### **Desired by the Alpha: Part 2** Cassie Wright

Just when Alyssa thought Erich was going to be able to save her, she's promised to the repulsive omega Haskar. Seized by despair, she prepares for a life of misery when Erich throws all caution to the wind, breaks with tradition and sacrifices everything for her.

Now they're on the run, with the furious Dawn pack at their heels and no plan beyond surviving the immediate day. Yet instead of feeling panic at being hunted and with no plan worth mentioning, Alyssa is filled with a searing joy - for every minute spent in Erich's presence pushes her past physical and emotional boundaries into a world of pure, unadulterated ecstasy.

But there are darker forces after them than they had imagined. Cruel, rapacious enemies that will stop at nothing to destroy them. Alyssa thought she had nothing left to lose, but she's about to find out just how bad things can really get.

Desired by the Alpha: Part Two is a novella. It is the second entry in the three-part Desired serial. This story is for ages 18+ and is my steamiest series yet.

I cannot believe the Cairn is so narrow minded that they condemn people because of where they came from. How is it Halkar is allowed to return after being in a pit but Alyssa is vilified for just being from one, but not raised there. Then to give her to a cruel mate rather than to a wolf that wants her.
