Pursued by Him, the new hot, steamy and suspenseful series by Ellie Danes

Book 6 of the Chosen by Him Series

Twenty-four year old MBA student Summer Farris works hard at everything she does and has the background, grades and ambition to prove it. But when she's snubbed for the coveted internship with billionaire business mogul and professor Chase Kerns, Summer is devastated.

Chase Kerns can have anything or any woman he wants and he knows his limits, or does he? The tall, dark and handsome billionaire is running from his mistakes of the past and now, a new temptation hangs in front of him. Will he make the right choice, or will desire and passion cloud his judgement and leave his life hanging in the balance.

** This hot, steamy and seductive romance series is ideal for fans of J.S. Scott, Cassie, Cross and Hannah Ford, **

Kitty says

Wonderful twist. Liked it, though the story was toooo short

Catherine Weir says

Loved the book and series.

Lori says

Trouble

Summer and Chase are getting more relaxed as a couple. There is still lots of heat in this relationship. Some drama for Summer and her roommate, and an unexpected arrival cause the plot to thicken. This episode ends with a great cliffhanger.

Tonia says

Omg didn't see that coming

AngelinaT says

I was really into this series and I was thinking that by this point it would be winding down and they would be getting their HEA however, that is not the case. Major plot twist here if you ask me and it came out of nowhere. I think if we had more of a backstory about Summer and Chase these things would make more sense. I still liked this story but not as much as before. As it continues my interest is fading and there seem to be more and more mistakes! I have read other books by Ellie and enjoyed them but she really needs to do a better job at editing!

My Rating Four Stars

Wow! Ellie Danes has done it again! And just what has she done, you ask? She has released another another

spellbinding installment in her contemporary Chosen by Him series. Oh my! Pursued by Him is Book Six in Danes' Chosen by Him Series and is filled to the brim with lust, love and consequences. And yes, I said series as in serial which means multiple installments and dare I say it, cliffhangers. Yikes! Each installment is relatively short and is perfect for a quick break or lunchtime read. So be forewarned, if you haven't read the first five books of the series, please stop here. You need to read all five before you proceed with this book and fortunately, all the books are available under the Kindle Unlimited program. Although I recognize this may not be everyone's cup of tea, I personally love the excitement and anticipation of a great serial and look forward to those nail biting, what will happen next endings. And Danes delivers in spades! The story is fresh, modern, exciting, believable, riveting, romantic, arousing, seductive and sensual. This is not erotica but does contain some adult material including some very tasteful sex scenes. The dialogue is smart and flows well. There were quite a few grammatical and editing errors in this installment which is the reason I subtracted a star from the rating. The characters are the most important component in this story as seems to be the case in most of Danes books. They take center stage and as the story unfolds, Danes does an exceptional job of the development of her two main players. They are captivating, intriguing, engaging, life-like and sexy. She expertly combines these elements to craft a deliciously romantic and delightfully entertaining read. Twenty four year old MBA student, Summer Farris, is beautiful, intelligent and hard working and wants nothing more to excel and become successful in her field. Her current goal is to win a business internship with her professor, handsome, billionaire Chase Kerns but when she is passed over for one of the five coveted slots, she is beyond devastated. She and her roommate, Alyssa, decide to drown their mutual disappointment at a local bar just off campus where she sees Professor Kerns with one of his colleagues. After several drinks of liquid courage, Summer makes a fool of herself by confronting her professor and leaves the bar, embarrassed and quite a bit tipsy. She decides to walk home but is conveniently offered a ride by her professor. Hmm.....I wonder if the handsome Professor Kerns is as attracted to the lovely Summer as she is to him. It seems he is! Oh my! Sparks Fly! This could be the recipe to either an exciting, loving relationship or a perfectly horrible disaster once Summer's ex-boyfriend, Brandon Porter enters the equation with intentions to blackmail sweet Summer. He needs money and he demands that Summer help him fleece Chase Kerns or else! What the heck? I wonder what Summer will decide??? Will she allow herself to be manipulated by Brandon or will she confess everything to Chase? Will love prevail or will Chase be hurt, used and betrayed - again??? Hmm....I wonder? No spoilers from me but I will say this.....Beautiful, intelligent grad student who is hardworking, independent, career-minded, ambitious and very competitive-check! Handsome, charismatic billionaire who owns his own business but is also a college professor and is head over heels in lust with one of his students-check! A previous inappropriate relationship which ended in disaster and blackmail-check! A cruel,manipulative ex-boyfriend intent on blackmail-check! An upsetting and questionable burglary-check! Heated attraction, fiery passion, forbidden love, a healthy dose of agonizing angst and some sweet romance-you bet! That and a whole lot more! Oh my Glory! This just gets better and better! I can hardly wait to read the next installment! Fabulous entertainment and an awesome read!

Love this series

This series always leaves you wanting more. I love Chase and how much he adores summer. Hopefully summer will confide in hi.

Dina says

3 meh stars..

This series started off way better. Still, I think this book is better than the one before it.

Let's see how it goes.

Nan Richard says

Dark

Hmm. I have enjoyed this series because of the lightness in it. Not sure I find this dark twist appealing.

Heather says

Very good

This is a very good series. I can't wait notebook 7 comes out. I hope it is not much longer.
