## **From Reader Review The Ritual Bath / Sacred and Profane (Peter Decker/Rina Lazarus, #1-2) for online ebook**

### **Joe says**

I haven't read this two novel book, but as I enjoyed both of the books within it I wanted readers to feel secure that the books are well written, with fully fleshed-out characters that grow throuout the series.

---

### **Sharon says**

Great 1st book of this series that I never read!

---

### **Val says**

First book I have read of this series and enjoyed the different aspects. It takes you into the Jewish world and gives you an insight of various ceremonies and what they mean. In this novel a woman is raped in this Jewish compound and the detective has to work out if this is an outsider getting in or and insider and if this person is the same rapist haunting the local area. Excellent read and have already ordered the next few books from the library as so impressed. Keeps you on the edge.
