## From Reader Review Soccer Shootout for online ebook

### Deonte says

Imagine if you were playing soccer and you are the best goalie on the team and another

---

### Leigh Anne says

Just found this series, and I think it would be great for reluctant readers or early chapter book readers. The best part I have found is that the players learn that winning isn't everything. Being a good teammate and having a positive attitude is more important. Great lesson for all kids.

---

### Franki Sibberson says

A really good sports series--quick read, good storyline, developed characters. A good option for sports readers.

---

### Elijah says

Its about this guy who tryed out for the team and he went to state for his team. He played at a goalie. they have won all games then the championship came. Then the shoot out came that game he saved the last one and won the game. They all screamed.

---

### Kylie says

i like soccor

---

### Rebecca says

Jake Maddox sports series -- Matt Christopher alternative

---

### Kelsie says

I dont play soccer but this was a good book

---

### **Reina says**

This book was really good. I recommend this book to people who like soccer. I think that this book and be improved by adding more detail to the characters and setting.

---

### **Eduardo Rodriguez says**

the book was amazing

---

### **Miguel\_ramirez says**

Have you ever had a problem were your good at a position and then somebody that thinks there better than you takes your spot. If so this character Berk is like you.I liked this book because it has real true things that could happen to anybody.

Berk is a normal kid just doing what likes to do which is to play soccer.\*\*\* spoiler alert\*\*\*Berk plays in the state championship. Berk wins the game,then in next season a new kid that likes being goalkeeper gets the spot\*\*\*. the conflict would be person vs person because berk is trying to beat Ryan for goalkeeper.Berk is competitive person.Ryan is a very good goalie but he not as good as berk. Peter is a boy that likes to play soccer and his favorite position is forward.

I liked this book because the character Berk is very much like me. Berk plays goalie just like me. I liked the way the author tells the story.the author tells the story in a good mood. the author looks like he took his time and wrote the story. I would compare this author to Jeff Kinney because they both have humor and they both are good authors and write good books.

I would rate this book from 1-10 a 10 because it made me feel like i was in the book With Berk. I would recommend this book to people that are fascinated with sports books.Now you know how your like berk,now you know why i liked this book.

---

### **Cornell Poder says**

Eduardo H Berk has always played soccer. He plays with a team name The Titans. He has always played goalie for his team. He was very happy playing soccer until Ryan came to town. he played goalie too and his better then berk. Berk needs to make the coach think that is better to have Berk then Ryan.

---

### **Jordan Drilling says**

I really liked this book, because i like soccer!

---

## **Evelyn says**

I think it about soccer team that wants to win
