## From Reader Review The Ice Diamond for online ebook

### **Cate Calhoun says**

Extra star for being less tedious than the rainbow fairies.

### **Reagan says**

Maya, a princess happens to see Rosielind and Lottie. Soon Maya joined the rescue princess club. On this adventure they rescued a baby mounten lion. The king had given orders to not build anything on the mountens where the mouneten lions lived. The duke had workers dig in the mountens. Did the rescue princesses stop the builders? Well they did!

I love the series of the rescue princesses. But I love this one the most so far.

### **Kathleen Dixon says**

This Rescue Princesses story has two new princesses joining the troupe, more parents who don't listen, another bad relative, and a gorgeous snow leopard and her cub. Another pretty story that the grandchildren have enjoyed very much.

### **Clara says**

My 7 year old daughter loved this. She read some. I read most. Great story. She wants me to get other books in the series.
