Time is running out for Allen and the other exorcists. They meet Jasdevi, a pair of Noah who are fast, strong, and hard to predict. Arystar decides to fight them, and let the others escape, but will these Noah be a match even for him?

Leigh Louise says

Poor Krory/Crowly!

First it was Kanda, then it was Crowley. I knew this was coming considering I have watched the series, but still. Doesn't make it anymore exciting to know the characters fate for this particular section of the story.

Major difference between the series and the books - the whole Jasdevi/Jasdebi toying with Allen in the corridor before they got to the records room. That was sooo funny in the series, I actually thought it may have been apart of the Manga too, but it turns out, straight after leaving Kanda to fight that big fella in the last book, in this one, the gang kind of just end up in the Archives room when the corridor starts breaking apart. In the series, Jasdevi/Jasdebi play with Allens emotions and work him up a bit by initiating games that he would have done to survive with Cross. His friends became super worried with him when he did this because he became a completely different person.

One thing they did keep similar however, which I really liked, was the bit where they mentioned how Cross had given his debt to his enemies and now Jasdevi/Jasdebi were trying to pass it off to Allen, being his pupil and all. That rock over Allens head, and his reaction was so hilarious. And, Lavi/Rabi's reaction to Allen - how worried/scared he looked hahaha!

Poor Allen. Cross is such a nightmare for him lol!

Other than that, everything was suprisingly the same. There was not alot of differences at all and it looks like for this scene anyway the series stuck pretty true too it. Only difference, is it spanned over 5-6 episodes, rather than one book. But, it looks like a little bit of the ending is that the beginning of the next book before the storyline moves onto to Allens part where he plays the piano and the meeting of Cross.

I can't wait to reach this part as we finally see the 14th Noah coming fourth for the first time. Even if it is just a glimpse.

Kirsten Simkiss says

In this volume, the team faces Jasdero and Debito who use materialization magic to bring their combined thoughts to life. Through a series of stalling tactics, Crowley stays behind to deal with Jasdebi and, ultimately, seems to have failed. Allen seems pretty sure that everyone can get out okay, but I suppose we'll have to see. A good story arc, but as usual they're spending way more time on fighting than on important story details.

Lauren says

This volume has made me love Krory so much more (if that was possible). Why is he so underappreciated and often forgotten by the fandom 3

Edición argentina, tomo 11.

Bbabri says

Nos ez az a rész,amit szívesen kihagytam volna.

Unalmas volt.

Kandáról nem derül ki,hogy túl élte-e.Nagy hiba!

A csapat egy újabb szobába kerül,ahol két Noe várja ?ket.Az ikrek.Jasdebi.

Nem kedveltem meg meg ?ket igazán.Irritáltak.Túl trágarak voltak.

És az egész kötetben csap verik Allen-éket.

Az jutott eszembe,amikor olvastam,hogy ez már túl irracionális.Hogy a Noe-k és a Gróf ennyire er?s legyen.

És hány ördög?z? van?Összesen kilenc.Ez már túlzás.

Crowley hátra maradt hogy a többiek kijussanak a szobából,és minden erejét beleadja,hogy gy?zzön,de úgy t?nik,hogy nem sikerült neki.

Azért kíváncsi vagyok,hogy mi történik vele,és persze Kandával!

[characters have now sacrificed themselves for the good of the group (one here, one in Volume #10), and there's no end in sight (hide spoiler)]

Mehsi says

And a new opponent appears, and I was bored out of my mind. :) There were a few good parts, also some funny parts, but I was mostly just hoping the battle would be over soon, but of course not. :(

Pixie P says

Wish Hoshino-sensei would take the time to develop Crowley as a character, since I find the glimpses we get of him interesting but I don't feel a connection to him like I do with some other characters. Jasdebi is (are?) a cool character(s), and I love the detailing Hoshino has put on the hair and clothes, etc. It would have been

awesome to get some sort of breakdown as to its/their ability(ies).

Amy says

Okay, I think Kanda is the stereotypical cool guy in the manga, I always love cool guys with swords(looking at you, Zoro!!). But he is just plain boring, this time the fight between Crowley and Jasdero is much more fun. Maybe the villain was funny and Crowley had grown so much, I almost couldn't recognise him, what a fight! 4 stars!

Scott Lee says

The exorcists, still seeking a way out of the imploding arc, encounter Josdevi as their next obstacle. Just as before, after a period of collective battle, the majority of the group moves on, leaving one of their number to continue battling the current enemy. Krory ends up being that one this time around. The fight appears over by the end of the volume, but the preview for Vol. 12 indicates that it isn't over yet.

Gabriela says

AAAAAHHHHH!!!! EVERYTHING IS GOING WRONG. WHY?!

Eva Domínguez says

OMG!! Por qué!?!?!? Aquí muere hasta el apuntador :(

Rena says

If I have yet to say it, I will say it now. Crowley scares me, or at least, he used to scare me. Now he simply terrifies me. When he is in the fighting zone, there seems to be nothing that can stop him. Not even death... *shudders* The innocence can be a terrifying weapon when used in desperate measures. Just keep moving forward guys because looking back is a little disheartening.
