## **Call Waiting** Michelle Cunnah

Meet author Michelle Cunnah, a fresh new voice, and the lovable characters she creates.

It's Emma's thirty-first birthday, and everything is going swimmingly with her new love. Sure, he's been called away for a business trip on her birthday, and sure, this business trip also involves a gorgeous, perfect, voluptuous colleague, and sure, there's a weird ring hiding in his underwear drawer that doesn't fit Emma, in size or style. But that's no reason to get worried, right?

Right?!? Emma knows she should stop obsessing, but suddenly it seems that Jack is every bit the commitment-phobe she fears. And if that doesn't keep her busy enough, she's just inherited 9 ½ historic inches of the fence that her long-lost aunt chained herself to for women's rights, leaving her hopelessly involved in the Hoboken United Sisters Suffragette Institution (HUSSEI), and Jack is too buried in his work (but hopefully not his co-worker) to help her extricate herself. It's starting to seem like the only way for Emma to get Jack's attention is to chain herself to a fence and burn her bra. Not that Emma has any problem doing exactly that ...

## **Call Waiting Details**

### Lara Tambellini says

It was ok. There really didn't need to be a sequel. I kind of liked this one better than the first one, but it was pretty much the same story.

---

### Crystal-Rain Love says

I loved 32AA so I was surprised to find myself honestly not too thrilled with this sequel when I started out which is why it took me so long to finish it but fortunately what started out slow and a bit boring got much, much better in the second half. In fact, once I reached the 2nd half I went straight through to the end without putting it down.

I still get irritated how the author thinks someone with 32AA breasts can slap on a gel bra and suddenly have massive cleavage. smh. Jack is so obtuse there were several times I wanted Emma to just say to hell with him and leave the guy but in true romance novel fashion, there is a happily ever after at the end and you have to love a book with an adorable 3-legged doggie.

---

### Charity says

The equally cute sequel to Michelle Cunnah's 32AA. The story picks up several months from where 32AA left off. Emma and Jack are happily dating, but not living together...at least, not officially. All seems well until a horrible menace, otherwise known as Jack's boss, Claire Palmer, threatens to drive a wedge between Jack and Emma. This time, Emma seems to be the only one not fooled by Claire's nature.

I really enjoyed reading about these characters again in this fun follow-up and hope that Ms. Cunnah decides to revisit them in a future book. It would make a cute series...akin to Wendy Markham's "*Slightly*" series.

---

### **Christy says**

Just your typical forgettable chick lit, I guess.

---

### **Jann Aleli says**

Perfect for an afternoon read. Back to reading Rebecca by Daphne Du Maurier, I suppose. Laughed a few times and Jack was just adorable! I'm glad that whatever reservations the heroine had before was immediately countered by her realization that not everything revolves around physical beauty and that her obsession with her cups were groundbreaking. Wished there was more resolution to Claire's story, that woman deserves a more gruesome ending.

In any case, this was cute. Perfect for an afternoon pa-cute read. :)

---

### **Leslie aka StoreyBook Reviews says**

This is a follow up story to 32AA. It is another good book, my only complaint would be the use of the "F" word. I'm not a prude but I really think the book would have been just as great without that word.

---

### **Mindy says**

I really liked this one. Its cute and sweet and how can there be anything wrong with that? I think that Cunnah is a victim of bad book cover/title taste. Her books really are much better than the covers would suggest. So, if you can get past that, you will enjoy her stories.

---

### **CJC says**

I picked up this and it's sequel to read on vacation - they were not great - most of the characters were annoying but it was a beach read so I wasnt expecting too much.

---

### **Jennifer says**

ohmigoodness! The ending was sooooo good, that it brought tears to my eyes. Definitely need to read the first book 32AA.

---

### **Stephy says**

I liked it. Was a wonderful part 2 to her first novel 32AA picked right up from where the last book left off.

---

So I already "knew" all the characters and what was going on. So if you plan on reading this read 32AA first or you will be highly confused.

---

### **Sasha Strader says**

Do you ever read all the way through a book and still not get why they called it what they did? This is one of those books. Has absolutely nothing to do with phones (Except the usual bit of people talking on them) I know it's a really minor thing to get hung up on, but it really irks me.

Other than that, the book is pretty standard chick-lit. Guy+girl+wackiness=semi brit-lit chick-lit. Nothing spectacular here.

---

### **Trina Knittle says**

I liked this book. I enjoyed it quite a lot. I would definitely read more from this author.

---

### **Jess says**

It is a good book for what it is. It is an easy read and a total chick lit book. If that's what you expect, you'll love it. I enjoyed it.

---

### **Kim says**

Very funny book!
