Betsy: Northern Grizzlies MC (Book 6) M. Merin

The story is JUST beginning when the Northern Grizzlies' head Girlie becomes an Ol' Lady, much to the surprise of the man who had brought her into the clubhouse years ago.

Betsy

The Vice President of the Northern Grizzlies brought me into the club to be one of their Girlies and I would have followed him anywhere. Instead, I had to find a way to make the clubhouse my home without whoring myself out and as time went on, I got over Vice.

While I had been wasting time with him, there was another man – watching me from the wings and waiting for me.

Our time has finally come, I find myself pinching myself and daring to hope that everything I've ever wanted is within reach.

Russian

Club whores never did it for me and I don't know what it was about her that caught my eye. Her shyness and backbone were definitely a different combination around the clubhouse. I soon found myself searching the bar until I saw her but waited until I saw her giving up on Vice.

Giving her the family she dreams of comes with some hurdles, including eluding my father.

Readers: This is a HEA book on the shorter side – about 42,000 words. Is it perfect? Nope! You just may find a handful of minor errors, but I hope you'll enjoy catching up with characters from previous books and learning more about how/why Betsy ended up with Russian instead of Vice!

Wow

This like all the other books in the series was just as amazing. I have been waiting for Betsy's story and wow mind blown Russian was the perfect man for her and the crazy twists that went down in the end really made me think differently some characters I judge .

Melody Green says

Love me a Russian!!

I love this series and was excited to read Betsy's story makes me want to reread the whole series again! Didn't really see this coming but what a twist. Never know how things will end up. This story carries true to the characters and story lines being so strong. How can anyone not love a close and crazy MC with growly alpha males and strong ol ladies! Yep even the steamy parts are shower hot!! I do however NEED Shades story like yesterday!!!

Janet says

This KU read! You will want Betsy to be your Bff and fall in love with Russian.

I always liked Betsy now I freaking love her. You find out her backstory and you just want to stand on the sidelines and clap and cheer for her. Add Russian's sweetness and his backstory...and you have one helluva good book. This book has it all and hits all the feels. I laughed, cried, screamed and grieved over and over again.

M. Marin hit this one out of the park.

Liked it but didn't love it.....

I liked Betsy and Russian but I never really connected w/them like I did the last two books....

I absolutely LOVE a good menage where all the romantic and sexual interest revolves around the woman..... lol ?,how awesome would that be ? I'd love to find out.. and while I'm beyond sick and tired of the whole young virgin and the "man hoe" kinda trope,I loved Connal and Charlie and Jake getting together and though Tabby got on my last nerve more then one (Tabby= wha an angry spitting kitten she was at times) but I loved watching her and Mike Micheals getting together they had a great chemistry and were fun to watch... But Russian and Betsy ? Their relationship seemed to start off camera, with bits and pieces slipping to us un books past,that was ok kinda like Riley and Gunner... and that's ok, but unlike Gunner and Riley we weren't really treated to the beginning of their story, we don't get to see how it first began ,and we NEVER to get to fund out why Russian/Artem is soo obsessed w/shower sex / shower fantasies

With Gunner and Riley we get to actually see the first time they met,we get that beautiful moment when a man sees/ meets a young woman at one of her lowest moments, a moment where her world ?? feels like it's caving in on her and he says she's it,she's the one for me..... Wow, ? just wow.... that was. Beautiful moment for me I mean to think your future love ? sees you brought low and breaking down and their first is I want her ,your just sitting there feeling low looking the person thinking what a mess you are,and their looking just seeing your strength and beauty... Wow, we all need some of that... I know I do... but here we don't get that, here these two seen Ti have started working towards something together years back that much like the secrets about Russians shower fantasies we are never privy to and maybe that's why I never felt connected to these two , because it felt like I was coming in late to a movie that had already started and I failed to connect because I /we don't get to be there and grow w/the very beginning? Or maybe they just weren't for me,though either way I really wish I could have witnessed their true beginning

Love these two or not, it was wonderful to be back with my Northern Grizzlies again ,a twist I totally didn't see coming,a loss I didn't expect at all,I'd thought their book would be next...

Soo I did get a surprise ,just not a good one...

Was also hoping maybe we might get a book where we get to see how Wrench and Amy came together, I mean this isn't the end but Well things aren't going where I'd hoped...

O, well I love ? this series and I look forward to where ever the writer wants to take us...

Good book,decent story just not my fave...

Thank you ...

Wow!!

Russian and Betsy finally cement their relationship and make their claim to each other. This is an emotional story about their love and the Grizzlies who support them. I had tears of joy for them and tears of sorry for Vice that he did not get his happily ever after. What a loving and selfless last gesture he made so that Betsy would have the life she deserved. I am wrecked after reading this book but I look forward to the next chapter of the Grizzlies. I will be sad to see this series end. These characters have embedded themselves in my heart forever!!

Amy Price says

An amazing read difficult to put book down..

The author is an amazing writer who deffently has a way with words. The books are so good and they become as if I knew them and wanted know what's next never wanted it to stop .

Joanna McAfee says

Unexpected pleasure

I honestly didn't expect Betsy to be more than a novella but I'm so happy I was wrong! After reading the book I realized what a key role she has in the MC and that she's deserving of her own story. Russian is a wonderful hero and the twists make the story gripping. This series just keeps getting better!

Fabiola Cadet-Destil says

So Worth It!

Oh how I miss the Grizzlies! I've been waiting on Russian and Betsy's story for a while, and let me tell you M. Merin did not disappoint me at all, great love story, giving it 5 stars.

Stephanie Bedwell says

I absolutely LOVE this series!!
Betsy and Russians story is excellent!
Can't wait for Shades story!

SPOILER ALERT

I was really looking forward to reading Vices story. It would have been funny seeing him 'taken down' by a special someone.

LaToya Toney says

Wow

I have been excited to get Betsy's complete story since Charlie and I wasn't disappointed. Man I enjoyed this book so much. I'm glad that Russian made Betsy an Ol Lady. I can't imagine being in her situation and pining after Vice for so long. I was proud when he stepped up for Russian. He put someone else's happiness above his own. Loved this book and can't wait to read Shade's story

Karen says

Delightful characters!! I loved Betsy and Artem (Russian). Betsy was resourceful and hard-working. If it hadn't been for her upbringing she'd be college/career oriented. She had a horrible upbringing and it didn't look promising to be brought back as a motorcycle club whore except for two of the fellows falling for her because she was clean and active in participating for benefit of the club.

This story was MC with some gritty moments but the love story overshadowed it all. Russian had "book boyfriend" going on!!

I loved the cover photo. It's just right!!
