#### **Another wonderful story about the Braden family.**

Melissa Foster writes beautiful stories about love, friends and family. The characters are believable and easy to like, and the storylines keep you reading until the last page. I would recommend this series to anyone who loves good romance and great family dynamics.

And so we return to Josh and Riley.

I had forgotten how romantic Josh was, how nothing could get in his way for Riley's happiness, even moving back to Weston, if that's what she wants. He's always calm, in control.

At this momentous time in their lives, both of them are reflective, more so for Josh. He finds himself thinking about his mother, wishing her back for his father, and himself. They both have "what if" thoughts, wondering what their future may hold, and how much control they can have of it. How much they will have to give up due to the scrutiny of the press and public. But then you hear them talk of the exciting times ahead, reconnecting with family. Re-enforcing relationships built over time.

There are many laugh out loud moments in this book, totally fun, the usual cameraderie when all the brothers and their sister are together once again.

Catching up with everyone is like checking in with family, finding out what everyone is up to, new babies, new romances, moving, working. Listening to all their chatter and laughter.

All the hustle and bustle of events make you want to chip in and help, involving yourself in everything that is happening.

Was sheer delight to read. Melissa never disappoints.

I loved having the opportunity to listen to this book after reading it when it was first released in print. B.J. is a great narrator! Josh and Riley just want their wedding day to go well but mishaps keep jumping in the way. Between the press, and other day before and day of the wedding hiccups, it is definitely not perfect. It is hard to not find comedy each time, even Josh and Riley have to laugh. In typical Braden fasion, they make the most out of even the craziest situations. Through all the chaos they only grow closer to each other and to their families.

#### **Crack up laughing!!! ???**

Hilarious! I've read & reread this book & still LnMAO...this family is headed for a life long journey of good & bad times, family get togethers', drama's, closeness, and tons of laughs. I think although this author combines these series' (and extensive at that), it should continue (at least for the Braden's in Weston)...I can envision more going on in each of their lives, definitely successful!! Thank you Melissa, well done indeed ? please consider a continuation

### **Charlotte Lynn says**

BJ Harrison is my go-to narrator. I am so excited when I put my headphone on and hear his voice. With each book that he has narrated, I am taken into the book world through his words. The characters come alive, the author's story comes to life, and I am just lost. Melissa Foster has definitely picked the correct narrator for her Love in Bloom series.

The end was my favorite. I thought I was done listening and then Hal's voice came on. I just stopped, stood still and listened. He is the head of the family so I knew what he would say would be important. Hal is my 2nd favorite Love in Bloom character, Treat is #1, and I always know that his words are strong, true, and full of love.

The story in Story of Love is Josh and Riley's wedding. The Braden clan comes to Charlotte's inn for the wedding and the fun begins. There is laughter, smiles, tears, giggles, and so much more before the wedding festivities can begin. I loved every minute of the preparations. I loved that the girls were together making a cake, having a sleepover, eating brownies, and just enjoying each other. I love that the men were together fixing up the inn, watching the children, and enjoying being together.

This is a novella. It is short, quick, and a great way to catch up to the characters that you may have met in other books in this series.

### **Virginia says**

I can't tell you how much I laughed at this story! Hilarious! B. J. Harrison brought it to life. Josh Braden was marrying Riley Banks and they were fashion designers. They had designed a beautiful wedding dress for their wedding. The day before the wedding two of Josh's small nephews got to the dress and drew designs and stick figures on it. They had to make adjustments to the wedding cake because of a huge mistake. Then Riley's friend had sent a batch of brownies for the girls to munch on, then she got a message that the brownies had got mixed up. The brownies they ate had mariwana baked in them and they had eaten them all. Riley had a time with all of the high women. I laughed until I cried at this one!!

### **Geri Grinstead says**

This beautiful wedding novella is filled with more twists and turns than a roller coaster ride. It brings both tears and laugh out loud moments. Josh and Riley are finally getting married in Weston, CO. They have returned home from their thriving fashion business in NY to say their vows in front of family and friends. Their well planned event is fraught with setbacks. You will thoroughly enjoy this fantastic Melissa book.

### **Cathy Tremblay says**

This novella was a fresh breeze in the Love in Bloom series. It's filled with love, friendship, family and tons of babies! I was so happy to get a peek into each of Hal Braden children's lives. To be able to see how their lives changed, to still feel the love between the spouses, the strong bond that keeps them all together and to meet all their little ones!

A dreamy planned wedding filled with laughter, love, tears and a little drama! This was a quick read but perfectly packed with tons of emotions!

### **Lisa says**

I loved this short little story with Josh and Riley as well as the other Bradens. No matter what happened to get them to the alter, I never doubted their determination and love for each other. I liked the strong sense of family throughout the book as well as the return or reference to the characters from many of the other books in the series as well as a few references to characters from other series as well. I liked catching up with the characters from the previous stories in the series as well. The plot was quick for this short story as I had it finished in one sitting and was sorry the story ended. The narration by Mr. Harrison continues to be enthusiastic and enjoyable to listen to. I would recommend this story to others wanting to reconnect with the series.

### **Red Reader says**

This book!! It's hysterically romantic, there's no other way to describe it! I LOVED everything about it. Every.single.thing. But the racoons just full out topped it. I laughed so hard I cried! I'm so happy that Josh and Riley finally got to have their wedding--against all odds, I might add!

### **Tpagirl says**

Story of Love is part of the Bradens Novellas Collection by Melissa Foster. It focused on Josh and Riley's wedding as an update from Friendship on Fire, the third book of the Braden's at Weston, Co.

It was a short and quick but delightful read. I loved the continued bonding within the family. Foster had scenarios that showed the males bonding, the females bonding, individual couple bonding and then all as a family. Foster also included all of the offspring and there were plenty of funny antics from all. Although the storyline's main focus was Josh and Riley's wedding, the underlying theme resonated with the strong family ties.

It was great to catch up with the Weston Braden's and I can't wait to see where Foster takes us next and to continue with more Braden cousins.
