This nihilistic romp into virtual madness ranks as my favorite rock book (and album) of all time. It is so poignant in it's ability to pin point the lostness of man in a world spinning out of control that I am nearly brought to tears. I know how much I used to identify with these lyrics and how many people out there feel that vacant emptiness and hopelessness that Floyd so masterfully transfers to its listeners.

Mike says

I found it a whirlwind tour and very disconcerting. But it did have the feel of accuracy.
