable to distinguish among peek, peak, and pique, for example, all of which came out as peak. And Louis XIV is never Louis XIII, proverbial is never preverbal, personal is not personnel. The publisher clearly needs to hire a human proofreader. Such a mess reflects badly on both the author and the publisher. I read several books a month and will not read another written by this author or published by this publisher.

Arlie Collins says

Awesome

Great story, great characters....couldn't put it down....the mixing of history, fact and fiction was perfect can't wait to read his next one

Liz Cromwell says

Great book

Great book with wonderful character development that weaves fiction and historical fact into a story that's hard to put down.
