## **Keeping Her Close** Dani Wyatt

Black Rousseau has honored the code and kept his distance from the one thing in this world that means something to him. But things are about to change. Black's just received the blessing he's been waiting for since the moment he set eyes on his boss' daughter.

Growing up in the biker bar her father owned, Roxie Lear dreams of getting out of Hell, Michigan. The only other thing she's always wanted is Black Rousseau. But he treats her like she doesn't exist. Until the day her father goes to prison, that is. And Black lets her know what's been boiling behind his cool indifference all these years.

Will Black's preparations to claim Roxie once and for all be too much for her? Will the darkness inside of him frighten away the only thing in this world he's ever needed?

***Author Note:** This alpha is a little dark and a bit brutal but he cherishes what is his. As always, this story is safe/no cheating with the perfect happy ending. Strap on your wrist cuffs and your safe word, this hot quickie of a smutty read will have you questioning your morals and wiggling in your seat.*

**Elizabeth Neal says**

**\*\*3.5 Stars\*\***

Six years of loving, lusty, craving, denial, and indifference. Wait? Two of these things are not like the others. Let me do a flashback scene...\*cue the music\*

Six years prior, circumstances landed Black in hell, Hell, Michigan, that is, when his car broke down. Black, in all his confidence and possible desperation, made him self an employee of Malcolm's, albeit an unpaid one. But, over a month's time, he more than proved his worth, and loyalty, and is now Malcolm's right-hand man. His biggest reason for staying can be summed up with one name...Roxie. Yes, the boss's daughter, his seventeen-year-old daughter, hence the denial and indifference I mentioned above. Black has oh so slowly bided his time, knowing he couldn't hold out for much longer. When he's given Malcolm's approval, the situation isn't in any way what he imagined.

When Malcolm, having trusted the wrong person, is facing eighteen months for someone else's illegal activities, he entrusts Black with his bar, legally signing it over to him for the duration of his incarceration, and, most important of all, his daughter. Malcolm knows how Black and Roxie feel about one another, he's seen it, even if Black tries to hide it, therefore, he gives his blessing.

Roxie has had a crush on Black since day one, and over the years it's matured and strengthened. Unfortunately, it isn't returned, thus she's resigned herself to move forward and let Black go, emotionally. To do so, she needs to get away and receives the okay from her dad to stay at the cabin while he's gone. She didn't find out until too late that her dad had one condition...Black would be going with her, even if only for two weeks, or so she believes.

Black's patience has finally given out and shortly upon arriving at the cabin, he begins informing Roxie of how things are going to be from now on. Pushy? Maybe, but he senses, he just knows, Roxie wants everything he has to offer her, and, he's right. Both Black and Roxie thoroughly enjoy their time at the cabin, quickly making their union official, before embarking on their HEA.

One-click now and follow along as two people, both containing their feelings for each other for years, finally come together as permission is given, allowing them to break free of the restraints previously binding their love for one another. For those concerned with safety, such as myself, Black did not touch nor even think about another woman in those six years. He was completely devoted to Roxie, and, prior to that was never a manwhore. Bless you, Dani! I did struggle with one thing, see below, but I still enjoyed the book and am glad I read it.

On a purely personal note, I like the premise, the sex is intense, Black is dominant and Roxie is sassy, and I like that both had been celibate as they waited for this moment, one six years in the making. With that being said, however, though this book was everything it was intended to be, I wish we were shown the love Black is supposed to have for Roxie, instead of just the lust, the desire he has to possess her, completely, and how he, essentially, seems to view her as property, a vessel for whatever he wants to do her, not as the love of his life. That bothered me. I like the dominance, but I also like being able to see the love between the two main characters, and I wasn't given the latter here. It's almost as if his only connection, only reason for being with her, is of a sexual nature, as opposed to any sort of emotional one. Sit with her, talk, watch a show together, take a walk and hold hands, anything other than constantly sticking something of yours in her. Treat her as a person, your one, at some point. Then again, Roxie seems to revel in his actions, his \*her word\* brutality,

and yes, to each his own, but it doesn't show me any love other than his to use her body for anything he wishes. Though he does, toward the end, tell Roxie he loves her, and in the epilogue we're given more of it and see the depth of his devotion to her, I just would've preferred to see more of that throughout it.

\*\*I voluntarily read and reviewed an Advanced Reader Copy of this book.\*\*

## **Natalie The Biblioholic says**

Roxie wanted Black with everything she had, but all she got from him was the token consideration, the cold shoulder, and his looks of indifference. Little did she know that Black wanted to **own** her, but kept his distance out of respect for her father, who was not only his business partner, but his dear friend. When Black gets the go ahead though... Nothing was going to stop him from laying his claim on Roxie and showing her the beast she was going to love. *Keeping Her Close* was a short, hot and steamy kind of read. There was no trace of romance to be found, however, if you're looking for some kinky, smutty fckery, then you've definitely come to the right place.

*Release Date:* July 28, 2017

*Genre:* Smut

*POV:* Dual - 1st person

*Heat:* 5 out of 5

*Type:* Standalone

## **Deborah says**

I'm falling behind in my reading challenge so a short book seemed like the perfect plan plus I liked the cover and the blurb.

While it was obvious from the blurb there was going to be a lot of sex in this book once the introductions had been made it was just about all sex, now while I have no issue with lots of hot sex in books I do like balance which I felt I didn't get here.

It also ended at 70% which was earlier than expected.

I have to be honest and say I didn't enjoy this book as much as I thought I would but looking at the reviews I think it's a case of it's me not the book.

I really wanted more at the beginning plus while I'm all in favour of being healthy in real life but I do prefer my fiction men to be a little more badass, I expected Black to be more of a rough hard biker and to find him drinking health smoothies (Hemp seed and pea protein) in a bar just wasn't what I really wanted.

I liked that he was finally going to claim Roxie but again I wanted more at the end I would have preferred the last 30% to be filled with Roxie and Black not 'Just Until Morning'

### **Erin says**

This book gave me a little whiplash... as well as scare the crap out of me...

---

### **Jos says**

3 Stars Ehhhhh

This was just an ok read for me, didn't love it but didn't quite hate it either..... Definitely not my cup of tea but that's ok because for another reader it may be an awesome read!

---

### **Janie says**

This was good but it definitely needed to be longer, the characters fleshed out a bit more, and I wanted to see more of their everyday life together after they got married. But Dani Wyatt is an author that I one click without thought.

---

### **?Tonya? says**

\*\*ARC RECEIVED IN EXCHANGE FOR AN HONEST REVIEW \*\*

Dani Wyatt promised a short and hot read and she delivered. This is a little darker sexually - bondage, discipline etc- but it was safe and very hot.

- no cheating
  - no ow/om drama
  - neither were virgins, but neither were with others after meeting
  - safe
  - steamy sex scenes
  - hero kept heroine at arms length out of respect for her father, biding his time until her father approved but it was prior to the start of the book
  - decent epilogue
- 

### **Mindy Lou's Book Review says**

I do not enjoy the "pet" treatment. I keep trying her books but I think I need to just accept that they just aren't for me.

---

## **Raine says**

### **Not bad**

Its not a bad book, but I don't think it is as much about love and attraction as it is of him trying to dominate her to the point it is almost abusive. I think it pays lip service to say he does it for her because he 'loves her' but I really didn't feel that in this book. Its such a shame because I usually like Dani Wyatt books and feels the MCs have a lot of good chemistry between them.

[Married with children (hide spoiler)]

---

## **Ari Reavis says**

Dnf at.... Don't care enough to go back and look. Just bad. Nope.

---

## **Janice Somers says**

This is a quick, sexy, kinky read and it's a great story.

Black runs The Long Draw bar for the owner, Malcom.

Roxie is the untouchable daughter of Malcom. Roxie has a thing for Black. She has wanted him for the last six years. What she doesn't know is that Black has wanted her for those same six years. Malcom, is going to serve 18 months in prison for tax evasion, thanks to the accountant.

Now Black and Roxie are going to the cabin for 2 weeks and will be going on in the cabin is the story...

This hot, kinky, and you don't want to miss finding out.

## **Christiann Igou says**

4.5 smutty stars! ??NSFW

---

## **Roanne Germaine says**

KEEPING HER CLOSE is an extremely hot novella about Black and his boss' daughter, Roxie. He waited six years for her. He loved her from afar but kept her close. When he finally got her father's blessing, he showed her the intensity of his passion and love for her. The heat level of this book was so off the charts it's an understatement. And from the first page to the last, this quick MFD read was absolute perfection!

I have read an advanced copy of this book and this is a fair and honest review and recommendation voluntarily shared.

---

## **Flaws is Mrs David Gandy♥~♥' says**

I Voluntarily reviewed a copy of this book

This is short novella about Black who just took over the bar from his friend, when he had to go to jail because of tax evasion. So he promises to take care of his friends daughter. The daughter that Black has been in love with since he first saw Roxie.

Roxie has been in love with Black since the moment he walked into her fathers bar. But she thought that Black didn't have any feelings for her. But she's about to find out exactly how Black feels about her.

This is a HOT STEAMY SEXY story about a guy who does everything in his power to show his women all the passion he feels for her. Claiming her as his women!
