From Reader Review How to Tell if Your Boyfriend Is the Antichrist for online ebook

Carly says

According to this book, my boyfriend is the Antichrist.

Okay, the book had its moments, but it certainly wasn't worth \$13. I'm glad I had a gift certificate.

Meaghan says

Meh. Not funny. Pretty much a waste of time. But perhaps I'm just not the target audience.

Jen says

Gift from T. Very funny...and telling. Speaking of, T...we need to talk...

Homegirl says

So funny!

Sara says

This was not what I expected, and not in any good way. The illustrations weren't funny; the book itself was this odd combination of trying to be funny but missing, and seeming like it was actually trying to be a real advice book (but with only three sentences of useless advice per situation).

Wouldn't even get this from the library.

Jamie says

Just read the whole thing in the bookstore. It's not worth the money, and you could glean any humor from it right there at Barnes and Noble.

olivia says

Eh, okay, it is pretty stupid. Not a self-help book, though it sounds like one. It has spawned an excellent phenomenon of boys I adore rendering some of the caricatures drawn by this silly little tome: Jasper is the

crystal meth boyfriend; Luke the insufferable bore.

So it is worth a laugh if you have a creative bone in your body and a room full of former theatre nerds.

Heather says

LOVE THIS BOOK!!! Sooo many laughs. It is one I revisit frequently. It has made many of my friends smile.

Katrine Tsioumani says

You can also tweet instead of writing books

Sarai says

Some of these pages were funnier than others. Each page gives you a type of bad boyfriend and then clues to see whether yours is that type. Then it gives you advice on whether he's a keeper or whether you should get rid of him.

Candi says

Love it! Hilarious! Good coffee table book. I've read this over and over and laugh every time!

Dana Cordelia says

So, my boyfriend bought me this book. I'm unsure why, ...but, in any case, it was a fun and fast read. I loved the cynical-faced illustrations that accompanied some of the potential diagnoses. Helpful tips, like how to spot a crack addict or a vampire or even someone who's (as they call it) "P-Whipped." Cross-references and even a comprehensive index so that you can look up symptoms!

This would make a great gag gift from any parent who hates their daughter's boyfriend..."Happy Birthday, Sweetheart! It's all in good fun, right? Tee hee...but yeah you should probably read through this really quick..."

Jenny says

I got this book as a gift from one of my coworkers/friends who finds my dating stories amusing. The book is

equally amusing and short, but not for the faint of heart or easily offended. I found myself laughing more than once, as well as finding some disturbing similarities between the profiles and some of my more unusual dates.

p. 105: How to tell if your boyfriend is agoraphobic? Who could forget the guy who couldn't leave his car to meet me in the bookstore?

p. 78: How to tell if your boyfriend is a nymphomaniac? The guy who asked me if I would be interested in "just a sex thing" after we ordered, but before the food was served on our first date. Awkward.

p. 25: How to tell if your boyfriend is suffering from ADHD? The guy who asked me my son's name, where I went to college and how old I was no less than three times a piece in the course of one evening.

Kristen says

I thought this was the perfect book to read after a bad breakup! It was funny and oddly comforting.

Tarah says

a gift from my love, and always makes me laugh when I see it on my bookshelf ;)
