## **Wonder's Promise** Joanna Campbell

Ashleigh's dreams are in tatters...Ashleigh Griffen is thrilled when the owner of the horse farm where she lives puts her favorite horse, Wonder, into training as a Thoroughbred racer. Ashleigh has spent the past year turning the sickly filly into a beautiful, healthy yearling.

Ashleigh knows Wonder could be great, but Wonder dislikes her harsh new trainer. Soon she's bucking and disobeying all his commands. Ashleigh is heartbroken when the trainer says Wonder is untrainable... useless.

Even worse, Wonder doesn't seem to know Ashleigh anymore. One day after Wonder fiercely throws her, Ashleigh becomes afraid of her own horse. Maybe the trainer was right after all - maybe it's time to give up on Wonder...

## From Reader Review Wonder's Promise for online ebook

### Reba says

I can't even bring myself to read this one after the first one.

### Mollie says

These books focused my passion for horses on the Thoroughbred. I read these during my entire childhood and because of them, today I have re-trained 3 ex-racehorses and found them loving new homes. These books are perfect for fledgling horse lovers!

### Maria says

this book was really good I read it a while ago but I can remember it because it was so good

### Stefanie says

I really liked this addition to the Thoroughbred series! Ashleigh Griffen has to contend with so many different situations that effect her interactions with her favorite filly, Wonder, that the reader can't help but feel her frustration. All the things Ashleigh had to put up with made for an intense story. Basically, Wonder begins her training to become a champion racehorse and Ashleigh has to stand by and watch because she's not the owner and has "no reason" to be involved with Wonder's training, even though it was Ashleigh along with her friends and family's help and support who got Wonder in healthy enough condition to even be considered for the Townsends to keep her! But all the unfairness culminates into a great ending!

### Brodie I LOVE HORSES :) says

it was really good

### Hayleehudson says

I think I liked this book more than the rest of the series. The parts with wonder actually had me in distress!

Well, I think I'll be off to read another book- possibly another one in the Thoroughbred series?

### **Lucy Siskova says**

Hm, líbilo se mi, že kniha nevazuje tam kde p?edchozí p?estala a není tam n?jaká delší ?asová prodleva. Samozřejmě? pro svou váše? ke koním jsem si oblíbila možnost nahlédnout do taj? výcviku, se kterým se setkám jen málokdy.

### **Jes (RebelReads) says**

A particularly good installment in this series. Sometimes I wonder if I let my love for these books cloud my judgement, but this was a solid book. There were so many things that could have gone wrong or been done poorly, but they weren't.

### **Kati Polodna says**

Reread.

### **Tina says**

Once again, I love this series! Ms. Campbell does a wonderful job telling Ashleigh's story and the struggles she faces with Wonder. Although Wonder isn't Ashleigh's horse, she feels like it because of how much time they've spent together, and she really wants Wonder to excel in her training. I love the other characters in these stories as well, such as Charlie, Ashleigh's parents, her best friend, and her siblings. They all play smaller roles, but they add so much to these stories. If you enjoyed the first one, definitely get this second one!

I actually read this a loooooong time ago. Good adolescent fiction. Especially for girls who love horses, which is exactly why I picked it up back then.

## **P says**

This book was a wholesome choice for middle school age. I really enjoyed the positive happy ending. I know it's cheesy, but I like it and it would help any girl interested in horses learn more about the ins and outs of caring for horses and preparing them to race. Teaches discipline.

## **Ashley Reif says**

I loved it! I love horses, especially thoroughbreds!  
Even though this book is fiction, I learned a lot.  
For anyone who loves horses, you would enjoy this series!

Az elején még olyan gyerekesnek éreztem, később viszont megszoktam. Nagyon érdekes dolog ez a lóverseny. :) Az utolsó néhány oldalon halálra izgultam magam!!
