Off the Record Goddamnhella

Avengers Fan Fiction: Loki/Tony Stark

It started with a message, a late-night visit, and a God of Mischief in Tony's bed. A story of trust, trickery, unwilling aid and inevitable attraction.

This story takes into account the events and characterisation present in the Marvel Cinematic Universe, but was started before The Avengers opened in cinemas. Due to this, no heavy movie references are made. Thus, instead of Stark Tower being a renovated base of operations for the Avengers, they have a separate headquarters.

The continuity could be placed about four years after Loki's attack on Earth. Loki is known to the Avengers by way of his regular plots against Thor.

4.5 stars. A plot heavy fanfic but very well written, sadly the sex scenes are infrequent and mainly off camera. Tony Stark and Loki are my two favourite Marvel characters in any case. I enjoyed the two mini fics that succeed this one too.

“You’re pining like a little bitch, Tony, and you have a crush on Loki.” Clint tossed the rag down to stab a finger in his direction. “Own your creepy tastes. Accept them. Be one with the boner.”

Honestly, I'm pretty against fanfiction (at least without an ISBN) being listed on Goodreads. There are plenty of sites to catalogue your read fic (I recommend Pinboard.in) that a book website doesn't need to be clogged up with it.

With that said, this is one of the best fics I read in the MCU and I came across the listing here and thought I might as well write a quick review. Fic author 'goddamnHELLA' is one of my favourite writers and tends to write sprawling epics with very well-developed plot and believable characterisations. If you're a fan of Loki and Thor in the MCU and their interactions with the other canon characters, definitely look up their other works on AO3.

And then rate it and write a review there rather than here.

LAUGHS I CAN'T BELIEVE THIS BOOK IS HERE
I SEARCHED IT JUST TO CHECK IT OUT BUT YES, IT IS HERE. OH MY DEAR GOD
OASIDJUHYGTSAF I CAN'T FUCKING BELIEVE IT KPAIOJUHSYGTF JESUS CHRIIISSSTTTTT
okay let me just... *takes many deep breaths to try to calm down*

Do you like Tony Stark? Do you like Loki? Do you like perfect plot and outstanding writing? Then you **FUCKING NEED TO READ THIS!!!!!!**

Yes, it is a slash fanfiction, but it's not just that. It's **THE** slash fanfiction. My irl friends (who are not so much into slash) read it and even **THEY** agreed that it's amazing.

The plot is great, the writing is awesome, **EVERYONE** is in character, **EVERYTHING** that happens is believable and just... this is the mother of all frostiron fics. This could easily become a movie. Yes, it is **THAT** good.

Even if you're not into fanfiction and/or this pairing, I urge you to at least give it a try. I've read thousands of fanfictions in my life and none of the ones I read was ever as good as Off The Record.

And I'm just **SO GLAD** that I have a copy of it on my hands. Not so many people do, but worry not!! Even if you don't, you can easily read it online on AO3 ;)

I just can't compliment this story enough!!! This is the best story I've ever read in my life, fictional or not. I just love it so much <3333 if Hella ever publishes more of her fics, I'll buy them.

This is a WIP Iron man - Loki (Thor's brother) Avengers fanfic.

The plot is great, the dialogues are very good, the chemistry between the two superheroes is excellent.

When I finished the last chapter though I felt like the plot was starting to be repetitive. Still, it is very good, the "I can't believe it's free!" kind of good. I can't wait for the next chapter!

Merged review:

WIP

Great Iron man - Loki (Thor's brother) Avengers fanfic. I can't wait for the next chapter

I enjoyed the hell out of this free fanfiction, and I am not even a big Avengers fan. Well-written. Not heavy on sex (not totally fade to black, but not detailed either) but what's there is quite satisfying. Which is not to say that I wouldn't have preferred more *smile*

Everyone seemed in character, nothing was too easy, and the way the relationship developed worked. There were a few editing errors but they didn't detract from the story. It's a longer fanfic, but the journey to the end is worthwhile.

P.S. Read for a superhero challenge--very glad that I did!

Dani says

Oh my fucking GOD!

How good is this writer? Who the hell is she? Please tell me she has published something.

What a crisp, sharp, understated, powerful writing style. Emotions, subtext, nuance just TINGLE behind almost every line she is giving us. Not a single word too much.

Beautiful, beautiful use of language. Unpretentious and highly effective off-hand characterization of all the main and side characters.

Combined with warm-hearted wit and an AMAZING knack for intelligent and hilarious dialogue, this right here is **way** better than most of the published work I've read.

And to top it all off there is PLOT, a lot of plot, and it is intricate and perfectly paced.

I'm amazed.

Seriously people, who is this Goddamnhella?

ETA: I'm not in any way invested in the Avenger fandom, so this story carried its emotional weight without me knowing anything about the backstory and characters - so yes, I'm blown away.

Complicated, and messy just the way a story about these two characters should be. I loved that the author didn't feel the need to completely change Loki into some sort of sweet, loveable character. That she stayed true to who, and what he is, and still made me buy his connection with Tony. The plot was complex, and interesting, and I love the role the other Avengers, and Shield played in the story. It wasn't just Tony, and Loki in a vacuum, and I appreciate that. Writers like this are the ones that have really made this one of my favorite fandoms.

Nino Arcano says

Did not expect to find this on goodreads, but one of the best fanfics i have ever read. 10/10

Awesome and juicy. *stuffs popcorn into face and slurps coke*

Love it when the destination is worth the long and painful journey.

To be reread.

Off the record es tan entrete que a veces me dan ganas de poder olvidarlo para poder leerlo desde cero. Plz plz TinyCo, no nos dejes con las ganas de Ironfrost en Avengers Academy ;A;

Yes, this is fanfiction. But you know what? This is one of the best books I have read this year. So a) deal with it b) read it. Just ... read it. You don't even have to know who the characters are (the person who recommended it has not seen the movies).

Day-thief says

Well written Avengers fic. It helped me realize that my interest in the Loki/ Tony pairing just isn't very big and certainly not enough for more than 90.000 words even if the author is good. I managed to finish it, though.

Anna says

On chapter 11 - finished all the chapters that are currently available. Ugh, now I have to wait god knows how long for the next chapter... this is why I usually try to wait until the story is complete. Because this is so freaking good and I just want moooore!!
