I expected some actual text, not just a lot of quotes, aphorisms or short pieces of advice. It's not that the quotes were bad, more that this format would be more appropriate for a page-a-day calendar. Once I got past that, there were some good words of wisdom, even for people who have been married more than just a few years. (Or maybe I was just in a position to appreciate the humor!)

Katya says

A short and cute read! There were a couple of clever things in here, like the marriage alphabet.

I'll admit I read this one mainly because I knew it was short(and free) and I'm already behind on my challenge. :P

It's a cute book filled with quotes on marriage. Although short, it was sweet and entertaining for a few minutes. :)
