## **The Vampire's Captive** Zara Novak

Ellie Thorn was raised to hunt vampires, and now she's captive to one. Her mysterious vampire captor is a dark and enigmatic character, with a broken mind that is far past repair. He can't remember his name, he can't remember where he came from. The only thing he can remember is Ellie. He's convinced she's the next part of the prophecy. She's not so sure.

Can she overcome a lifetime of abuse and hurt to trust a destiny that seems so cruel? Can she learn to love the one thing she was taught to hate?

Wraith Belmont was thought long dead, but now he's back and he's found what he was looking for. He's tall, dark, handsome and mysterious, but a near-death experience has left him unable to remember anything and his mind is broken in two. Can he fight against the dark half inside of him that wants to take control? The half that wants to destroy everything?

Tensions are rising in Belmont valley and the stakes are higher than ever now that the Red Circle has joined forces with vampire hunters. The high lord of vampires wants to make sure the prophecy fails and will do anything to make sure the lost daughters don't meet their destiny. A new assassin has been forged in the depths of the dark vampire kingdom. His next victim? Ellie.

Life, love and lust are on the line as the dark strings of prophecy entwine. Will the vampires secure the next part of the prophecy before defeat destroys their kind? Time will tell...

Tales 4 features Ellie and Wraith (aka Jack). Claire, Eric, Ansel, Kat and other characters make brief appearances, but the main couple is the crazed vampire and his vampire hunter lover! (Everyone will be back in the next book.)

You can read this book on its own if you want to. (If you like it, you can always go back and read the others!)

Tales is HOT, action-packed and I only write HEA. You have been warned. Enjoy! :)

**Wraith was worth the wait**

Got an email today telling me this was out. So like any Tales fan I had to stop and read it. The whole thing. I loved it!

I've been waiting to read Wraith's story every since Eric and Claire's story in book one. The wait was worth it. New characters are introduced and a few that you'll know appear here and there. But mostly this is Wraith's story with his mate/love Ellie. He's not what or who you thought he was gonna be is all I will tell you, you'll just have to read it for yourself. One last thing ... Is it summer yet!

**The renewing of the breeding & berthing of vampire babies.**

I have really enjoyed these 4 stories. All of them were complete. They were well written. Yes they had a lot of mis-spelled words & words swapped out of correct formation. Mostly when the story line got REAL interesting. Looking forward to the next book.

I definitely enjoyed this book. Still some spelling errors, but it was well written and captivating. I have been waiting for the release of this book, since the last book came out. They typically take me about a day to read, so they are not extremely long stories but either way they do make you want to read more. So now to wait for the next one to come along. I am hoping that there's more action to this series. Wraith/Jack have definitely been an interesting character throughout the series so far, so to read their story, and see how it all connected was great!

#### **Steamy with a good storyline**

This book is HOTTT! The first book is a bit overboard, but once the storyline picks up in the second book, it's hard to put it down. Also, this book puts a unique spin on the vampire stories you're used to. Great imagination!

#### **Zara Novak tells a great tale Book 4 is great**

Trying to remember who, what and where you are from. Who you are and where in the frozen countryside you think you are from can make you crazy. Then throw in vampires, and more everything gets complicated even more...

#### **#5 soon!**

Love this series! A great hot suspenseful paranormal romance. We met Wraith in the first story and what a bad seemingly unredeemable vampire. This is his story and that of the second daughter. Read the other books first!

#### **Exciting Read!!!**

I am in love with this series. I love how the author follows the story line of each character in a new book. I look forward to reading what happens with the York family and Jessica. I am also eagerly awaiting to read about the werewolves and how they fit into the prophecy as well as the other characters. I eagerly await the next book. I almost forgot the steamy love scenes are awesome!!!!
