### Mark says

Every bit as good as book one, better actually!!

---

### Purnima Damade says

ok

---

### Samantha Reavley says

#### Brilliant

This is a fantastic book and will keep you gripped its a mist read for anyone. I've got other books from this author and can't wait to get started on the next

---

### Sandra Skipper says

#### Intriguing

Enjoyed this book as a series showing the story from each child Characters view. Very interesting subject. Caused much thought.

---

### BonusMom says

#### Good finish

The book needs an editor but it was still a good thought provoking novel and will hold your interest throughout. It seems that we have come far, although it might not be for the best.

### Pam says

Wow, this young man can certainly tell a story, Book one was great but the follow on Book two had me on the edge of my seat,I hate giving the plot away so all I will say is that it was Brilliant :) This is what I wrote in 2014, and having read it again, I have to say that these are the most unusual books i have ever read, and it certainly made me think, and as the Author suggests, i went on the internet to the link he provided, all I can say is Wow.

### **Joyce Himmel says**

So where do you believe the soul goes when a person passes? Ian C. P. Irvine puts a whole new spin on organ donation in book two of Haunted From Within. This is the story of a young man who undergoes a kidney transplant and his life afterwards. In this readers opinion book one and two should have been combined in to one novel. I must admit this is the first work that I have read of Ian C. P. Irvine and I am looking forward to more. If you enjoy medical thrillers with a touch of the paranormal then this should be a definite read.

#### **Addictive**

I really enjoyed book one, I was gripped. I loved how the story flowed, there were emotional bits, disturbing bits .... Just really enjoyed it. I love thrillers, suspense, moral issues, detective books and this had it all. There were a few errors regarding proof reading but it didn't distract from the overall enjoyment. An interesting subject matter. Give it a go!

### **Louise says**

Haunted from within book 2. Well what can I say, a real page turner. Lots of twists, and turns, well written and love his books. Can't wait to read the rest. Highly recommended. Haunted from without here I come....

### **Michelle Douglas says**

I really enjoyed this book too as it provided some theories and answers to the notion that souls can be transported during organ donation. I enjoy this writer's style of writing although it does mean that I get through his books at a great pace.

**An absolute must read**

Haunted From Within is an absolute BRILLIANT book you won't want to put it down . The twists and turns are BRILLIANT you will love it

---

**April says**

I really enjoyed this book, so much so that I broke my rule of never paying more than £2.50 for a kindle book to buy his newest one.
