Ok. I think Takara-kun is sooo stupid. -- breaking up with Hikaru just because his childhood friend, Ami saved his ass from the accident, is just so annoying! ugh! Takara doesn't even see Ami in a romantic kind of way! Then he dumps Hikaru for Ami?! Seriously?! ugh.. but i kinda understand what Takara is going through.. it's tough. Hikaru too! Heartbroken. 3 and yet! She stood tall and strong. She wanted to show Takara that she was alright. btw, i like her new look! XD haha! She even stopped 2 new guy students from fighting! so cool! :O

Hikaru overheard a girl confessing to Arata.. the girl asked who does Arata like? He said Wakamiya Hikaru :> kyaa~!! nyahaha.. he even chased Hikaru when Hikaru ran. People heard what they were talking about too! XD even Takara!! ha! :P

How could Takara even kiss Ami?! >:| grr! He doesnt love her! He still loves Hikaru and yet he's still stays with Ami. -- amp. Hikaru even saw the kiss! good thing Arata came and took her away! He even comforted her! XD waah~! Guys who do that! <3 lol

The writing wasn't necessarily bad, and the drawing is fine....its the darn events that happened. From this point on I was just mad with the whole thing and couldn't get back into liking the series. I'm too mad at Takara. He's an idiot and thats all I will say about that.

Seobin Baeg says

The new character Ami might have been selfish but she is certainly right; the main girl character has little good qualities compared to Takara. Regardless of wealth, talent and looks, her personality is childish, gullible and clueless. When Takara dumps the girl because of his noble reasons... I really began to detest the two tragic lovebirds. I know Arata is a serious playboy and his forceful and domineering personality is a problem. But at least he is showing some progress as a character- the others are regressing.

This is a review for the entire manga series...

The manga itself was pretty entertaining but overall really predictable for me. I could already assume the ending by the time the story really started to take place.

The characters were okay, not the best but not the worst.

Kind of a cliché nothing, new manga but it was still good in general.

The main girl character was kind of annoying at times though.

The art was okay. I'm not really into the whole idea of high schoolers looking like elementary/middle schoolers but I guess that's the artist's style.

All in all, I give the series 3.5 stars.

[Tanaka hat mit der armen Hikaru Schluss gemacht, weil er mit Ami sein will denn sie hat ihn bei einem Autounfall gerettet. Ergo er fühlt sich ihr gegenüber schuldig. Ergo leb wohl meine arme Hikaru. Das war so gemein.

Ich kann nicht verstehen, weil sie mit ihm schlafen will, wenn sie weißt, dass er Schluss machen will. Ich glaube, dass man auf diese Weise vielme
