## Binding: Book Two of the Moon Wolf Saga

*Carol Wolf*

**Binding: Book Two of the Moon Wolf Saga** Carol Wolf

**What do you do after you've saved the world—and nobody believes you?**

Amber is a teenage runaway, hiding out in Los Angeles, who is also a daughter of the wolf kind. And, not long ago, she had her own personal demon. Richard was her servant, her lover, and a hellish force bound to the earth against his will. Together they turned back the World Snake that threatened to destroy the city—and she had granted Richard his freedom.

Now Amber is alone, but nobody accepts that she has truly shed her demon. Many still fear the World Snake and seek to capture the demon's power for their own purposes, unaware that Richard has already departed the mortal realm. Amber finds herself hunted, in both wolf and human forms, by cultists, illusionists, raisers of power, and even an evil veterinarian.

Saving the world was one thing. To save herself, Amber may have to call back her fearsome demon lover, who is no longer bound to obey her . . .

## From Reader Review Binding: Book Two of the Moon Wolf Saga for online ebook

### Patti Ashley says

#### Better than the last

Still cannot follow the story and what is supposed to be going on. The first-person view is awful. I started counting I's.

---

### Suz says

I was reading the book and all through it I was thinking that it was much better than the first book. Then I came to the end of the book and now all I have to say about the book is it's shit.

It's such a shit ending that the shit bled over into the rest of the book, the first book, and anything else the author might choose to write.

Fecal. Matter.

---

### Austin says

So I found this series a couple years back completely accidently. I saw the cover of Summoning, read the back, and decided to give it a shot. Inside, I found a great book with an interesting character, a living, breathing setting, and a story that kept me engrossed front to back.

Then, I read there was a sequel coming, called Binding. I waited patiently for it to come out, and then the day it was supposed to be released, the publisher filed for bankruptcy and it disappeared from the world. Sadness ensued. Fortunately, something changed and the book did eventually come out (about a year after the original release date, if I remember right).

I finally got to reading this book and, while there are issues with it (text errors and that sadistic cliffhanger ending), everything I loved about the first book is present and intact. Carol Wolf's LA still feels just as alive and Amber remains just as entertaining as in Summoning.

But that ending man. Left me scouring the internet for any information on the next book that I can find. Not much there, but I remain optimistic. Regardless, I would happily recommend this book (and series) to anyone who likes good urban fantasy, YA, and well-written settings/characters.

### **Mikaela says**

DNF

---

### **Antony Norman Gusscott says**

I've enjoyed the Cheshire Red Reports by Cherie Priest (so far) and the Sandman Slim series by Richard Kadrey.

I have been very lucky to discover Binding (I now have to read book 1#) "Amber" prowls along a similar path with a smile that has a few to many teeth.

Read it, you'll enjoy the ride.

---

### **Santa says**

Much worse than the first book over all, some portions are great while others are bad or inconsistent. Part of the storyline seem to have been altered mid-book without the first half of the book getting the same rewrite. Weird.

---

### **Tia says**

OMG! The ending of this novel sucked, BIG TIME! lol

My heart did break about the whole Richard thing and damn if it didn't get all crazy and awesome. When's the next one out?

---

### **Eric Elliott says**

Even better than the first book. Can't wait for the third!

---

### **Bree says**

very good want the next book soon

---

### **Jeannie Lopez says**

It was a good story at times I wandered.. ..
