### Beaumonts' Brand Lana Dare

[#155 Siren Menage Everlasting: Erotic Western Menage a Trois Romance, M/F/M] Alone in the wilderness, Victoria Fowler hides as men stop at her camp. Ben and Wade Beaumont have been away for months driving cattle to their ranch in Montana. When they catch someone stealing food from their chuck wagon, they're stunned to discover it's a beautiful woman. This is no place for a woman alone. Both enthralled with her, they each think she'll make a wonderful addition to their ranch. They offer to wed her. Tory's alarmed to discover they want to share her and even more alarmed that she's even considering it. The two brothers are not what she's used to and it isn't easy to live in a harsh world she doesn't understand--a world where a man will use whatever other men hold dear in his quest for revenge. \*\* A Siren Erotic Romance

## From Reader Review Beaumonts' Brand for online ebook

### Oleta Blaylock says

I enjoyed this book. Ms. Dare did a good job of showing what life in the West was probably like. It was a hard life and there were few women that would venture out of the safety of the East. Those that did come West had to learn to be tough or they quickly died. I enjoyed the interaction between Victoria "Tory" Fowler and the Beaumont Boys. While Tory was spirited she wasn't stupid and she knew when to cause trouble and when to listen and do as she was told. Ms. Dare writes and very hot and steamy romance that will leave you looking for some cool water and a fan.

Took a chance on this one since I couldn't find any reviews. It turned out to be pretty good. Ben and Wade Beaumont rescue Victoria Fowler whose brothers dragged her out west then got killed by bandits. The Beaumonts take her back to their ranch and on the way find out she is attracted to both of them and convince her to stay and be a wife to them both since they can't decide who should get her.

Now it wasn't great literature but since this is menage erotica it had enough plot to hang the story on. The writing was just okay. It was fairly obvious that this is a new writer. I would be willing to read more by her to watch her improve if any were available but I couldn't find any. The cowboys talked in vernacular if that sort of thing bothers you.

The sex scenes were pretty good and pretty plentiful. My biggest complaint was that everyone on the ranch was okay with the sharing. The foreman's wife and other wives were all "more power to ya girl". Now I know this is erotica and fiction but I would have much preferred to see a serious attempt made to show how a menage such as this would have been accepted in real life. Back in the 1800s this would not have been accepted, really it isn't accepted very well today. There would have been severe condemnation and the three of them would have had to deal with the emotions that would have brought.

Still not a bad menage book if you just ignore that.

Léger. Un petit suspense, bien construit.. Bonne structure. Pas de faute d'orthographe.

### Angie says

This book was written by Leah Brooke whom I love. Great short historical read. Hot menage action!

Victoria was raised a proper young southern lady. This is the premise of her confusion as she can't quite understand her attraction to Wade and Ben, her enjoyment of sex or their inability to vocalize their feelings. She isn't a doormat or weak-willed, she is simply a product of her background. Wade and Ben don't really help with this, they just keep telling her the way things are now and she isn't going home. As usual, the women is left to figure things out on her own and has to explain everything to the big, bad men. The book is good though, the sex scenes are what gives it the rating it has, all three of these characters have a sweetness to them even with their hardheadedness and stubbornness. Tory's fascination with all things sexual and Ben and Wade's reactions to her carry the story along!

Entertaining plus alpha males - what more could a girl ask for in a book. Enjoyed it.

### **Karen says**

Surprisingly good! Well-written, great character development, interesting plot, and humorous dialog too. If you like sexy cowboys and with a little romance you'll love this book.

I'll be looking for more books by this author.

I don't really expect much from Siren Publishing, Menage Series...it is what it is, a Menage. Two cowboy brothers and a Southern damsel who needed rescuing - both men claiming her for themselves. Not much to the story, but at least it was written well enough to read. HOT Menage SEX!

### **Rosalie Stanton says**

I'm not one to typically read menage, but from time to time, I find myself in the mood to branch out and expand my horizons. This story had little in ways of plot and a lot in ways of raunchy sex, which is admittedly for what it's marketed. However, given the historical setting, I would have liked to have seen the other characters a bit less accepting of the "marriage" between the rescued heroine and the two cowboy brothers.

However, the novel does deliver on its basic promise: escapism, and hotter-than-hell sex.
