Lie with Me (Lone Star Lovers Book 3)

Taylor Holloway

Lie with Me (Lone Star Lovers Book 3) Taylor Holloway

Help Wanted: Asset Acquisitions Manager

- **Able to secure funding for target companies**
- **Advanced negotiation skills**
- **Pretend to be client's girlfriend**
- **Red hair highly preferred**

Rae

Lucas thinks I'm the perfect woman.

The perfect woman to make his ex-girlfriend jealous.

I'll pretend I'm his, and he'll sell my company his revolutionary dating app.

He's as hot as he is brilliant, so the lie isn't hard to sell.

I just hope I don't get more than I bargained for.

Like a seriously broken heart.

Lucas

This private equity firm knew what they were doing when they sent a smoking hot redhead to acquire my company.

And I know just what to do with her.

I need to win back my ex, and Rae's got all the assets necessary to make her jealous.

Like her long legs, dangerous curves, and soft lips.

Pretending she's mine won't be hard.

Forgetting she isn't might be.

***Lie with Me* is a standalone fake-relationship romance featuring a bold alpha hero who's about to meet his match in a feisty, smart-mouthed heroine.**

AMAZING!♥HEARTFELT!

One heck of an amazing read that will take you on a non-stop emotional rollercoaster ride full of fun smirky laughs to fighting back the tears as the storyline gets deep breaking off pieces of your heart but in the end worth every gruelling word! Sexy passion filled chemistry, edgy, intense, exciting, fun, raw, heartfelt and page turning twists! An emotionally charged must read!

Nicole says

Lucas will do anything to get back together with his ex, Victoria. Even propose a fake relationship with, Rae, a woman who is trying to buy Lucas' new app so her company can help it grow. What will happen when Rae has a hard time drawing the line at fake? What will happen when Victoria texts Lucas and wants to see him? Will Rae be able to keep her company's change of heart from Lucas, will she betray him, or will her heart win in the end? This book is filled with feels, it had me smiling and tearing up. A great book makes you feel something and this is the definition of a great book. Sometimes in the path to get what we want, we find what we need instead. Enjoy!

Nancy says

This book is all about a guy trying to make his ex jealous so she will come back to him and this is where Rae comes in. She is coming in as his fake girlfriend but they did not plan to have real feelings for him. Great characters and great storyline. Highly recommended especially since it's also written by Taylor you can't miss out, she is a brilliant author.

M Hurford says

Taylor Holloway's Lie with Me is another flawless story as book #3 of the Lone Star Lover Series. This storyline focuses on Lucas from the college bro trio of Ward, Cole, and Lucas. Ward owns a popular bar. Cole own several BMW dealerships, and Lucas is a software genius. He is about to sell his latest matchmaking app to a company. First they send out an investigation team to go over his records, etc. Leading this team is Rae who Lucas sees as someone he can use to make his ex girlfriend want to get back with him. Rae agrees.

Professional and personal issues arise. How will Rae handle both? How will Lucas react to when girlfriend shows up?

Recommendation: I really liked this story. It flowed evenly from chapter to chapter and it engaged me right

from the start. The characters were well developed and dynamic. Even though I knew most of them, some are still evolving.

I'm excited to see that another storyline was begun between rockstar Jason and original bar owner's granddaughter, Wendy who is now waitressing at the bar. So in conclusion, grab your popcorn and get comfy as you read this book for your reading pleasure and enjoyment.

I am volunteering to leave a review of this ARC book.

Gwenny says

Rae and Lucas are my second favorite couple from this author. Lucas comes up with the "perfect" plan to get his ex back. Rae is just trying to do her job, and advance in her career. Everything goes according to plan, with a few exceptions. Great story, and I can't wait to see what this author does next

Delacey says

4.5 stars. So I quite liked this book with a great cast of characters that are all pretty decently developed. I was a little unsure of the H character at times, as his inner ramblings contradicted the way the other characters perceived him- now while this is true in real life to an extent- the various characteristics and history didn't all seem to mesh. The plot was pretty good, a little predictable at times, but had a nice exciting twist at the end that I enjoyed. I should also mention there were some funny dialogue and some of the scenes. This is the 3rd book in a series yet is standalone- but you do see the earlier couples in relationships that have progressed. The final epilogue (there were three) was from a third character to introduce his next book, which looks like it could be pretty good. Overall, a pretty good and interesting story. *I received an ARC of this book and this is my voluntary and honest review.

Brenda Moser says

This is a well written book that takes you on an emotional roller coaster ride reading Lucas and Rae's story. The author brings ups and downs, twists and turns , laughter and tears and a passionate romance with a hot and steamy chemistry. I loved their characters and the story line. It's a fast paced story that captured and held me from beginning to end. Highly recommend this book.

I voluntarily reviewed an ARC of this book. All opinions in this review are my own and freely given.

Nate says

Loved Lucas & Rae's story. Wow. It was a fun, intriguing read. I'm voluntarily leaving an honest review for a copy of the book via booksprout.

Debra Richardson says

This book is superbly written. It is full of drama, twist and hotness! Amazing storyline that is emotionally deep, and is a compelling, well written, funny, interesting, passionate read. The plot is well-developed with loveable characters. A really amazing read and comes highly recommended. I look forward to the next book in the series.

Miss E R Duncan says

Lucas wants to make his ex girlfriend Victoria jealous so gets Rae to pretend to be his girlfriend for a few weeks. Rae agrees as she need Lucas's help to grow her business. Things don't go to plan when they both start to have feelings for each other. A must read book

Di says

My favorite out of the three books in this series about Lucas, the nerd who develops an app for finding a mate and Rae who is sent to buy and help Lucas grow his company, promoting the app. Lucas has other plans when he sees Rae, so he makes a deal, pretend to be his girlfriend to make his ex jealous and win her back. It's a great deal for both parties until Rae starts to feel more for him and when her company decides to mess with his company, she can either go along with the bad deal or tell Lucas which will have her fired...what will she do.

I loved this read and I adored Lucas, the quirky man to me with a soft heart and an obsession for a woman who is all wrong for him. Rae was a ray of sunshine, I loved her wit, strength and no holds barred attitude. I loved these two together, their communication and honest talks about what they felt and thought was refreshing. The read also held a couple of surprises for me, when I thought something would happen the author would surprise me in the best way. The story flowed beautifully, there were a few laughs that had me chuckling and the steam was just right, making this my favorite from this author out of all her books.

I voluntarily read an advanced copy and expressed my honest opinion

Nora Flood-Houston says

Lucas is still in love with Victoria after 18 months. When a company decides to purchase his dating app. He makes the head of the acquisitions a proposition, be his fake girlfriend to make Victoria jealous. Rae agrees to this but both their feelings get confused. Cole and Ward are there to tell him the truth about how Bad Victoria really was. Rae can't keep her feelings hid. Lucas gets in over his head. This is another fabulous book in this series. Happy to read Emma and Ward finally get married! I hope we get to read about Jason and Wendy next! A must read!

Shelly Celli says

This group of friends have their hands full for sure, and when their partners come into the picture, things get dicey. Lucas has been pining after Victoria for years and believes he's still in love with her and they'll make it if they get another chance together. When he meets Rae, he gets a sudden idea to fake a relationship to make Victoria jealous...boy does that happen, that lady is crazy. This also brings in a new friend to the group and sparks fly and second chances re possibilities for those two. Cannot wait to see what happens with them.

Ashley Hall says

Great read! This was my first story by this author and I really enjoyed it. I also really love how the next book is set up for you in the epilogue to this one. Definitely looking forward to that book. This book doesn't say it's part of a series, but Lucas's two best friends have their own books that were released before this one. I'll be looking into those soon. This book is set up and sold as a standalone. But if you're like me, you like to know about all of your characters, so reading Cole and Wade's stories first will help you to do that. Don't fret you aren't left out or confused by not having read the previous books. Awesome job! Looking forward to more! Voluntary review of an advanced reader's copy via booksprout.
